McHenry County College forms the educational heart of our community. For over 50 years, the College has provided a broad range of programs tailored to students' diverse interests and occupations. We’ve partnered with local businesses to help ensure a workforce armed with the latest knowledge and skills. And our focus on lifelong learning and cultural enrichment has expanded the horizons of residents of all ages.

DIVERSE PROGRAM OFFERINGS

There's something for everyone at McHenry County College (MCC). Students can choose from an array of options, including:

- Associate's degree programs, which provide the first two years of a baccalaureate college curriculum;
- 30 Associate of Applied Science degrees aimed at career preparation; and
- 66 certificate programs.

Agreements with other community colleges allow students to take programs that are not offered at MCC.

Students can also earn a four-year Bachelor of Arts or Science degree through our affiliation with a number of four-year schools. See www.mchenry.edu/advising for more information and a current listing of affiliations.

MCC makes learning convenient for a variety of lifestyles and schedules. Students can choose from an array of delivery methods, including online classes and programs, blended classes or other nontraditional options. Visit www.mchenry.edu/online to learn more about combining classes at MCC with online courses to earn a degree.

QUALITY EDUCATION

Students who attend MCC can expect to come away well prepared for the next step in their career or educational journey. Whatever their specific goals or program, all students receive a solid educational foundation.

MCC’s commitment to its students includes a general education component, which provides important life and career skills, including:

1. Critical thinking:

   Students who think critically deconstruct information, identify components, and assess how these components relate to one another. Students make connections from multiple sources or components, bringing together components to form new ideas. Students select effective tools and processes for a given situation and relate components to established standards. Students actively engage with materials rather than passively accepting the views of others and consider the implications of decisions and behaviors on the well-being of themselves, others, and the world. Students recognize and minimize bias through self-reflection and by questioning the assumptions of themselves and others.

2. Information literacy:

   Students who are information literate assess their need for information. Students find sources that meet their information need, which may range from people and social media posts to academic articles and books. Students recognize the diversity of sources and understand the criteria that contribute to authority and credibility. Students select sources that best meet their needs and integrate information to accomplish a specific purpose ethically and responsibly, acknowledging sources and respecting intellectual property rights.

3. Effective communication:

   Students who communicate effectively express and receive information, concepts, and emotions successfully. Students adapt their communication appropriately depending on audience and context as they acknowledge the impact of language and presentation style, including vocal, verbal, and nonverbal cues. Students select from a variety of communication modes to respond to professional, civic, and personal needs.

4. Professionalism:

   Students who exhibit professional behavior effectively understand the tasks assigned to them and/or seek appropriate assistance to gain necessary comprehension. Students fulfill commitments, comply with professional standards, and adapt to the changing environment whether at school or work. Students demonstrate the ability to work with others, which includes respecting a variety of cultural views and practices, abilities, and sensibilities.

Some certificate and all degree seeking students entering MCC are assessed for general education goals, and their progress is tracked through program completion. This knowledge helps inform their future career and educational decisions.
DEDICATED TO OUR MISSION

As a leading community college and an integral part of the Illinois system of higher education, MCC is dedicated to upholding:

- A policy of open admissions
- A comprehensive program of educational offerings
- Maintenance of an informal student-oriented learning environment

Mission:
Our focus is learning. Student success is our goal.

Institutional Goals:
1. Create accessible, high-impact student-focused services, interventions, and facilities that increase student engagement, completion, and career readiness.
2. Develop and execute transparent strategies for generating and sustaining financial resources necessary to drive College innovations and operations.
3. Deliver agile, secure, and cost-effective infrastructure and technology solutions to drive institutional innovation and empower a positive learning and work environment.
4. Attract, retain, engage, and value diverse and dynamic faculty, staff, and administrators who are committed to excellence in our ever-changing context.
5. Strengthen collaborations with the community and local industry to ensure that all College efforts are focused on improving the quality of life and economic development for those individuals who learn with us.
6. Inspire and challenge students in every learning experience through the careful professional expertise of faculty who engage and support students, and expect high levels of learning.
7. Articulate the College’s key value propositions in order to strategically increase community engagement and support, improve enrollment, and prepare the next generation of learners.
8. Develop effective strategies in all our interactions with students and each other that welcome and value our diversity.

