

High School Art Faculty Exhibit

October 16 – December 6, 2018

Epping Gallery & artspace144

MCC has hosted the annual Fox Valley Conference High School Student Art Show for many years, and that exhibit will take place again in April 2019, featuring the artwork of students from 14 of the area's high schools. Teachers who instruct and inspire those students are artists themselves who utilize a wide variety of media, techniques, and styles both in the classroom and in their own art studios. The MCC Art Galleries and MCC Art Department have an ongoing educational partnership with the High School Art teachers that is valued and constructive, and rooted in common interests and objectives. A commitment to expanding outreach efforts led to extending an invitation to all art teachers from local high schools to participate in an exhibit of their own work. In the first High School Art Faculty Exhibit, 17 teachers are exhibiting work in *Epping Gallery* and *artspace144*. There will be a reception for the teachers on Thursday, December 6, 2018, 5-7 pm at Epping Gallery. Please join us.
