FIRE SERVICE

Fire Service Instructor I
Fire Service Instructor I will place an emphasis on the knowledge and skills needed to deliver instruction from a prepared lesson plan, using instructional aids and evaluation tools, as defined by NFPA 1041. This course exceeds the requirements outlined by the State Fire Marshal and allows the student to sit for the state exam. Required Textbook: Fire Service Instructor Principles & Practice Enhanced Second Edition ISBN: 9781284122183 Pre-Requisites: OSFM Certified Firefighter II or Basic Operations FF Student must meet OSFM requirement for attendance before sitting for OSFM exam

Fee: $400 Wesley Crain
# 1522 M–F 11/8–11/12 8 a.m.–5 p.m. McHenry Township Fire Protection District Station

Truck Company Operations
This course over three-days will instruct firefighters on how to function more efficiently as a truck company / squad company on single family, multi family, commercial and warehouse structures. This extensive course will allow firefighters and company officers to, conduct truck company building size up, ladder throwing evolutions, ventilation, rescues, aerial placement for tower ladders and straight aerial ladders, as well as extensive work on forcible entry and much more. This is more than a one-day classroom, but two days will cover truck company philosophy and their role at working fires. It includes utilizing local aerial apparatus and going out in the community to position aerial apparatus for defensive operations and making rescues. Instructors for this course come with over 80 years of experience in large city, suburban and urban environments. Pre-Requisites: Certified Firefighters, Company Officers and Chief Officers

Fee: $500 Wesley Crain

FOOD SERVICE SANITATION

Food Service Sanitation
This course for food service workers and managers is required by the Illinois Department of Public Health. A national ANSI approved exam will be administered at the end of the course. Students that pass the exam will receive a national certificate recognized by the IDPH that is valid for five years. If you do not pass the exam, you will need to enroll in the re-test class at a fee of $35. The book is available in the MCC Bookstore. Please note: The Bookstore is not open Saturday, and the book must be purchased ahead of time.

Fee: $175 Frank Bertolami
# 2068 TTh 10/12, 10/14 5:30–9:50 p.m. MCC Main Campus

PROFESSIONAL HEALTHCARE

EKG Technician
You’ll study basic to advanced concepts in EKG. These concepts include the basic cardiac anatomy and physiology, proper lead placement for a 5- and 12-lead, technical aspects of the EKG machine and how to calculate heart rate, how to interpret a rhythm strip, and several advanced concepts working with the 12-lead EKG machines. You’ll also learn how to prep a patient for EKG monitoring and troubleshooting EKG artifacts. This training will allow you to assist the physician with diagnosing myocardial infarction, cardiac arrhythmias, and heart rhythm irregularities. EKG machines are used in physicians' offices, hospitals, clinics, and other healthcare facilities. The fee for this class includes all books, materials, and the cost of the initial certification exam to be taken at the end of class. Asynchronous work to take place on-line (recorded zoom lectures, quizzes, and assignments)

Fee: $999 Angela Sass
# 1972 MW 10/25–12/15 3:30–5 p.m. E, MCC

Healthcare Provider CPR
This course meets the requirements for recognition as a Basic Life Support Rescuer for healthcare providers by the American Heart Association (AHA) and is intended for those entering or those currently working in healthcare settings. After successfully completing this course, you’ll receive a certification in BLS CPR. Cost of the book and materials are included in the course fee. 4.5 contact hours will be issued.

Fee: $75 Michelle Krysiak
# 2082 T 10/12 6–10 p.m. MCC Main Campus
**Phlebotomy Technician CPT**

A Phlebotomy Technician Certification (CPT) will give you the credentials you need to set yourself apart from other applicants as you embark on a rewarding healthcare career. This course consists of 60 classroom and lab hours in which you’ll be required to complete a minimum of 30 venipunctures and 10 capillary sticks. After successful completion of the course, you’ll be prepared to take the National Health Careers (NHA) certification exam. The cost of the course includes the books, materials, and the cost of the NHA certification exam. Students will both administer and receive venipunctures and capillary sticks. *This course has immunization and physical screening requirements that must be met before the start of the course. Please contact jdebolt@mchenry.edu prior to enrolling for details.