A COMMUNITY PARTNER

As part of its mission, MCC continually monitors the needs of the community. We strive to provide classes and training opportunities that keep pace with changes in our society, economy and employment trends. We pride ourselves on being the area’s resource for:

Career Training Program
MCC offers career entry and continuing education for certified professionals.

Continuing Education
MCC welcomes students and residents of all ages and interests. We offer non-credit classes that cover a wide range of topics for personal development and lifelong learning that will enrich your life. We also offer online educational opportunities, the Focus on the Kids program, and the Retired Adult Program (RAP) designed to enrich learning at any age.

Workforce Training Program
Area businesses and organizations partner with MCC to offer their employees non-credit, workforce development training. These courses, seminars, and workshops are held on site at their facilities or at the MCC Shah Center (4100 W. Shamrock Lane, McHenry)

Adult Education
MCC offers various adult education opportunities, both onsite and at satellite locations. Programs include: High School Equivalency (HSE) and Adult Basic Education (ABE), English as a Second Language (ESL), Literacy; and Citizenship.

Dual Credit
MCC collaborates with area high schools in accepting students who are capable of using selected college classes to complement their high school programs. Students must make their choices with full awareness of the standards set by the College for these courses or programs; therefore, students are expected to acquaint themselves with all available information related to the College’s performance standards. High school counselors provide services to assist students in making educational and career decisions.

Conferences and Facility Rental
Designed with business in mind, MCC is an excellent site for conferences and business meetings. Whether your group is 10 or 350, we offer a comfortable, welcoming atmosphere in a sophisticated environment. With locations in both Crystal Lake (main campus) and McHenry (Shah Center), we will work with you every step of the way to ensure a successful event. Our Luecht Auditorium, private dining rooms, breakout rooms and computer classrooms are fully A/V equipped with all the amenities you need to make your next conference or business meeting a success!

Library Access
Library access, including library cards, is available to Illinois Community College District #528 residents age 16 or older. In accordance with MCC’s “Children on Campus” policy, children under the age of 16 must be accompanied by a parent or guardian and are not to be left unsupervised while they are in the library.

Fitness Center
MCC’s Fitness Center is open to students and community members. The Center features a full line of weight training machines, treadmills, stair machines, elliptical trainers and more.
**The Children’s Learning Center**
The Children’s Learning Center (CLC) offers a positive learning environment for young children (ages 15 months to 6 years) and a lab site for early childhood education students. Students and employees can take advantage of flexible scheduling for their children within this age range. The CLC also includes a preschool program for children ages 3 to 6 years, which is available to parents in the community. The facility is state licensed.

**A SAFE AND ACCESSIBLE ENVIRONMENT**
MCC promotes and adheres to a policy of equal opportunity and an academic and work environment free of harassment and discrimination or allow harassment for students, faculty and staff. The College does not discriminate on grounds of race, color, creed or religion, sex, national origin, ancestry, age, order of protection status, marital status, physical or mental disabilities, military status, sexual orientation, gender-related identity, pregnancy, unfavorable discharge from military service, or other factors prohibited by law, in its admissions, employment, educational programs or activities. See the Legal Guidelines section of this catalog for more information. To view the harassment/discrimination policy, visit [www.mchenry.edu/nondiscrimination](http://www.mchenry.edu/nondiscrimination). Report a concern or formal complaint to the vice president of Human Resources, (815) 455-8738 in regards to faculty or staff; or the director of Crisis Intervention and Prevention Services, (815) 479-7572, in regards to a student.

**ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES**
Students with disabilities who require accommodations, should contact the Access and Disability Services office for information on appropriate policies and procedures for receiving accommodations and support. Disabilities covered by ADAA may include learning, psychiatric, and physical disabilities, or chronic health disorders. Students should contact the Access and Disability Services office if they are not certain whether a medical condition/disability qualifies. In post-secondary school settings, academic accommodations are not automatic. To receive accommodations, students must make a formal request and supply documentation from a qualified professional to support that request, however, documentation is not necessary for the first meeting. Students who believe they qualify must contact the Access and Disability Services office to begin the accommodation process. All discussions remain confidential. The Access and Disability Services office is located in Building A, Room A256. To schedule an appointment, please call (815) 455-8766. Information about disabilities services at MCC can be found at: [www.mchenry.edu/access](http://www.mchenry.edu/access).

**GENERAL EDUCATION PHILOSOPHY STATEMENT**
McHenry County College’s commitment to its students includes a general education component structured to provide a wide array of life and career skills, which will enrich students’ professional and personal lives.

While at MCC, students are given the opportunity to develop and improve upon these goals through certificate and degree seeking programs. The assessment of the General Education goals is conducted at the course, department and institutional levels.

**ASSESSMENT**
In education, assessment is a method for determining how students are learning. In a school, an assessment may be as simple as a question posed to students in class about what they understand, or as complicated as a capstone project measuring all of the learning a student has done in one particular course. At MCC, we use assessment to determine how our students are progressing through their courses and through their degree programs, and we use the resulting data to make changes in the way we teach and in the way we organize our curriculum. All of this is done to ensure McHenry County College students are learning the things they need to learn in the most effective ways possible.

As an institution, McHenry County College believes that by the end of a degree program, a student should have a familiarity with and an ability to employ four General Education Goals: critical thinking; information literacy, effective communication, and professionalism. To assess a student’s understanding and aptitude with each of these goals, we ask each student who is seeking an Associate of General Education (AGE) to complete a Graduating Portfolio. Students build their Graduating Portfolios using MCC’s learning management system, and the finished portfolio comprises one graded artifact for each of the four general education goals. Students build their Graduating Portfolios throughout their time at MCC and submit their final portfolios before they graduate. Because MCC is committed to continuous improvement, this Graduating Portfolio is a graduation requirement. For more information, visit [www.mchenry.edu/eportfolio](http://www.mchenry.edu/eportfolio).

Additionally, because the College believes in continuous improvement across all programs, students pursuing an Associate of Applied Science degree (AAS) or a certificate of 30 credits or more will be asked to participate in the assessment activities designated by the department for those degrees and/or certificates.

MCC is committed to assessment to ensure that we are effectively addressing the College’s Mission and are good stewards of the public trust.
ADMISSION
MCC believes that its classes and programs* should be available to all members of our community. With this goal in mind, we welcome and encourage eligible individuals to enroll in credit classes as full-time or part-time students:

- All high school graduates or home school graduates
- GED recipients
- Non-graduates who are no longer attending high school
- Students still in high school who may benefit from taking courses through the Dual Credit Enrollment (see Dual Credit Enrollment Procedures section below)

*Limited admission applies to Nursing, Occupational Therapy Assistant and Physical Therapist Assistant programs. Refer to the program details in Chapter 9.

ADMISSION PROCEDURES
All students, except those enrolling in the Dual Credit Program (see Dual Credit Enrollment Procedures section below), who wish to enroll in credit classes are required to provide the following:

- A completed MCC Admissions Form
- A one-time, non-refundable $15 application fee
- Official transcript of high school coursework including graduation date
- Official unopened college transcripts from an accredited institution if credit is to be transferred to an MCC program of study
- Unofficial transcripts from an accredited institution are acceptable if needed to meet class prerequisites

NOTE: Those who wish to transfer college credit from another institution must request an official evaluation.

