BOARD OF TRUSTEES MCHENRY COUNTY COLLEGE DISTRICT #528

AGENDA

Thursday, January 30, 2025 Regular Board of Trustees Meeting 6:00pm MCC Board Room, A217 8900 U.S. Highway 14 Crystal Lake, IL 60012

1. CALL TO ORDER

- 1. ROLL CALL
- 2. PLEDGE OF ALLEGIANCE
- 3. COLLEGE MISSION STATEMENT
- 4. ACCEPTANCE OF AGENDA
- 5. ACCEPTANCE OF MINUTES: Regular Board of Trustees Meeting, November 21, 2024
- 6. OPEN FOR RECOGNITION OF VISITORS

Three (3) minutes per person or less.

- 7. PRESIDENT'S REPORT: Dr. Clinton Gabbard
- 8. PRESENTATION
 - A. Refinancing of the 2017 Debt Certificates, Ms. Tammie Schallmo, PMA
- 9. COMMUNICATIONS
 - A. Faculty Report: Ms. Sarah Sullivan
 - B. Adjunct Faculty Report: Mr. Matt Hamater
 - C. Staff Council Report: Mr. David Behrens
 - D. Student Trustee Report: Ms. Adonia Fulk
 - E. Attorney Report
- 10. APPROVAL OF CONSENT AGENDA

For Approval

- A. Executive Summary and Financial Statements
 - 1. Executive Summary, Board Report #25-01
 - 2. Treasurer's Report, Board Report #25-02
 - 3. Ratification for Accounts Payable December Check Register, Board Report #25-03
 - 4. Ratification for Accounts Payable November Check Register, Board Report #25-04
- B. Request to Approve/Implement/Lease/Purchase/Renew/Replace/Upgrade
 - 1. Support/Services for Cloud-Based MCC Store POS-AMENDED, Board Report #21-80
 - 2. Minimum Qualifications for Full-Time Faculty 2025-2026-AMENDED, Board Report #21-170
 - 3. Foglia CATI HVAC Equipment and Supplies Johnstone, Board Report #25-05
- C. Personnel
 - 1. Extension of Employee's Separation Date, Board Report #25-06
 - 2. New Faculty Appointment, Board Report #25-07
- 11. ACTION ON ITEMS REMOVED FROM CONSENT AGENDA
- 12. HEALTHCARE EQUIPMENT FROM PHILLIPS HEALTHCARE, Board Report #25-08
- 13. APPROVAL OF COURSE FEES FOR FY 2025, Board Report #25-09
- 14. FOR INFORMATION
 - A. New Employees
 - B. Friends of McHenry County College Foundation Update
 - C. Grants Office Update

- D. Office of Marketing and Public Relations Update
- E. Sustainability Update
- F. Center for Agrarian Learning
- G. Workforce Development Update

15. FUTURE AGENDA ITEMS/SUMMARY COMMENTS BY BOARD MEMBERS

16. CLOSED SESSION

- A. 120/2(c), Exception #21, Review of Closed Session Minutes
- B. Other matters as pertain to the exceptions of the Open Meetings Act
- 17. ACCEPTANCE OF CLOSED SESSION MINUTES: Regular Board Meeting of November 21, 2024.

18. ADJOURNMENT

some toba

Suzanne Hoban Chair

Student Trustee Report

Information

Finals Week

The staff really came together to make Fall Finals Week as stress free and successful as possible for the students. On December 9-11, there was a hot chocolate bar, as well as planetarium meditation events held, and on December 16, the staff was trained in mental health first aid to further support students during the stressful week of finals. Overall finals week was a great success, and I feel that these services went a long way toward helping students succeed; we are all appreciative of the continued support.

Student Government

In December, MCC Student Government gathered together to give back to the community. We gladly chose to support the elderly through decorating holiday cards that we hand wrote greetings and good wishes in. Those were delivered to bring joy to those who need to be remembered the most.

Getting Spring Started

On this first very cold day of the spring semester, bundled-up students are all abuzz as they begin their first day back. To help students get started, there will be another hot chocolate bar, a lounge event that will connect students with resources and each other, and a "show me your apps" event to make sure that students have the apps that will help them on their journey here at the College.

The next Treats with Trustees will be in February, and I look forward to talking with students to gauge how things are going and to help continue to connect them with resources that will help them achieve their goals.

Board Report #25-01 January 30, 2025

Executive Summary

Information

Attached is the Executive Summary of financial information with year-to-date results for FY 2025 through the month of December.

Recommendation

It is recommended that the Board of Trustees accepts the Executive Summary as presented.

BAR

Clinton E. Gabbard President

Executive Summary

Fiscal Year 2025 is currently 50.1% complete with the year-to-date results ending December 31, 2024 being reported. In the Operating Funds, total revenue is 39.8% of budget, as compared with 38.9% at the same time last year. Total expenditures are 36.1% of budget, as compared with 33.3% of budget at the same time last year. The Operating Funds include both the Education Fund and the Operations and Maintenance Fund, and together comprise most of the instruction and instructional support activities of the College. The following items relate to the Operating Funds (Fund 01 and Fund 02) as a whole:

Revenue

- Local governmental is 49.6% of budget and down \$155,051 (-1.1%) from last year at this time. FY 2025 revenue is \$14,234,682 vs. FY 2024 revenue of \$14,389,732. For FY 2025, this revenue is derived from 50% of the 2023 tax levy (as approved by the Board in November 2023) and 50% of the 2024 tax levy (as approved by the Board in November 2024).
- <u>State government</u> is 49.0% of budget and up \$2,324,312 (47.4%) from last year at this time. FY 2025 revenue is \$7,226,526 vs. FY 2024 revenue of \$4,902,214.
- <u>Federal government</u> is 0.0% of budget and even \$0 (0%) from last year at this time. FY 2025 revenue is \$0 vs. FY 2024 revenue of 0.
- <u>Student tuition and fees</u> is 64.1% of budget and up \$670,928 (7.6%) from last year at this time. FY 2025 revenue is \$9,513,229 vs. FY 2024 revenue of \$8,842,301. Budgeted tuition and fees revenue is calculated based on a calculated net billable credit hours and not total reported credit hours, which includes dual credit. Dual credit only generates tuition revenue if these classes are held on campus with our instructors.
- <u>Sales and service fee</u> is 53.2% of budget and up \$32,127 (45.3%) from last year at this time. FY 2025 revenue is \$102,984 vs. FY 2024 revenue of \$70,857. Activity in this area is comprised primarily from the Kids and College, Fitness Center, Horticulture Sales, and Sweet Scots.
- <u>Facilities</u> is 81.0% of budget and even \$0 (0.0%) from last year at this time. FY 2025 revenue is \$15,366 vs. FY 2024 revenue of \$15,366. Revenue in this category is comprised of the leasing of the land owned by the College to the radio station and as farmland.
- <u>Investment</u> is 132.8% of budget and down \$167,183 (-21.7%) from last year at this time. FY 2025 revenue is \$604,386 vs. FY 2024 revenue of \$771,570.
- <u>Nongovernmental gifts, scholarships, grants & bequests</u> is 86.3% of budget and down \$3,999 (-29.6%) from last year at this time. FY 2025 revenue is \$9,488 vs. FY 2024 revenue of \$13,486. Activity is due to contributions from the Foundation for faculty requested needs (travel, software, etc.).
- <u>Other</u> is 11.2% of budget and up \$59,170 (1.9%) from last year at this time. FY 2025 revenue is \$3,208,105 vs. FY 2024 revenue of \$3,148,935. The main items in this category consists largely of Employee Health Insurance Contributions, which account for \$3,158,255, Retiree Health contributions, which account for \$625, Other Misc. Income, which account for \$18,191 with the remaining balance being made up of smaller accounts such as NSF charges, assorted fines, fees, and miscellaneous income all of which total 31,034. The large variance to budget is the result of the "On-Behalf Payment" for the employer's pension contribution for employees made by the State. For FY 2024 that "On-Behalf Payment" was \$11,055,180.

