Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

The College of Business includes the Departments of Accountancy, Business Administration, and Finance. Each of these departments offers curricula leading to Bachelor of Science degrees. **Please note that admission is competitive and curriculum space is limited. Meeting the following minimum criteria does not guarantee admission.**

Following is a summary of **APPLICATION PROCEDURES & ADMISSION CRITERIA** - For detailed and most up-to-date information, please refer to the following web site: <http://admissions.illinois.edu/apply/requirements.html>

APPLICATION PROCEDURES

- **Application Filing Period** – Fall: Sept 1 – March 1 (notification by mid-April). Transfer students are admitted fall term only.
 - After these dates, applications are considered on a space-available basis.
 - If applying as an incoming sophomore transfer for Fall 2012 admission, application after completion of Fall 2011 courses is recommended.
 - Applying online is encouraged.
- **Applicants apply to one specific program.** Students can indicate a 2nd choice major. This allows students a greater opportunity to be admitted, especially when the first choice is highly competitive, such as programs in the College of Business.

ADMISSION INFORMATION

- Admission is extremely competitive. The College of Business uses a holistic review process. Grades are important, but leadership qualities, community involvement, volunteerism, work experiences, communication skills, and essays also play a major part in the admission process. Transfer students are admitted on a space available basis.
- Transfer students with 24-50+ semester hours of transferable coursework are considered for admission.
 - **Junior-level transfers** (60 transferable credits) are evaluated based on transfer credit, transfer GPA, and application essays. High school grades and standardized test scores are *not* considered in application decisions for junior transfers.
 - **Sophomore-level transfers** (30 – 59 transferable credits) are evaluated based on courses and grades in college, high school academics, and application essays. ACT/SAT results are not required of applicants with 30 or more graded transferable hours, but it is recommended that they be submitted. Transfer admission preference is given to students who would have been admitted as freshmen.
 - If transfer students have completed or have in progress at the time of application 6 or more semesters of college coursework or 90+ semester hours of transferable coursework, transfer applicants are subject to review based on available space. Admission preference is given to students who can complete the program in no more than 9 total semesters of college (includes semesters at community college, excluding summer sessions).

- **Dual credit** is accepted for transfer applicants if the coursework is on a college transcript and the coursework is transferable. A transferable college course taken by a high school student will be awarded credit at the University and the grade will be included in the transfer grade point average.
- **Minimum GPA** is 3.0. The range for admitted Fall 2010 applicants was 3.13 – 4.00, with 3.8 being the average.
- **Admission GPA is calculated** on the basis of all **transferable courses** attempted for which grades are assigned and for which grade-point values can be determined. When a course is repeated, the grade point average is computed using both grades and all hours for the course.
- **Foreign language admission requirement** - 3 years of one foreign language in high school or through second level in college prior to term of entry. It is **strongly** recommended that students complete the foreign language graduation requirement prior to transferring: 4 years of the same language in high school or 4 semesters at the college level.
- **Prerequisite Coursework** - Transfer applicants must have successfully completed the courses and requirements listed below by the end of the spring semester prior to fall entry. Required hours and courses must be completed or in progress by the term of application. Applicants will not be permitted to complete admission hours or course requirements during the summer prior to enrollment.

Additional Information

- Students are required to complete 60 semester hours at a four-year institution, 40 semester hours of which must be in upper-level coursework.
- Completion of the following courses prior to transfer is **highly recommended**: SPE151, MAT220, PSY151

Recommended Courses

The following is a recommended program for students who plan to complete the AS degree at McHenry County College and then transfer to a UIUC College of Business program. Completion of this coursework will satisfy the following:

- Requirements for MCC’s AS degree
- UIUC general education requirements, with the exception of Advanced Composition, foreign language, Quantitative Reasoning 2 (CIS117 will satisfy Quantitative Reasoning 2)
- UIUC admission course requirements

* The following courses satisfy UIUC’s Western/Comparative Cultures and Non-Western/US Minority Cultures requirements. UIUC graduation requirements include 1 course from each. To satisfy the requirement, select courses that also will satisfy Humanities, Fine Arts, or Intercultural Studies requirements listed above.

Western/Comparative Culture(s): Select one course: ENG253, 254, 255, 256, 260, 261, 271; HIS131, 132, 170, 172

Non-Western/US Minority Culture(s): Select one course: ART155, 165; ENG276; GEG203; HIS165; MUS153; PHI160, 261; PLT281

**MAT220 is not an admissions requirement but is highly recommended prior to transfer, especially for accounting students. Accounting students should complete MAT220 prior to transferring and then apply for summer before fall entry to complete Economic Statistics II at UIUC. This will allow them to begin the 300-level sequence in the fall.

***Based on MCC assessment exam. Some students may be exempt (MAT161 or 165 prereq for MAT171; MAT165 prereq for MAT175).
