

Nursing Education Planning Guide

The following guide was developed to assist individuals with their understanding of the various pathways related to the complex field of nursing education. It is hoped that this guide will address relevant questions and can be used by the nursing student for the purposes of setting goals and making future plans. Since there are many points of entry into the nursing profession, advisors and recruiters at MCC can help students to determine how they can meet their educational and career goals.

Individuals interested in the Registered Nursing Program at MCC should see either a Recruiter (if they have never applied to MCC) or an Advisor (if they are current MCC students). Recruiters are located in Building A, room 254A and Advisors are located in Building A, room 262. It is suggested that appointments be made with Recruiters by calling (815) 455-8696 or with Advisors by calling (815) 479-7565.