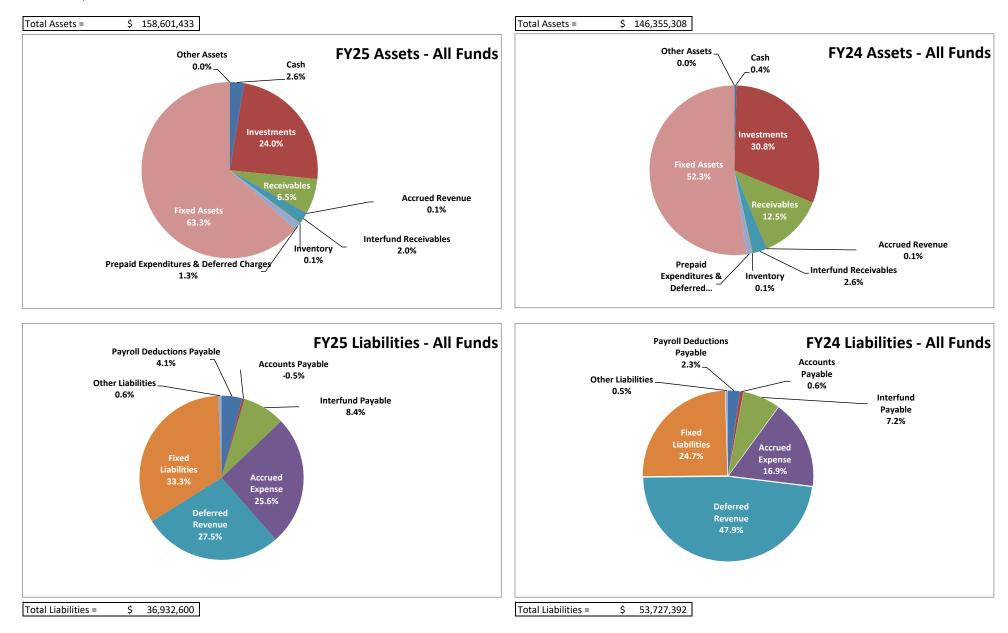

Expenditures

- <u>Salaries</u> expenditures are 51.5% of budget and up \$1,388,728 (9.4%) from last year at this time. FY 2025 expenditures are \$16,163,684 vs. FY 2024 expenditures of \$14,774,956.
- <u>Employee benefit</u> expenditures are 18.1% of budget and up \$908,168 (18.2%) from last year at this time. FY 2025 expenditures are \$5,905,899 vs. FY 2024 expenditures of \$4,997,731. *This line item is dependent on the health experience or the use of benefits by the employee group and their own independent choice of coverage. Therefore, it will always be difficult to budget in advance to any degree of certainty and will experience good years and bad years as a result.* This account group will always be significantly below budget until year-end adjustments are made for SURS contributions paid by the State on behalf of the employees. The amount expensed for SURS contributions have ranged from \$11-22 million annually depending on the actuarial tables maintained by the State and the present value interest rate used. However, this expense is offset by an equal amount in "other revenue" and therefore has no effect on the operating performance of the College.
- <u>Contractual services</u> expenditures are 41.7% of budget and up \$231,342 (11.5%) from last year at this time. FY 2025 expenditures are \$2,249,567 vs. FY 2024 expenditures of \$2,018,225. The account includes contractual services for custodial services, legal services, construction management, roads and grounds, and architectural type services.
- <u>Materials and supplies</u> expenditures are 50.7% of budget and up \$189,301 (11.3%) from last year at this time. FY 2025 expenditures are \$1,869,572 vs. FY 2024 expenditures of \$1,680,272.
- <u>Travel and meeting</u> expenditures are 46.9% of budget and up \$93,605 (72.7%) from last year at this time. FY 2025 expenditures are \$222,319 vs. FY 2024 expenditures of \$128,714.
- <u>Fixed charges</u> expenditures are 27.5% of budget and down \$578,145 (-55.3%) from last year at this time. FY 2025 expenditures are \$466,401 vs. FY 2024 expenditures of \$1,044,546. Included in this category are bond principal, interest payments, lease payments, and general insurance.
- <u>Utilities</u> expenditures are 55.1% of budget and up \$213,450 (48.3%) from last year at this time. FY 2025 expenditures are \$655,320 vs. FY 2024 expenditures of \$441,871.
- <u>Capital Outlay</u> expenditures are 32.9% of budget and up \$579,502 (100%) from last year at this time. FY 2025 expenditures are \$626,325 vs. FY 2024 expenditures of \$46,822. *Please be aware that large projects started in one fiscal year may cross into a new fiscal year and will therefore have an impact on two fiscal years (i.e. one year under budget and the next over budget).*
- <u>Other</u> expenditures are 58.5% of budget and up \$35,071 (6.6%) from last year at this time. FY 2025 expenditures are \$567,173 vs. FY 2024 expenditures of \$532,102. The main category of expenses includes tuition waivers, tuition related refunds, and miscellaneous expense.
- <u>Contingency</u> expenditures are 0.0% of budget and even \$0 (0.0%) from last year at this time. FY 2025 expenditures are \$0 vs. FY 2024 expenditures of \$0.

Clinton E. Gabbard President

Board Report #21-80 June 24, 2021 Amended January 30, 2025

Request to Purchase Support/Services for Cloud-Based MCC Store POS

Information

The MCC Store switched to a cloud-based Point of Sale (POS) system provided through Nebraska PrismRBS in August 2020. The first year of support/services expired in 2021 and the College renewed year two of support/service for \$44,696.00. The annual cost rose two percent for years three and four (\$45,589.92) and in year five (\$46,501.72). The College is now in its fourth year of the contract.

The College seeks to upgrade the system with new and improved templates to allow for better user experience and bank-end management with the current contract. The cost for the one-time template implementation service is \$4,999.00. An additional \$1,000.00 maintenance fee will be added to the existing annual contract costs for years four and five.

These services and supplies are exempt from bidding requirements as stated in the Illinois Public Community College Act Chapter 110 ILCS 805/3-27.1, exemption (f) which reads, "purchase and contracts for the use, purchase, delivery, movement or installation of data processing equipment, software, or services and telecommunications and inter-connect equipment, software and services."

This expense is budgeted in the FY 2025 and FY 2026 IT Infrastructure and Security account in the Education Fund.

Recommendation

It is recommended that the Board of Trustees approves the amended annual renewal cost for the fourth year for \$51,588.92 and the fifth year for \$47,501.72 of support/services for cloud-based POS from PrismRBS, LLC of Lincoln, Nebraska.

Clinton E. Gabbard President

Board Report #24-170 November 21, 2024 Amended January 30, 2025

Minimum Qualifications for Full-Time Faculty – Amended 2025-2026

Information

In November 2024, the Board of Trustees approved the Minimum Qualifications for Full-Time Faculty 2025-2026. Since then, three new health care programs (Radiologic Technology, Respiratory Therapy, and Sonography) have been approved by the Curriculum Development and Review Committee.

