1. Looking back at the 2020 bid, it was for a 3 year term. Is there a reason it ended prematurely and there is a request for additional proposals this year? **The College decided to rebid. Anyone can bid.**
2. On the labor estimate sheet, line items 11,12,13 all reference irrigation, however on the APPA grounds description irrigation is listed as non-applicable. Can you clarify if this service will be required or not? **Irrigation system is located in the plaza area near the B Building entrance. Dual zone system.**
3. Also, on the labor estimate sheet line item 9 says shrub shaping, however on the APPA grounds description it is listed as non-applicable. Can you clarify if this service is required and how specifically you define "Shrub Shaping?" **See section "TREE & SHRUB MAINTENANCE"**
4. Mulch is listed in your scope of work, but I do not see any specifications as to type of mulch or quantity of yards relative to each site. Should a specific line item have been added to the labor estimate sheet to convey hours required for mulch application? **See section "MULCH"**