**REAL ESTATE/HOME INSPECTION**

**Home Inspection Pre-Licensing Course**

To become an Illinois-licensed home inspector, you must: successfully complete an approved pre-licensing course (including five field inspection events); pass the Illinois Home Inspector License Exam; and submit the application and fee to the state. MCC is an Illinois-approved Pre-License School for Home Inspectors and this is an Illinois-approved pre-license course. This course covers the major elements of home inspection to help prepare you for the state certification exam. Successful completion of this 60-hour course, along with the five mandatory inspection events, is required to sit for the Illinois State Exam. Field inspection events may be offered as a part of this course, subject to availability, and will take place outside of class hours. You are responsible for your own transportation to and from the inspection event sites, and may be required to complete additional inspections outside of this course in order to meet the state licensure requirements. Topics covered include: exteriors, interiors, roofing, plumbing, electrical, HVAC, structural, misc. appliances, laws, and standards of practice. If you have had a felony conviction, you will need to contact the Illinois Department of Financial and Professional Regulation (IDFPR) at (217) 785-0800 to see if you will be eligible to sit for the exam. IDFPR requires students be at least 21 years old to take the licensure exam.

Fee: $895

**HVAC/R Certified Technician (Voucher Included)**

This is an open enrollment class—enroll anytime to begin your certification class. If you have more than a year of HVAC/R experience, this course will prepare you for the next step—certification. HVAC/R technicians are in demand, but certified technicians can earn more and have better career opportunities. This course uses hands-on service call simulations to prepare for the HVAC Excellence or NATE certification exams. By course completion, you will be ready to pass the HVAC Excellence Core and Professional Technician exams, the NATE Core and Specialty Test exams, and the EPA 608 certification exam. You will also receive a voucher package to take the HVAC Excellence exams. However, please research your state’s requirements prior to enrollment to ensure this course is the right fit for you. Certification Exams By course completion, you will be fully prepared to sit for the HVAC Excellence Core and Professional Technician exams, the NATE Core and Specialty Test exams, and the EPA 608 certification exam. Upon completion of this course, you will receive an HVAC Excellence ESCO Group Voucher Package that includes: • 1 Principals of Electrical and Refrigeration (Core)* exam voucher • 1 Professional Technician exam voucher (Residential Air Conditioning recommended) • 1 EPA 608 exam voucher *To sit for the HVAC Excellence Core exam, you must provide two years of documented work experience. Exam proctor fees may apply. Additionally, this course aligns with the following Professional Technician specialty areas (vouchers are not included for the below exams): • Principals of Electrical and Refrigeration Theory • Residential Air Conditioning • Gas Heat • Electric Heat • Heat Pump Installer • Heat Pump Service • Light commercial Air Conditioning • Light commercial Refrigeration

Real Estate Broker Pre Licensing Series
Real Estate Sales Broker Pre-License Topics Study the broad field of real estate with an emphasis on license law, real property, agency structure, buyer and seller relationships and counseling. We’ll also explore Illinois law, Federal law, marketing and advertising, market analysis and appraisal, financing, and contract knowledge, independent contractor/employee agreements and occupational disciplines. This blended-home study course satisfies 75 hours of the 90 hours of instruction required by the Illinois Department of Financial and Professional Regulation to become a Real Estate Broker. This course will almost always be held concurrently or consecutively with Real Estate Broker Pre-License Interactive course. Successful completion of this course and the Real Estate Broker Pre-license Interactive class qualifies you to sit for the Illinois Real Estate Broker Examination. Real Estate Sales Broker Applied Real Estate Principles-Interactive We’ll cover role play, case study examples, demonstration examples, and what if situational examples in such areas as listing presentation, agreement and disclosure, writing purchase agreements, market analysis, seller net sheets, confronting fair housing violations/seller or buyer, distressed property issues, antitrust scenarios, and inspection/repair issues. This course satisfies 15 hours of the 90 hours of interactive/situational training required by the Illinois Department of Financial and Professional Regulation to become a Real Estate Broker.

VETERINARY

Veterinary Assistant
Veterinary assistants have been identified by the U.S. Department of Labor as one of the fastest-growing professions. Vet assistants work with veterinarians in private practice, animal shelters, animal control facilities, pet stores, kennels, and veterinary drug companies. Working with veterinarians and veterinarian technicians, they help provide medical care to sick and injured animals. This course includes 150 hours of classroom instruction and 100 hours of mandatory clinical externship. Times of clinical externships will vary based on availability and hours of the clinical sites. Students in this course will be expected to set up their own externship hours with an approved veterinary clinic. Please contact Justin DeBolt at (815) 479-7879 or jdebolt@mchenry.edu with any questions prior to enrolling. Successful completion of the class includes successful completion of the clinical.