The attached report contains the minimum qualifications for the courses associated to each of these new programs.

In May 1983, the Board of Trustees adopted a set of Minimum Qualifications required to ensure appropriate faculty preparation for instruction in each of the College's credit courses and comply with accrediting and regulatory agency standards. Developed by faculty and administrative staff, the original document accounted for all credit courses taught to date by full-time faculty, as well as those taught by part-time faculty.

The addition of new courses to the curricula, realignment of existing courses, and the deletion of withdrawn courses necessitates that the Minimum Qualifications document be updated annually. In addition, the opportunity for review and refinement of existing Minimum Qualifications serves as an important means of ensuring that the Minimum Qualifications determined for each course are, in fact, realistic considering actual experience. Changes and new courses are reflected in red.

Recommendation

It is recommended that the Board of Trustees approves the Amended Minimum Qualifications for Full-Time Faculty as listed on the attached report for the 2025-2026 academic year.

Clinton E. Gabbard President

		Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.	AET 165-Civil and Landscape Drawing AutoCAD	1.2	Bachelor's degree in Architecture, Engineering,	Associate's degree in Architectural or
						Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
AET 158-Geometric Tolerancing	-1-2	Bachelor's degree in industrial Technology, Architecture,- Engineering Engineering Technology, Construction or related- field and 2,000 hours of work related experience	Associate of Applied Science degree in- Engineering or Architectural Technology and- 4,000 hours of related work experience; or- 8,000 hours of CAD work experience.	AET 132 - Geometric Tolerancing	1.2	Bachelor's degree in Architecture, Engineering, Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Associate's degree in Architectural or Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
AET 161 BIM Revit I	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.	AET 161 BIM Residential Arch Revit			
A ET 162-BIM Revit II	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.	AET 162 BIM Commercial Arch Revit			
AET 165 BIM Navisworks I	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.	AET 165 BIM Coordination Navisworks			
			nous of CAD work experience.	AET 167 - BIM MEP Systems Revit	1.2	Bachelor's degree in Architecture, Engineering, Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Associate's degree in Architectural or Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
				AET 169 - BIM Management Revit	1.2	Bachelor's degree in Architecture, Engineering, Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Associate's degree in Architectural or Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
AET 171-Parametric Modeling SolidWorks I	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience; or 8,000 hours of CAD work experience.				
AET 172-Parametric Modeling SolidWorks II	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.				
			nous of CAD work experience.	AET 231 - Engineering Project Analysis	1.2	Bachelor's degree in Architecture, Engineering, Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Associate's degree in Architectural or Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
AET 241-Interior Design 2	1.1	Master's degree in Architecture or Interior Design; OR a completed Masters degree with 18 credit hours in the discipline					
AET 251-Decign Visualization	44	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related- field and 2,000 hours of work related experience.	Associate of Applied Science degree in- Engineering or Architectural Technology and- 4,000 hours of related work experience; or- 8,000 hours of CAD work experience.				
AET 261-Technical Portfolio Derign I	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related- field and 3,000 hours of work related experience.	Accosite of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.	AET 261 - Technical Portfolio Capstone	1.2	Bachelor's degree in Architecture, Engineering, Engineering Technology, Construction Management, Industrial Technology or related field and 2,000 hours of work-related experience.	Associate's degree in Architectural or Engineering or Industrial Technology, Construction Management or related field and 8,000 hours of work-related experience.
AET 262-Technical Portfolio Design II	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related- field and 2,000 hours of work related exparience.	Associate of Applied Science degree in- Engineering or Architectural Technology and- 4,000 hours of related work experience or 8,000 hours of CAD work experience.				
AET 271-Applied Statics	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering: Engineering Technology, Construction or related- field and 2,000 hours of work-related experience-	Associate of Applied Science degree in- Engineering or Architectural Technology and- 4,000 hours of related work experience or \$,000 hours of CAD work experience.				
AET 290-Topics in Architecture and Engineering	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.				
AET 299-Independent Study in Drafting	1.2	Bachelor's degree in Industrial Technology, Architecture, Engineering, Engineering Technology, Construction or related field and 2,000 hours of work related experience.	Associate of Applied Science degree in Engineering or Architectural Technology and 4,000 hours of related work experience or 8,000 hours of CAD work experience.				
AUTOMOTIVE AMT 100-Introduction to Automotive Technology	1.2		ASE Certifications G1, A6, A4 and A5 and 4,000				
AMT 110-Automotive Customer Service	1.2	and ASE G1, A6, A4 and A5 certification and 2,000 hours of related work experience Bachelor's degree in Automotive Technology or related field, and ASE Service Consultant certification	ASE Certifications as Service Consultant, and 4,000 hours of automotive related work				
AMT 120-Automotive Electricity Fundamentals	1.2	Bachelor's degree in Automotive or related field, Master certification by ASE in G1 and L1 Advanced, and 8,000 hours of automotive related field work experience.	experience. AAS degree in Automotive Technology, Master certification by ASE in those areas relating to courses to be taught, and 8,000 hours of automotive field related work experience. (Master ASE, including G1 and L1 Advanced				
			certification and 5 years of automotive related field experience preferred); Or, Master Certification by ASE in those areas relating to courses to be taught, and 18,000 hours of automotive related field work experience. (Master ASE, including G1 and L2 Advanced certification preferred).				

