

Bid Title	Coordinate Measuring Machine
Bid #	RFP#03142025_05
Question	<p>Hello Tom,</p> <ol style="list-style-type: none"> 1. XXXX has a similar solution that adheres to your requirements. Are you willing to accept substitutions? 2. XXXX offers a large variety of VMM/CMM systems. Is touch probe a critical feature or just the need for 3D measurements? 3. XXXX can offer our QV Active (CNC) Series with TP20 Touch Probe. It does although measure in full 3D without the use of a touch probe. It is available in two stage sizes, a (X) 200mm x (Y) 200mm x (Z) 150mm, and a (X) 400mm x (Y) 400mm x (Z) 200mm. Is there a preference in stage size for this proposal? <p>Thank you for your consideration, we look forward to hearing from you!</p>
Answer	<p>Thank you for your inquiry regarding the MCC request for proposal.</p> <p>We are not accepting substitutions on this equipment.</p> <p>Again, thanks for your inquiry and interest.</p> <p>Tom</p>
