The following classes are offered through remote instruction using the Zoom meeting platform (except where designated as “online” or a specific location is listed). Program staff will notify registered participants with information to access your class 24 hours before class begins. To register online visit www.mchenry.edu/careertraining or call (815) 455-8588.

**CAREER TRAINING CEU ONLINE**

**Freight Broker Training**
Become part of the exciting trucking, freight logistics, and transportation industries as a licensed freight broker or as a freight broker agent. Freight broker training will help you learn the skills you need to be a successful Freight Broker/Agent. From licensing and operations to sales and marketing, you’ll learn the basics of how to run a domestic freight brokerage or agency in the United States. Freight brokerage is a growing, service-based industry. As a freight agent or broker, you connect shippers and manufacturers with transportation companies and manage those shipments. Entrepreneur magazine has rated the freight brokerage business as one of the top home-based businesses to own, and a Wall Street Journal article cited freight brokering and logistics as the largest growing sector of the transportation industry. Written by freight brokerage specialists, this freight broker course will provide you with the knowledge and resources needed to break into the shipping industry. From transportation law, contracts, and insurance, to setting up and running your own business, this is the best online freight broker training available.

Fee: $1,895

Medical Assistant Capstone
In this course you’ll review and assemble the knowledge and skills gained through the prerequisite courses (Certified Nursing Assistant, Electrocardiogram Technician, and Phlebotomy Technician) and train for working under the supervision of a Practice/Operations Manager or their designee to provide the following duties: scheduling appointments, patient intake and care, routine diagnostic and recording procedures, maintaining medical records, preparing patients for examination, drawing blood, medicine administration, first aid, recording vital signs and medical histories. Coursework will include basic anatomy and physiology; medical terminology; medical law and ethics; patient psychology and communications; medical office procedures; and clinical diagnostic, examination, testing, and treatment procedures. This course prepares you to take the National Healthcareers (NHA) Certified Clinical Medical Assistant (CCMA) certification exam. The cost of this exam is included in your course fee. In this class you will have asynchronous work in addition to the live class on Mondays. Students will be expected to complete assignments, view recorded lecture, participate in discussion boards, and take quizzes online outside of scheduled class lecture time. After successful completion of the course, you will be required to complete a two week 40 hour externship prior to taking your Certified Clinical Medical Assistant (CCMA) exam through National Healthcareers (NHA).

Real Estate Broker Pre Licensing Series

Real Estate Sales Broker Pre-License Topics Study the broad field of real estate with an emphasis on license law, real property, agency structure, buyer and seller relationships and counseling. We’ll also explore Illinois law, Federal law, marketing and advertising, market analysis and appraisal, financing, and contract knowledge, independent contractor/employee agreements and occupational disciplines. This blended-home study course satisfies 75 hours of the 90 hours of instruction required by the Illinois Department of Financial and Professional Regulation to become a Real Estate Broker. This course will almost always be held concurrently or consecutively with Real Estate Broker Pre-License Interactive course. Successful completion of this course and the Real Estate Broker Pre-license Interactive class qualifies you to sit for the Illinois Real Estate Broker Examination. Real Estate Sales Broker Applied Real Estate Principles-Interactive We’ll cover role play, case study examples, demonstration examples, and what if situational examples in such areas as listing presentation, agreement and disclosure, writing purchase agreements, market analysis, seller net sheets, confronting fair housing violations/seller or buyer, distressed property issues, antitrust scenarios, and inspection/repair issues. This course satisfies 15 hours of the 90 hours of interactive/situational training required by the Illinois Department of Financial and Professional Regulation to become a Real Estate Broker.

VETERINARY

Veterinary Assistant
Veterinary assistants have been identified by the U.S. Department of Labor as one of the fastest-growing professions. Vet assistants work with veterinarians in private practice, animal shelters, animal control facilities, pet stores, kennels, and veterinary drug companies. Working with veterinarians and veterinarian technicians, they help provide medical care to sick and injured animals. This course includes 150 hours of classroom instruction and 100 hours of mandatory clinical externship. Times of clinical externships will vary based on availability and hours of the clinical sites. Students in this course will be expected to set up their own externship hours with an approved veterinary clinic. Please contact Justin DeBolt at (815) 479-7879 or jdebolt@mchenry.edu with any questions prior to enrolling. Successful completion of the class includes successful completion of the clinical. High School discounts available call 815-749-7879 for information.