AMT 140-Automotive Engine Technology	1.2	Bachdor's degree in Automotive or related field, Master certification by Act in those areas related to course to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive field work experience.	AAS degree in Automotive Technology, Matter certification by Acti Inhose areas relating to courses to be taught, and 8,000 hours of automotive field related work experience. (Master ASL, including G I and L Advanced certification and 9-yases of automotive related field experience preferreit). Or. Master Carritication y Asy yases of automotive related fueld competence of the those areas relating to courses to be taught, and 13,000 hours of automotive related field work experience. (Master ASL, including G I and L Advanced certification y preferred).		
AMT 160-Automotive Electronics Fundamentals	1.2	Bachdor's degree in Automotive Technology, Master certification by Act in Toke areas releafed to courses to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive field work experience.	AAS degree in Automotive Technology, Matter certification by A2F in those areas relating to courses to be taught, and 5,000 hours of automotive field related work reperience. (Master A2E, including G1 and 1. Advanced certification and 29 areas of automotive related field experience preferreit). Cr, Master Cartification by A2F in those areas relating to courses to be taught, and 13,000 hours of automotive related field work reperience. (Master ASE, including G1 and 12 Advanced extification preferred).		
AMT 170-Manual Drive Train & Axles	1.2	Bachdor's degree in Automotive Technology, Master corrification by Act in bace areas related to course to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive field work experience.	ANS degree in Automotive Technology, Matter certification by Arc in those areas relating to courses to be taught, and 5,000 hours of automotive field related work experience. (Master ASE, including G I and I Advanced relational and the areas of automotive related field experience preferreit). Or, Master Certification and S-yano of automotive related field experience preferreit). Or, Master Cardinator by Arc in those areas relating to courses to be taught, and 13,000 hours of automotive related field work experience. (Master ASE, including G I and I2 Advanced extification preferred).		
AMT 180-Automotive Steering, Glassis, & Suspension	1.2	Bathdor's digree in Automotive Technology, Master certification by Act in those areas related to course to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive field work experience.	AAS degree in Automotive Technology, Matter certification by Arc in those areas relating to courses to be taught, and 5,000 hours of automotive field related work experience. (Master ASE, including G i and L Advanced certification and 2 years of automotive related field experience preferreit). Or, Master Carrillatoin by Aster ASE, including G i and L Advanced automotive related field work experience. (Master ASE, including G i and L2 Advanced extification preferred).		
AMT 200-Computerized Automotive Systems	1.2	Bachdorf, disgree in Automother Technology, Matter conflication by April Indee areas nither to course to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive. field work experience.	Als degree in Automotive Technology, Matter certification by Aster In those areas relating to course to be taught, and 6.000 hours of automotive field related work experience. (Master ASE, including G1 and L1 Advanced relatification and 2-yaves of automotive related field experience preferred). Or, Master certification and 2-yaves of automotive related field experience preferred). Or, Master courses to be taught, and 13.000 hours of automotive related field work experience. (Master ASE, including G1 and L2 Advanced certification preferred).		
AMT 220-Automotive Brake Systems	1.2	Bachder's digree in Automotive Technology, Matter conflication by AS in those save andresit to course to be taught including G1 and L1Arkanced and 18,000 hours / 9 wars of automotive. field work experience.	Als degree in Automotive Technology, Matter certification by Act in these areas relating to course to be taught, and 6.000 hoars of automotive field related work experience. (Master ASL, including G1 and L1 Advanced relational and the avent of automotive related field experience preferreit). Cr, Master Carriffaction Mar Serva of automotive related field experience preferreit). Cr, Master Carriffaction Mar Serva of automotive related field experience field work experience. (Master ASL, including G1 and L2 Advanced extification preferred).		
AMT 230 High Performance Engine Fundamentals	1.2	Bachdor's digree in Automotive Technology, Master conflication by Act in those areas related to courses to be taught including G1 and L1Advanced and 18,000 hours / 9 years of automotive field work experience.	AAS degree in Automotive Technology, Matter certification by AeS in Inboar ansa relating to courses to be taugit, and S.000 hours of automotive field related work experience. (Master ASZ, including G1 and L1 Advanced relification and S-years of automotive related field experience preferred). Or, Master Carriffication yad S-years of automotive related field experience preferred). Or, Master Carriffication yad S-years of automotive related field experience preferred). Or, Master Carriffication yad S-and S-and S-and S-and Automotive related field work experience. (Master ASZ, including G1 and L2 Advanced certification preferred).		
AMT 240-Automotive Climate Control Systems	1.2	Bachdorf signer in Automotive Technology, Matter certification hys/sin those trans entotes to course to be taught including G1 and L1Arkanced and 18,000 hours / 9 years of automotive field work experience.	Ald degree in Automotive Technology, Matter entification by Ald in those areas relating to course to be taught, and 6.000 hours of automotive field related work experience. (Master AS, Including GI and L Advanced relational and the series of automotive related field experience preferreit). Or, Master Certification and Seven of automotive related field experience preferreit). Or, Master Certification by Alex and 3.0000 hours of automotive related field work experience. (Master AS, including GI and L2 Advanced extification preferred).		
AMT 250-Automotive Cooperative Internship	1.2	Bachdor's degree in Automotive Technology, Master corrification by Act in bace areas related to course to be taught including G1 and L1Advanced and 18,000 hours /9 years of automotive field work experience.	ANS degree in Automotive Technology, Matter certification by Arc in those areas relating to course to be taught, and 5,000 hours of automotive field related work experience. (Master ASL, including G I and L Advanced relational and the areas of automotive related field experience preferreit). Cr, Master Carriflcation and S-areas of automotive related field experience preferreit). Cr, Master Carriflcation by Arsen in those areas relating to courses to be taught, and 13,000 hours of automotive related field work experience. (Master ASL, including G I and L2 Advanced extification preferred).		
AMT 260-Engine Performance/ Drivability	1.2	Bachder's degree in Automotive Technology, Matter conflication by Act Inboa areas related to course to be taught including GI and L1Advanced and 18,000 hours / 9 years of automotive field work experience.	Als degree in Automotive Technology, Matter certification by Acti Infoa areas relating to course to be taught, and S.000 hours of automotive field related work experience. (Master Ack, including G1 and 1: Advanced certification and 2-yases of automotive related field experience preferreit). Cr. Master Carritication by Acy and S. Automotive related field competing and the service relating to courses to be taught, and 13,000 hours of automotive related field work experience. (Master ASL, including G1 and 12 Advanced certification preferred).

Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience and industry certified.				
LM 160-Menu Planning	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience and industry certified.				
IM 180-Bar and Beverage Management*	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience in a position related to wine or beverage management.				
IIM 181-Introduction to Wine Culture*	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience in a position related to wine or beverage management.				
ILM 208-Restaurant Operational Skills	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience and industry certified.				
LM 255-Culinary Internship	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate's degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience and industry certified.				
ILM 290-Topics in Culinary Management	1.2	Bachelor's degree in Hospitality, Culinary Arts or related field and 2,000 hours of related work experience.	Associate degree in Culinary, Hospitality or Pastry or related degree with 6000 hours work experience or 8000 hours work experience and industry certified.				
CONSTRUCTION MANAGEMENT	I						
MT 102-Construction Documents	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related- field and 3,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 9,000 hours of work related experience; 0r, 18,000 hours of work related- experience.				
MT 105-Intro. To Building Construction	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.	CMT 105 Intro to Residential Construction			
				CMT 107-Intro to Commercial Construction	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; 0r, 18,000 hours of work related experience.
				CMT 109-Intro to MEP Building Systems	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.
220 methameal systems and Codes	+-	percenter 3 objecter in construction/inductrial Management, Architecture, Engineering, Engineering Technology or related- field and 2,000 hours of work related experience.	Autoritation degree in <u>Construction Management</u> , Architectural Engineering Technology or related field and 8,000 hours of work related- experience; Or, 18,000 hours of work related- experience; Or, 18,000 hours of work related-				
MT 115-Electrical Systems and Codes	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related- field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 9,000 hours of work related- experience; Or, 18,000 hours of work related- experience.				
IMT 120-Building Codes and Enforcement	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.				

