

Sample Education Plan Associate in Arts (AA) Area of Focus: Criminal Justice

Please note that the AA degree is not awarded in a specific major or focus area.

This is a SAMPLE plan to help guide you toward courses relevant to your interests while you are deciding on a transfer institution. Suggested courses are based on requirements of several four-year institutions and the Illinois Articulation Initiative (IAI) Criminal Justice Panel. Please note that requirements vary among four-year colleges and universities. It is important to check early with your transfer school and academic advisor to ensure you are taking appropriate courses and meeting all requirements. You will find transfer guides for specific universities on MCC's website:

www.mchenry.edu/transfer.

AA Degree Requirements: Area of Focus—Criminal Justice

Students are encouraged to complete an AA degree prior to transfer. A minimum of 60 credits is required for transfer as a junior into a bachelor's degree criminal justice program.

Please refer to MCC's AA degree planning sheet in the current academic catalog for specific degree requirements and course options.

Transfer Notes

Criminal Justice is the study of the criminal justice system: law enforcement, courts, and corrections. Bachelor's degree graduates in criminal justice find employment in a wide range of professions: law enforcement officer, probation, parole, corrections, and social services.

Admission and specific course requirements vary among four-year institutions. Criminal justice majors may have the choice of earning a Bachelor of Arts (BA) or a Bachelor of Science (BS) degree, depending on the school they attend. Some schools require additional math and science coursework for the BS degree. Competency through the second, third, or fourth semester of a single foreign language may be required for the BA degree in some schools and for all majors in the College of Arts and Sciences at other schools. Ask about the language requirement of the schools you are considering, and complete the required foreign language courses before transfer. In some cases, two years of foreign language study in high school will substitute for two semesters in college.

MCC also offers the Associate in Applied Science (AAS) in Criminal Justice. The AAS is designed to provide skills and knowledge in a specific field to prepare students for immediate employment or to upgrade current employment status, not for transfer to a four-year school. Though the AAS degree is designed for immediate employment, MCC has partnership agreements with specific four-year schools that provide transfer opportunities.
