Welding Boot Camp and Advanced Welding

Welding is an ideal profession for people who love to work with their hands. Welders work in a variety of environments, both indoors and out, using heat to melt and fuse metal for a common bond. If you're a physical person with an eye for detail and the ability to concentrate, consider a rewarding career in welding. Many of the products we use today involve welding, so your opportunities in the welding industry are endless.

Welding Boot Camp

Course Code #	Day	Date	Time
NWL C01 025	MW	9/18–10/25	6–9:20 p.m.
NWL C01 026	TTh	9/19–10/26	6–9:20 p.m.
NWL C01 027	S	9/23–11/11	8 a.m.–1 p.m.
NWL C01 028	MW	10/30–12/11	6–9:20 p.m.

Advanced Welding

Course Code #	Day	Date	Time
NWL C02 016	TTh	11/7–11/28	6–9:20 p.m.
NWL C02 017	S	11/18–12/16	8 a.m.–1 p.m.

NEW! Welding Practical Application

The welding practical application class will allow you to use the welding techniques you learned in the MCC welding program. The use of other tools used in fabrication and repair of simple items will be discussed and used in class to construct a metal chair. Each student will build a chair that can be taken home. All tools, supplies and protective gear are provided for you during class. You must wear long pants, a long-sleeved shirt, and work boots. Prerequisite: MCC Welding Boot Camp and Advanced Welding.

Course Code #	Day	Date	Time
NWL C09 001	S	11/11–11/18	1:30–5:30 p.m.