CMT 125-Survey Layout and Measurement	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience		
CMT 201-Construction Estimating	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	experience. Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
CMT 203-Construction Planning and Schedule	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	experience. Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
CMT 205-Construction Project Management	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
CMT 250-Construction Management Internship	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
CMT 261 Technical Portfolio Design i	1.2	Bachelor's degree in Construction/industrial Management, Architectura, Engineering, Engineering Technology or related field and 2,000 hours of work-related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
CMT-262-Technical Portfolio Design II	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 19,000 hours of work related experience.		
CMT 290-Topics in Construction	1.2	Bachelor's degree in Construction/Industrial Management, Architecture, Engineering, Engineering Technology or related field and 2,000 hours of work related experience.	Associate degree in Construction Management, Architectural Engineering Technology or related field and 8,000 hours of work related experience; Or, 18,000 hours of work related experience.		
COMPUTER NUMERICAL CONTROL	_				
OIC-105 - Manual Machining I		Bachelor's degree in Industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineeing Technology, Industrial Technology or related field and 8.000 hours of related work experience, Or 18.000 hours of manufacturing of Bacadion and Years of manufacturing of Resolution of Applied Sciences AND as equivalent of ADD loads of particular work- related experience with manual milling machines and lates and other requipment in a machining Iable (e.g. drill press, surface prinders, and programming CNC mills and lathes.		
CNC-106 - Precision Machining I	1.2	Bachdor's dgree in Industrial Tachnology, Engineering or Engineering Tachnology or related field and 2.000 hours of related work experience. Required instruction must include the use of course-greefic applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineeing Technology, Industrial Technology or related field and 8.000 hours of related work experience; D1 8.000 hours of relationing work experience; D1 8.000 hours of marking work experience; D1 8.000 hours of or particular work- industrial technology techniq experience and Sci00 hours of our citical experience MD an equivalent of 4.000 hours of particular work- instated experience with manual milling machines and lathes and other equipment in a drog organing CDF cmills and lathes. Required instruction must include the use of Callege approved Learning Management System (bits).		
CNC-115 - Manual Machining II	12	Bachelor's degree in industrial technology, Engineering or Engineering Technology or related Field and 2.000 hours of related work separations. Required instruction must include the use of course-specific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineering Technology, hotustral Technology or related field and also Ohnaro of related work experience, O 13,000 hours of anachining work experience, O 14,000 hours of manchining work and the second of the second science of the experience of the second science of the experience of the second science and the related and the second science of the analysis of the experience with manual milling machines and lathes and other explored in an exploration of a second life science science and programming COL millis and lathes. Required instruction must include the use of Course-specific applicable technology and Callege approved Learning Management System (LMS).		
CNC-155 - Precision Machining II		Bachedro 2 degree in Industrial Tachnology, Engineering or Engineering Tachology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8.000 hours of related work seperience; D1 8.000 hours of relative work esperience; D1 8.000 hours of marking work esperience; D1 8.000 hours of parcial and equivalent of 4.000 hours of parcical work- related experience with manual milling machines and lathes and other equipment in anchining lail (e.g. di) press, surface grinders, band saw); experience setting up, operating, and programming CNC mills and lathes.		
CNC 156 - Precision Machining III	1.2	Bachdord stiggree in industrial technology. Engineering ar food og or related field and 2.000 hours of related work separitence. Required instruction must include the use of course-pocific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and S.000 hours of related work experience, 0: 13.000 hours of machining work experience, 0: 13.000 hours of machining work experiences, 0: 13.000 hours of machini and the equivalent of 4,000 hours of particular work- related experience with manual milling machines and lathes and other equipment in a envirolite of 4,000 hours of particular work- machining lail (e.g. Chill pess, surface grinders, band saway), experience setting you, operating, and porgarming COL mills and lathes. Required instruction musi include the use of Course-specific applicable technology and College approved Learning Management System (LMS).		

CNC-157 - Precision Machining IV 1	1.2	Bachelor's degree in industrial technology, Engineering or Engineering Technology or related field and 2,000 hours of the set of course-specific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineering Technology, Industrial Technology provide the second s				
				CKC 131 - Masterram I	12	Bachelor degree in industrial technology. Engineering or Engineering Technology or related field and 2,000 hours of related work experience. Required instruction must indust the use of converse specific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineening Technology, Industrial Technology or related field and 8,000 hours of nachining work experience; OR 18,000 hours of machining work experience; OR Bachlerix degree in Technology Education and 4 years of manufacturing or industrial bachlerix degree in Technology Education and 4 years of manufacturing porticities and 2,000 explicities of 4,000 hours of practicital work- related experience with manual milling machines and tathes and other equipment in anachining bits (e.g. drill press, surface grinders, band saws): experience setting tup, operating, and operarimming CNC mills and lathes. Required instruction must include technology and College approved Learning Management System (LMS).
				CNC 182 - Mastercam II	1.2	Bachelor's degree in industrial technology, Engineering or Engineering Technology or related field and 2,000 hours of leaded work experience. Required instruction must include the use of course-specific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineering Technology, Induktrial Technology or Induktrial Technology or Induktrial Technology or Induktrial Bachelor's degree in Technology Education and 4 years of manufacturing or Induktrial technology teaching esperience and 2,000 hours of work related esperience AND an equivalent of 4,000 hours of practical work- teated esperience with manual milling enders, band shared experience AND an equivalent of 4,000 hours of practical work- teated esperience with manual milling ginders, band shared, experience AND an teather experience with manual milling and these. Required Introvis, surface operating, and programming CAC milli and these. Required Instruction must include the use of course-specific applicable technology and College approved Learning Management System (LMS).
CNC-250 - Precision Machining Internahip 1		Sachelor's degree in industrial lectonology. Explorencing or Engineering Technology or related field and 2,000 hours of related work experience. Required instruction must include the use of course-pecific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree In Engineering Technology, Induitial Technology or related field and 8,000 hours of method was experience; CD 8,000 hours of machining work experience; CD 8,000 hours of machining work Education and 4 years of manufacturing or industrial technology teaching experience and equivalent of 4,000 hours of practical work- machines, and Islane and other equipment in machines and Islane and other equipment in machines and Islane and other equipment in anachines, estil Bath and other equipment in anachines, and Islane. Second and Islanes. Required instructione setting up, operating, and programming CAC mills and Lathers. Required Instructions esting up, approximation of the second course-specific applicable technology and Cullege approved Learning Management System (LMS).				
CNC-277 - Precision Machining Capetone 1 1	1.2	Bachedro's degree in industrial lectonology. Equineering or Engineering Technology or related 164 and 2000 hours of related work experience. Required instruction must include the use of course-generical explicable technology and College approved Learning Management System (LMS).	Associator of Applied Science degree In Engineering Tachology, Induktial Technology or related field and 8,000 hours of machining work experience; CO Blachelor's degree in Technology Education and 4 years of manufacturing or induktini technology teaching experience and equivalent of 4,000 hours of practical work- machines, and Islane and other equipment in machines and Islane and other equipment in machines and Islane and other equipment in anachines extension extince springers and arws); experience setting up, operating, and programming CAC mills and Lathes. Required Instructione setting up, operating, and programming CAC mills and Lathes. Required Instruction exting up, and Lathes Required Instruction exting up, and Lathes College approved Learning Management System (LMS).				
CNC-278 - Precision Machining Capstone II 1		Bachetor's degree in industrial technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience. Required instruction must include the use of course-specific applicable technology and College approved Learning Management System (LMS).	Associate of Applied Science degree in Engineering: Technology, Industrial Technology or related field and algo bhours of related work experience; CR 18,000 hours of machining work built and the second science of the technology Education and 4 years of manufacturing or adjustrial technology technica particular work- related experience with manual milling machines and labers and other equipment in machines in the laber and other science and adjustriant technology. The technology and participants and other science and machines in the laber and other science and adjustriant technology. The technology and callege approved Learning Management System (LMS).

Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		
WLD-152 - Advanced Steel Fabrication	1.2	Bachelor's degree in Industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		
WLD-250 - Weld Internship I	1.2	Bachelor's degree in industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		
WLD-251 - Weld Internship II	1.2	Bachelor's degree in industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		
WLD-275 - Weld Capstone I	1.2	Bachelor's degree in industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		
WLD-276 - Weld Capstone II	1.2	Bachelor's degree in industrial Technology, Engineering or Engineering Technology or related field and 2,000 hours of related work experience.	Associate of Applied Science degree in Engineering Technology, Industrial Technology or related field and 8,000 hours of related work experience; Or 10,000 hours of welding work experience.		

Board Report #25-05 January 30, 2025

Request to Purchase Foglia CATI HVAC Equipment and Supplies

Information

MCC launched the Heating, Ventilation, and Air Conditioning (HVAC) program in the Foglia Center for Advanced Technology and Innovation (CATI) in Fall 2024. The College is seeking to purchase additional HVAC equipment and supplies for use in the Foglia CATI HVAC Lab for classes starting in Spring 2025. Students will learn to work with sheet metal and residential and commercial HVAC equipment in this program. The tools and equipment that will be in this lab will provide hands-on experience in forming sheet metal duct work and the operation, troubleshooting, diagnosis, and repair of residential and commercial HVAC equipment.

