MCC and MSOE Rader School of Business have entered into a Program Articulation Agreement between several applied science degrees and the BS in Management degree. The agreement allows for MCC students, who meet admission criteria and complete course requirements detailed in the agreement, to enter MSOE Rader School of Business with junior standing. This planning guide applies to MCC's AAS in Accounting degree.

The MSOE BS in Management degree is meant to help students develop a comprehensive knowledge, demonstrable skills, and an appreciation of the disciplines associated with decision-making and management within a business enterprise. It is designed for anyone considering a career change or for those who may have found their career path limited by the lack of a formal degree. Students extend their competencies in a specialized field by choosing a concentration in: Business Administration, Financial Management, Information Systems, Marketing Management, or Operations.

**Admission Notes**
- Students are admitted to MSOE Rader School of Business through the Enrollment Management Office. For transfer student and online application information, refer to web site: [www.msoe.edu/admission/transfer](http://www.msoe.edu/admission/transfer)
- A McHenry County College graduate receiving an AAS in Accounting and meeting the following criteria will be admitted to MSOE’s BS in Management program with junior status:
  - all courses in the associate degree program successfully completed with a grade of C or better;
  - all other specified or core courses on this planning guide successfully completed with a grade of C or better;
  - cumulative GPA of 2.75 or greater for full acceptance or cumulative GPA of 2.50 to 2.75 for acceptance on probationary status.

**Additional Information**
- The MSOE residency requirement is 101 quarter hours. (Equivalent semester hours are approximately 67.) This is the number of credits that must be completed through MSOE.
- Below is a list of required MSOE core courses. Even though there is an MCC equivalent for each core course, it may be to your advantage to complete some core courses through MSOE in order to meet the residency requirement. The following page illustrates how core courses can be incorporated into the AAS degree in Accounting.

October 2006
Recommended Plan
AAS Accounting to BS in Management

The plan below includes course options that will allow you to complete the BSM degree in about 101 additional quarter hours. It is important to work with an MCC and an MSOE advisor.

Courses satisfying specific MSOE requirements are noted in **bold** print.

### McHenry County College
**Associate in Applied Science in Accounting**

| TOTAL DEGREE CREDITS   | 61 – 62       |  

Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should check with an MCC advisor and the four-year school prior to transfer or as soon as the transfer decision is made. Responsibility for complying with all applicable requirements ultimately rests with the student.
