The AQIP Categories and the Criteria for Accreditation: locations for evidence

The Higher Learning Commission *Criteria for Accreditation* were revised, effective January 1, 2013, to state the following expectations for all institutions that the Commission accredits:

Criterion One: Mission. The institution’s mission is clear and articulated publicly; it guides the institution’s operations.

Criterion Two: Ethics and Responsible Conduct. The institution fulfills its mission ethically and responsibly.

Criterion Three: Teaching and Learning–Quality, Resources, and Support. The institution provides high quality education, wherever and however its offerings are delivered.

Criterion Four: Teaching and Learning– Evaluation and Improvement. The institution demonstrates responsibility for the quality of its educational programs, learning environment, and support services and evaluates their effectiveness for student learning through processes designed to promote continuous improvement.

Criterion Five: Resources, Planning, and Institutional Effectiveness. The institution’s resources, structures, and processes are sufficient to fulfill its mission, improve the quality of its educational offerings, and respond to future challenges and opportunities. The institution plans for the future.

Each Criterion is further delineated and detailed by the expression of Core Components; to meet a Criterion, an institution must meet all of the Core Components that it includes. The listing of AQIP Categories that follows indicates where, in its responses to P(rocess) questions in its Systems Portfolio, an institution should present the evidence that it meets each Core Component. In reviewing how effectively an institution has amassed the evidence it fulfills the *Criteria for Accreditation*, AQIP Systems Appraisers will center their attention on these specific locations.

Systems Portfolio Style

- Your Systems Portfolio can be no longer than 125 pages (with no pictures, or white space). If your Portfolio contains flowcharts or tables, count each as using up the words it would displace.
- Do not expect AQIP to appraise a Portfolio that exceeds 125 pages. (The 125-page limit includes the Institutional Overview).
- Fonts should be easy to read (Times or Arial), and sized at a minimum of 11 points.
- Footers with the page number and Category, and Headers with the organization's name and current date (month & year) should be included.
- All tables and graphics should be labeled, easy to read and the data clearly marked; text should refer to tables by their labels.
- Use a single voice — “we,” or “the University”; avoid passives.
- Be brief, succinct and direct.
- Check spelling and grammar.

Web-based

If a Systems Portfolio (using MnSCU's eFolio or another platform) is web-based, you must provide AQIP with a 125-page PDF version as well as a link to the online version.