The equipment and supplies included in this order are required for courses (sheet metal, residential heating, and residential air conditioning) launching in Spring 2025. Due to ordering lead time, we made the purchase in December and are asking for retroactive Board approval. The cost for these HVAC equipment and supplies is \$38,578.85 and is provided by Johnstone Supply – The Heartland Group of Cary, IL.

This purchase is exempt from bidding requirements as stated in the Illinois Public Community College Act for purchases made under State negotiated contracts and associated purchasing consortiums.

This expense is funded by the Advance McHenry County grant and the MCC CATI budget.

- Advanced McHenry County Grant = \$20,000.00
- CATI MCC Expense = \$18,578.85

Recommendation

It is recommended that the Board of Trustees approves the purchase of HVAC equipment and supplies from Johnstone Supply – The Heartland Group of Cary, IL for \$38,578.85.

McHenry County College

Board Report #25-06 January 30, 2025

Extension of Employee's Separation Date

Information

The Director of the MCC Store, Alma Wilhelm, initially separated from employment with the College effective October 3, 2024, as identified in the Employee Resignations and Retirement Notifications Report at the October 24, 2024 regular Board meeting. Ms. Wilhelm and the College Administration seek to extend the effective date of her separation from October 3, 2024 to a resignation effective at the close of business on May 31, 2025.

<u>Recommendation</u>

It is recommended that the Board of Trustees extend Alma Wilhelm's October 3, 2024 separation from employment to a resignation effective at the close of business on May 31, 2025.

Board Report #25-07 January 30, 2025

Ratification of Hires New and Replacement Administrative and Faculty Appointments

Information

The following is a new full-time faculty position created within the Mathematics, Sciences, and Health Services division.

Instructor, Radiologic Technology – Program Chair

Rhonda Knaack has been approved to fill this position effective February 3, 2025. Ms. Knaack has a Master of Science in Radiologic Technology and is working towards completing her Master of Healthcare Administration from Southern Illinois University. She also holds a Bachelor of Science – Imaging Science – Computed Tomography degree from Rush University. She holds the following licenses: ARRT/CT; ARDMS – Abdomen, OB/GYN, Vascular; IEMA, Wisconsin Radiology License and is CPR certified. Her experience is as follows:

July 2022 - Present	Radiology Supervisor – MHCL Mercy Health McHenry, IL
November 2016 – August 2022	Vascular Technologist Vein Specialist of Illinois Chicago, IL
Jan 2020 – December 2020	CT Technologist St. Alexius Medical Center Hoffman Estates, IL
August 2018 – September 2019	Registry CT Technologist Advocate Sherman Hospital Elgin, IL
June 2011 – August 2018	Part-Time CT Technologist St. Alexius Medical Center Hoffman Estates, IL
June 1987 – November 2009	Medical Imaging Quality Workflow Coordinator (March 2000 – November 2009) Clinical Instructor (August 2006 – August 2008) CT Technologist (June 1990 – March 2000) Radiographer/Angiographer (June 1987 – June 1990) Centegra Hospital Woodstock, IL

One application was received; one met the position's minimum requirements. The search committee interviewed this one candidate and selected Ms. Knaack.

	Contract Placement	Benefit Value	Contract Salary of Previous Employee	Contractual 9-month Salary	
-	Lane IV, Step 12	\$26,233.14	N/A	\$91,074.50	

Classification: Faculty/Full-time, 9-month, Exempt

Position Summary: MCC instructors are higher education professionals who champion student learning. They engage and inspire students, applying innovative teaching and learning pedagogies to reach a variety of learners. They assess student learning to ensure student success, staying abreast of current and emerging trends in the discipline. Our instructors collaborate within the College as discipline experts, helping the College to reach its strategic goals through active participation in college committees and by promoting the College to future students throughout our community.

Qualifications/Desired Qualifications:

- Master's degree from an accredited institution recognized by the US Department of Education
- American Registry of Radiologic Technologists (ARRT) certification in Radiography
- Minimum of three years of clinical experience as a radiologist
- Two years of experience as an instructor in a Joint Review Committee on Education in Radiologic Technology (JRCERT) accredited program

Information

The following are new full-time faculty positions created within the Manufacturing & Advanced Technology division.

Instructor, Welding

Samuel Long has been approved to fill this position effective January 16, 2025. Mr. Long holds an Associate of Welding degree from Harper College in 2016. His experience is as follows:

June 2021 – December 2024	Welding Instructor Universal Technical Institute Lisle, IL
September 2014 – June 2021	Welder/Fabricator Palatine Welding Company Rolling Meadows, IL
November 2016 – October 2017	Welder Ace Metal Craft Bensenville, IL
June 2014 – September 2014	Welder/Fabricator Ascent Manufacturing Elk Grove Village, IL

Thirteen applications were received; seven met the position's minimum requirements. The search committee interviewed seven candidates and selected Mr. Long.

Contract Placement	Benefit Value	Contract Salary of Previous Employee	Contractual 9-month Salary
Lane I, Step 12	\$26,233.14	N/A	\$79,943.17

Classification: Faculty/Full-time, 9-month, Exempt

Position Summary: MCC instructors are higher education professionals who champion student learning. They engage and inspire students, applying innovative teaching and learning pedagogies to reach a variety of learners. They assess student learning to ensure student success, staying abreast of current and emerging trends in the discipline. Our instructors collaborate within the College as discipline experts, helping the College to reach its strategic goals through active participation in college committees and by promoting the College to future students throughout our community.

Qualifications/Desired Qualifications:

- Bachelor's degree in a technology related area and one-year work experience in welding or an Associate of Applied Science in Welding and four-year's work experience in welding
- Demonstrated experience in technology enhanced instruction
- A desire to interact with students, peers, and industry to develop and maintain a growing welding department
- Demonstrated commitment to professional growth
- Commitment to the mission of the community college and to teaching and motivating community college students in ways appropriate to their diverse backgrounds and learning styles
- Commitment to working with beginning students

Instructor, Engineering

Atulya Ashokan has been approved to fill this position effective January 16, 2025. Ms. Ashokan has a Master of Engineering with a focus on Mechanical and Aerospace Engineering degree and a Master of Engineering with a focus on Manufacturing Engineering, both from Illinois Institute of Technology. She also has a Bachelor of Aeronautical Technology from Hindustan Institute of Technology and Science. Her experience is as follows:

October 2019 – June 2022	Program Manager – C-130J Empennage Lockhead Martin (India Joint Venture) Hyderabad, IT
August 2018 – February 2019	Manager – Polyurethane Casting Rotation Dynamics Corporation Romeoville, IL
October 2017 – August 2018	Mechnical Engineer, Process Improvement, Roll Group Rotation Dynamics Corporation Romeoville, IL
May 2016 – October 2017 Rotation Dynamics Corporation Chicago, IL	Mechanical Engineer, Moded Products Division

August 2012 – July 2013

Mechnical Engineer Shreekrishna Engineers Mumbai, IN

Fourteen applications were received; four met the position's minimum requirements. The search committee interviewed two candidates and selected Ms. Ashokan.

