

» CAREER TRAINING

The following classes are offered through in-person, remote (Zoom), or online instruction. Registered participants will receive location or access information by email within 24-hours before a class begins. For updated class offerings, refund policy, or to register, visit www.mchenry.edu/careertraining or call (815) 455-8588.

CONSTRUCTION/FLAGGER

Flagger Certification

The National Safety Council (NSC) Work Zone Flagger Program incorporates classroom instruction, hands-on training and a flagging skills test to teach roadway personnel how to minimize confusion with standard flagging procedures and provide safe passage of traffic through and around Temporary Traffic Control Work Zones. This four-hour NSC Certification program meets federal industry guidelines and includes a manual on Uniform Traffic Control Devices. This certificate is valid for three years. Participants will learn: • Key flagging procedures • Critical do's and don'ts for flaggers • How to maintain safety for themselves, roadway users, and their crew

Fee: \$150

ServSafe® Food Protection Manager Certification—Spanish

All food service operations that prepare and serve food are required to have a certified food safety manager on the premises when food is being handled. This course, taught in Spanish, covers all critical principles including personal hygiene, cross-contamination, time and temperature, receiving and storage, food safety management systems, training, cleaning, and sanitizing. This 8-hour ServSafe course and exam (an ANSI-CFPM accredited provider) meets the Illinois Department of Public Health requirements. The ServSafe Manager Certification verifies that a manager/person in charge has sufficient food safety knowledge to protect the public from a foodborne illness. The certification is valid for five years. You must arrive promptly by 8 a.m. Spanish language book is included in class fee. Bring photo ID to class.

Fee: \$189

PROFESSIONAL HEALTHCARE

Phlebotomy Technician CPT

A Phlebotomy Technician Certification (CPT) will give you the credentials you need to set yourself apart from other applicants as you embark on a rewarding healthcare career. This course consists of 60 classroom and lab hours in which you'll be required to complete a minimum of 30 venipunctures and 10 capillary sticks (must be able to find volunteers—friends, family, etc.). After successful completion of the course, you'll be prepared to take the National Health Careers (NHA) certification exam. The cost of the course includes books, materials, and the cost of the NHA certification exam. Students will both administer and receive venipunctures and capillary sticks. *This course has immunization and physical screening requirements that must be met before the start of the course. Please contact careertraining@mchenry.edu prior to enrolling for details.

NEW! Pharmacy Technician

The Professional Pharmacy Technician Training is a 96-hour course designed to teach students the fundamentals and particulars of being a pharmacy technician. The program is geared towards a variety of students including those interested in becoming pharmacy students, or those with a healthcare background looking to strengthen their current skills. The class introduces students to various pharmacy practice settings and covers drug classes, basic physiology, drug interactions and daily pharmacy operations. This program trains individuals to effectively assist in pharmaceutical preparations and complete daily required tasks in any pharmacy environment, although on-the-job training is still a part of pharmacy training. This course prepares students to sit for the NHA (National Healthcareer Association) ExCPT exam.

EKG Technician

You'll study basic to advanced concepts in EKG. These concepts include the basic cardiac anatomy and physiology, proper lead placement for a 5- and 12- lead, technical aspects of the EKG machine and how to calculate heart rate, how to interpret a rhythm strip, and several advanced concepts working with the 12-lead EKG machines. You'll also learn how to prep a patient for EKG monitoring and troubleshooting EKG artifacts. This training will allow you to assist the physician with diagnosing myocardial infarction, cardiac arrhythmias, and heart rhythm irregularities. EKG machines are used in physicians' offices, hospitals, clinics, and other healthcare facilities. The fee for this class includes all books, materials, and the cost of the initial certification exam to be taken at the end of class. Asynchronous work to take place on-line (recorded zoom lectures, quizzes, and assignments)

REAL ESTATE/HOME INSPECTION

Home Inspection Pre-Licensing Course

To become an Illinois-licensed home inspector, you must successfully complete an approved pre-licensing course (including five field inspection events); pass the Illinois Home Inspector License Exam; and submit the application and fee to the state. MCC is an Illinois-approved Pre-License School for Home Inspectors and this is an Illinois-approved pre-license course. This course covers the major elements of home inspection to help prepare you for the state certification exam. Successful completion of this 60-hour course, along with the five mandatory inspection events, is required to sit for the Illinois State Exam. Field inspection events may be offered as a part of this course (subject to availability), and will take place outside of class hours. You are responsible for your own transportation to and from the inspection event sites, and may be required to complete additional inspections outside of this course in order to meet the state licensure requirements. Topics covered include: exteriors, interiors, roofing, plumbing, electrical, HVAC, structural, misc. appliances, laws, and standards of practice. If you have had a felony conviction, you will need to contact the Illinois Department of Financial and Professional Regulation (IDFPR) at (217) 785-0800 to see if you will be eligible to sit for the exam. IDFPR requires students be at least 21 years old to take the licensure exam.

Real Estate Broker Pre-Licensing Series

This blended-home study course satisfies the 90 hours of instruction required by the Illinois Department of Financial and Professional Regulation to become a Real Estate Broker (75 hours from Broker Pre-License Topics section; 15 hours from Broker Pre-License Applied Estate Principles section). Study the broad field of real estate with an emphasis on license law, real property, agency structure, buyer and seller relationships, and counseling. We'll also explore Illinois law, Federal law, marketing and advertising, market analysis and appraisal, financing, contract knowledge, independent contractor/employee agreements, and occupational disciplines. We'll cover role play, case study examples, demonstration examples, and "what if" situational examples in areas such as listing presentation, agreement and disclosure, writing purchase agreements, market analysis, seller net sheets, confronting fair housing violations (seller or buyer), distressed property issues, antitrust scenarios, and inspection/repair issues.

Freight Broker Training

Become part of the exciting trucking, freight logistics, and transportation industries as a licensed freight broker or as a freight broker agent. Freight broker training will help you learn the skills you need to be a successful Freight Broker/Agent. From licensing and operations to sales and marketing, you'll learn the basics of how to run a domestic freight brokerage or agency in the United States. Freight brokerage is a growing, service-based industry. As a freight agent or broker, you connect shippers and manufacturers with transportation companies and manage those shipments. Entrepreneur magazine has rated the freight brokerage business as one of the top home-based businesses to own, and a Wall Street Journal article cited freight brokering and logistics as the largest growing sector of the transportation industry. Written by freight brokerage specialists, this freight broker course will provide you with the knowledge and resources needed to break into the shipping industry. From transportation law, contracts, and insurance, to setting up and running your own business, this is the best online freight broker training available.

VETERINARY

Veterinary Assistant

Veterinary assistants have been identified by the U.S. Department of Labor as one of the fastest-growing professions. Vet assistants work with veterinarians in private practice, animal shelters, animal control facilities, pet stores, kennels, and veterinary drug companies. Working with veterinarians and veterinarian technicians, they help provide medical care to sick and injured animals. This course includes 150 hours of classroom instruction and 100 hours of mandatory clinical externship. Times of clinical externships will vary based on availability and hours of the clinical sites. Students in this course will be expected to set up their own externship hours with an approved veterinary clinic. Please contact Career Training office at (815) 479-7879 or careertraining@mchenry.edu with any questions prior to enrolling. Successful completion of the class includes successful completion of the clinical.