Contract	Benefit Value	Contract Salary of	Contractual
Placement		Previous Employee	9-month Salary
Lane VI, Step 12	\$26,233.14	N/A	\$100,181.95

Classification: Faculty/Full-time, 9-month, Exempt

Position Summary: MCC instructors are higher education professionals who champion student learning. They engage and inspire students, applying innovative teaching and learning pedagogies to reach a variety of learners. They assess student learning to ensure student success, staying abreast of current and emerging trends in the discipline. Our instructors collaborate within the College as discipline experts, helping the College to reach its strategic goals through active participation in college committees and by promoting the College to future students throughout our community.

Qualifications/Desired Qualifications:

• Master's degree from a regionally accredited institution in Physics or Engineering with 18 graduate credit hours in the discipline.

Recommendation

It is recommended that the Board of Trustees ratifies the full-time faculty personnel appointments as listed above.

McHenry County College

Board Report #25-08 January 30, 2025

Request to Approve Purchase and Installation of Healthcare Equipment

In planning for the healthcare program expansion, the College was able to secure a quote to purchase Xray equipment at 2024 pricing which will be delivered in 2025. A purchase order was created in December and submitted to Phillips Healthcare for the purchase of one portable X-ray (Radiography) machine, one standup x-ray machine, and two portable diagnostic ultrasound (Sonogram) systems, as well as the associated support contracts and training.

We request approval of the purchase and installation of the X-ray and sonography equipment to be provided by Phillips Healthcare. This will be completed in May of 2025.

This equipment is exempt from the bidding requirement under Illinois Public Community College Act Chapter 110 ILCS 805/3-27.1

...(f) purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and inter-connect equipment, software, and services;

This is also a sole source provider of this healthcare equipment.

Name	Total Purchase
Phillips Healthcare	\$853,617.62

This expense is budgeted in the Operations and Maintenance (Restricted) Fund 03.

Recommendation

It is recommended that the Board of Trustees approves the purchase and installation of the X-ray equipment in the healthcare expansion for \$853,617.62.

Approval of Course Fees for FY 2025-2026

Information

Attached is a list of additional fees for credit courses offered at McHenry County College. Courses with changes are identified with red text and include a brief rationale for the changes occurring. Courses with black text are unchanged.

Recommendation

It is recommended that the Board of Trustees approves the attached list of course fees and that these fees be assessed effective Summer 2025.

Clinton E. Gabbard President

Information Report January 30, 2025

Friends of MCC Foundation Update

Spring 2025 Scholarship Update

Scholarship applications for the Spring 2025 semester closed on October 11, 2024 with 493 students submitting applications. In December, a total of 354 Foundation scholarships were awarded totaling \$247,000.

Fall 2025 Scholarship Update

Scholarship applications for the Fall 2025 semester are open now through April 1, 2025. Students may apply online at <u>www.mchenry.edu/scholarships</u>.

New Scholarship Donations

Follett Educational Foundation

The Follett Educational Foundation has partnered with the Friends of McHenry County College (MCC) Foundation to establish ten annual full-tuition scholarships for students graduating from McHenry County high schools and attending MCC. The Follett Educational Foundation Four Brothers Scholarship is one of the College's High Impact Scholarships, a series of high-value scholarships awarded to a select group of students each spring. Recipients will receive up to \$5,000 per school year toward tuition, fees, and books at MCC (maximum of \$10,000 total per student). The scholarship is open to students who graduate from a McHenry County high school with a minimum 2.5 GPA. Students must enroll full-time in an MCC associates or technical program and demonstrate a high probability of career success through their essays and recommendation letters. The Friends of MCC Foundation is grateful for the tremendous support from the Follett Family.

Comcast

For the third consecutive year, Comcast donated \$5,000 to support Friends of MCC Foundation scholarships. Comcast continues to be impressed by the work of the College and enjoys helping our students. The Foundation will be working with Comcast to determine how to best impact students with this significant contribution. We again thank Comcast for its generosity and for continuing to be a strong advocate of MCC and our students.

Education to Empowerment Winter Event

Education to Empowerment (E2E) will hold its first Winter Connections event on Wednesday, February 12 from 5:30–7:30 p.m. in the Liebman Science Center. The event will feature tours of the Portrait in Print Collection and the Hall of Human Origins from MCC Curator, Trevor Power, and Liebman Director of Innovation, Marla Garrison, as well as refreshments. Guests will also be treated to a special

planetarium show by MCC Instructor of Earth Science, Paul Hamill. The event is free to Education to Empowerment members, and all members are encouraged to bring a guest who may be interested in learning more about MCC and E2E.

End-of-Year Giving Update

Giving Tuesday 2024

Giving Tuesday was hosted on Tuesday, December 3. It is a global generosity movement to encourage charitable giving. On this day, MCC Alumni were encouraged to make a gift to the Foundation, and over \$1,000 was received to support student scholarships.

2024 Annual Appeal

The Foundation's annual appeal letter was mailed at year-end to individuals who have donated to the Foundation in the past five years. The appeal included information about the College, Foundation, and Scholarships. The Foundation saw another strong response in year-end donations. Over \$178,000 was received, including a notable anonymous gift of \$40,000 to an existing scholarship fund and a \$15,000 gift to support Areas of Greatest Need.

Save the Date – Annual Scholarship Donor Appreciation Breakfast

The annual Scholarship Donor Appreciation Breakfast will be held on Friday, February 28 in the MCC Café/Commons. This special event recognizes and honors those individuals and organizations who establish scholarships. It's also a wonderful opportunity for scholarship recipients to meet scholarship donors and thank them for their generosity.

Save the Date – MCC Community Block Party

Planning has already started for the 3rd annual MCC Community Block Party, which will be held on Sunday, July 27 from Noon–5 p.m. The College and Foundation are excited to announce that this year's Block Party will be held on MCC's Crystal Lake main campus. The event will focus on MCC Alumni in the community and will feature live music, food trucks, local breweries, fundraising opportunities, and many other surprises. This report highlights recent MCC Grants Office activity, including grant awards or denials, submitted applications pending a decision from the funder, and planned future submissions.

GRANTS AWARDED

Funding Source	Brief Description	Amount Funded	Project Director
Gerry and Bill Cowlin	The Friends of MCC Foundation received continued support for	\$15,000	Brian DiBona, Executive
Foundation	various programs, including student scholarships and the Student		Director of the Friends of
	Success Fund (SSF). The SSF helps MCC students by providing		MCC Foundation
	immediate financial support to help address emergency expenses.

Office of Marketing and Public Relations Update

Information

The goal of MCC's Office of Marketing and Public Relations (OMPR) is to grow MCC's student enrollment, strengthen MCC's identity in the community, and share MCC's stories. Services that OMPR provides to the College:

- Brand development
- Copywriting and editing
- Event marketing and support

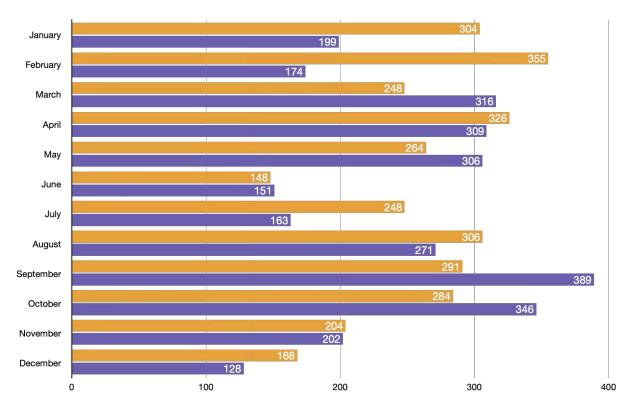

Projects Initiated

- Graphic Design
- Illustration
- Information campaigns
- Interactive content

- Photography
- Video production and motion graphics
- Publicity
- Script development
- Social media

Projects Completed

• Web design and programming

Marketing Project Stats

Total # Projects Completed in 2024: 2,954

Current High-level College Marketing Initiatives:

- Spring 2025 student communications
- Creative and launch of new 2025 tagline and promotional campaign
- The Luecht Historical Collection (TLHC) publicity and promotional support
- "You're Not Alone" student assistance support promotion
- University Center at MCC promotional efforts for Fall 2025
- Nursing program Spring 2025 cohort promotional efforts
- Foglia Center for Advanced Technology and Innovation (CATI) recruitment efforts and support; virtual tour efforts
- Make It in Illinois/Manufacturing Matters State Grant promotional efforts
- Liebman Institute for Science Innovation (LISI) branding and promotion
- Griffin Museum of Science and Industry (MSI) at MCC branding, promotion, and launch support
- Tartan Bistro student restaurant promotion and support

Monthly Releases and Features*

The following releases and feature stories were submitted to local and regional media outlets from November 14, 2024—January 22, 2025.

- Revisit Holiday Favorite "A Christmas Carol" and Enjoy Festive Music at McHenry County College December 11
- Update for McHenry County College Trustee Election
- Two New Exhibits on Display at McHenry County College Art Galleries
- MCC Concert Band to Perform November 24 at Woodstock High School
- MCC Tartan Student Writers Win Awards at Statewide Conference
- Spring Registration Now Open at MCC

Sustainability Center Update

Current Initiatives and Community Connections

Campus Sustainability Week was held on November 11-15, 2024. During this week, various engagement activities took place. MCC students enjoyed a thrifting field trip to several stores. A free, low-impact, vegan, vegetarian fast-food lunch was available for staff and students, with information about the advantages and challenges of choosing to eat vegan or vegetarian. The Sustainability Center tabled and shared information on how to lessen impact as a commuter, including free and low-cost public transportation options. Zoom lunch-and-learns were held for staff and students, including a focus on Food Labels and More and Sustainability Initiatives at MCC.

The McHenry County Public Transportation Advisory Committee met on November 7, 2024, when they discussed the Pace ReVision Plan and its impact on McHenry County riders and communities. MCC provided comments on the plan as part of the request for public and stakeholder feedback in December 2024. The MCC/MCRide Program had 328 riders in November and 167 in December 2024.

The Sustainability Center partnered with MCC's Fire Science department to supply all fire science students with branded, heavy duty reusable water bottles. The students had been relying on single-use plastic water bottles, so this effort will reduce the impact of waste.

Instructor Carol Gerber invited Dr. Hankins to speak at the Principles of Management 150 class, both online and in person. Dr. Hankins spoke about the impact of greenwashing on consumers and businesses. This was part of Instructor Gerber's unit on environmental social and governance (ESG) standards. Dr. Hankins also spoke to Instructor Mary Van Opstal's Chemistry 115-Chemistry and Society class about plastics and recycling.

IGEN held its monthly meeting for member colleges in November, which focused on new technical assistance options available from the University of Illinois Smart Energy Design Assistance Center (SEDAC) including comprehensive energy assessments, net zero reporting and additional webinars available to IGEN members. The Green Building Alliance has also launched a Building Energy Resource hub now available to IGEN members for sharing resources and information.

Dr. Hankins participated in the Crystal Lake Green Drinks celebration of area local eco-accomplishments in December, during which she presented highlights on MCC Sustainability Center 2024 initiatives.

The ReUse It Corner repurposed approximately \$741.78 worth of gently used office and school supplies in November and \$1,574.92 in December. One hundred twenty-two people found uses for over 1,031 items during that timeframe.

Information Report January 30, 2025

Workforce Development Update

This month's Workforce Development Update provides an update on recent and upcoming activities related to workforce and economic development partnerships in McHenry County.

Manufacturing Pathways Consortium

Manufacturing Industry Job Fair – The Consortium's Career Exploration and Preparation Team partnered with MCC Career Services and the McHenry County Workforce Network to provide a manufacturing-specific industry job fair that was held at MCC on Wednesday, January 29. Ten member companies recruited for full-time, part-time, and internship positions. This is the second industry-specific job fair sponsored by the Consortium with plans in place for

the fair to become an annual event. In addition to the in-person job fairs, member companies also recruit talent year-round through the Common Hiring Application that is available to community members via the Consortium's website.

January Strategy Review – Each January, the members of the Consortium meet in-person to review the strategic initiatives and prepare for the activities of the coming year. This year's strategy review meeting took place on Wednesday, January 29 at MCC and included a visioning exercise that invited members to create a 2045 headline that expressed the Consortium's impact on the McHenry County manufacturing workforce, the introduction of 6 new members, and the announcement that Reagan Tillman from BTM Industries and Riley Schumucker from Scot Forge will step into the leadership of the Marketing and Communications Team.

MPC High School Internship Summer 2025 – Student applications for the 2025 internship program are set to open on February 1. Funding to offset 50% of the internship wage expense will be funded by the Illinois Community College Board Taking Back the Trades! Trades School grant program. To date, 12 Consortium member firms have committed to hosting students this summer. In-person and virtual info sessions for parents and students will be offered throughout February and March.

MPC Member Connect – On Tuesday, February 18 the Marketing and Communications Team will host a Member Connect at AFC Materials Group headquarters in Lake in the Hills. Member Connects support relationship building, new member recruitment, and sharing of best practices in manufacturing.

Strong Transitions

Catherine Jones, AVP Workforce Development, John Mink, Manager of the Illinois Small Business Development Center (ISBDC), and Mark Piekos, Executive Director of the McHenry County Economic **Development Corporation (MCEDC)** presented the Strong Transitions program at the Thursday, January 16 McHenry County Board's Committee of the Whole. A joint project of the MCEDC and the ISBDC, Strong Transitions is funded by a grant from Advance McHenry County ARPA and provides advising and education to support successful business transition. Business owners anticipating business exit in the next 5-10 years are eligible to participate in

confidential advising services provided by industry experts. These advising resources are designed to help a business owner position for a successful sale that maximizes value and retains jobs. Strong Transitions also provides cohort-based education for individuals considering the potential purchase of a business. Participants will learn the basics of the Entrepreneurship Through Acquisition (ETA) process that includes fundamentals of entrepreneurship, deal structure and funding, and skills for becoming a CEO and growing the business. An ETA info session featuring the successful business transition of General Assembly and Manufacturing Corp. in Cary, and a preview of the business acquisition curriculum will take place on Tuesday evening, February 25. Special guests presenters for the info session will include Steve Vivian, Principal and Founder of Kestrel Capital Group and Kellogg School of Management Adjunct Instructor, and Alexander Nadtochiy, General Manager at General Assembly.

Griffin MSI @ MCC Partnership

A Griffin MSI Educator Open House is planned for Monday, February 3 and will be held in the Foglia Center for Advanced Technology and Innovation (CATI). This event will introduce local K-12 educators to the classroom support resources available through MSI. Participants will also enjoy refreshments, tour the Foglia CATI, and learn more about the Maker Space and Fab Lab opportunities.

Griffin MSI is actively collaborating with MCC's Kids and College program to offer a series of Young Makers Camps. These camps will be introduced during Spring Break and continue through the Summer 2025 camp season. Campers will learn 3D printing and modeling, vinyl cutting, digital embroidery, laser cutting, and more in a hands-on format.