Students enrolling in a transfer degree program (AA, AS, AES, AFA) must have completed the minimum high school course requirements as outlined in accordance with Illinois Public Act 86-0954. To document successful completion of these requirements, students will need to submit a high school transcript. The requirements as specified in the Act are listed below:

- Four years of English emphasizing written and oral communication and literature
- Three years of social science emphasizing history and government

- Three years of mathematics, including introductory through advanced algebra, geometry, trigonometry, or fundamentals of computer programming
- Three years of science including laboratory science
- Two years of electives from any combination of foreign language, music, vocational education or art.

Students who do not meet these requirements may take placement exams and developmental and/or college-level related coursework that will allow continued enrollment and successful completion of a transfer degree.

DUAL CREDIT ENROLLMENT PROCEDURES
MCC’s Dual Credit Enrollment Program provides eligible students still in high school with the opportunity for more advanced study. A student may enroll in college classes to earn both college and high school credit, described as dual credit. Another option is to enroll in college classes and earn only college credit, described as dual enrollment. All courses are included on the student’s permanent college transcript.

The first step in the enrollment process is to meet with a high school counselor and complete the MCC Dual Enrollment Registration Form, which includes eligibility and registration guidelines. Please note that students age 15 and under must follow a special approval process.

Forms are available online at www.mchenry.edu/dualcredit. Questions may be directed to the director of College and Career Readiness, (815) 455-8569.

HOME SCHOOL STUDENTS
Home School Students follow the same procedure as above except parent(s) rather than a school official, complete the MCC Dual Enrollment Registration Form.

INTERNATIONAL STUDENT ADMISSION
MCC is authorized under federal law to enroll nonimmigrant students (a person who seeks temporary entry to the United States for a specific purpose and who has permanent residency abroad). Residents of a foreign country who wish to study in the United States on a student visa (F) must provide the following information before their Certificate of Eligibility (I-20) can be processed:

- A minimum score on the Test of English as a Foreign Language (TOEFL): 71 Internet-based (www.ets.org) or IELTS minimum score of 6.5 or equivalent test.
- A completed Admissions Form
• A one-time, non-refundable $15 application fee
• An International Student Affidavit of Financial Support, located at www.mchenry.edu/admissions/international.html
• A Statement of Intent to pursue an academic or technical degree
• Study on a full-time basis (minimum of 12 credit hours per semester)
• Official high school and/or university/college transcript of coursework completed outside the United States.

NOTE: International students must allow four months processing time prior to attending MCC. Those who wish to transfer college credit from a foreign institution must request an official evaluation (see Evaluation of Foreign Transcript section).

AU PAIR STUDENTS (J-1 VISA)
MCC offers Au Pair (J-1) visa students the opportunity to attend the college for credit classes,* provided that the student completes the Admissions Form, pays a $15 application fee and provides the college with the following documents:
• A letter from the Au Pair agency stating that you are a participant in the program
• A letter signed by the host family with whom you reside.

NOTE: Au Pairs are not eligible to register for Adult Education classes due to grant restrictions.

*Ineligible to register for credit courses after Visa expiration date on Agency letter. Student must provide proof of an extension of stay or approved change of status to the Admissions Office.

PLACEMENT TESTING
MCC offers multiple ways for students to determine the math and English courses needed for a successful start to their studies. Starting courses may be determined based on SAT, ACT, or placement test scores. MCC uses the ALEKS test for placement in math courses and courses requiring math, and the ACCUPLACER reading and WritePlacer essay tests for placement in English. Please contact the MCC Testing Center at (815) 455-8984 for more information about placement tests. Students needing accessibility accommodations should contact Access and Disability Services at (815) 455-8948.

Qualifying ACT and SAT scores are shown in the tables below.

### English Placement

<table>
<thead>
<tr>
<th>Test*</th>
<th>Score</th>
<th>Starting Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACT English and Reading</td>
<td>19 or higher</td>
<td>English 151</td>
</tr>
<tr>
<td>SAT Evidence-based Reading and Writing</td>
<td>480</td>
<td></td>
</tr>
</tbody>
</table>

*Scores are valid 5 years from the test date.

Students with scores below 19 on the ACT or 480 on the SAT will take the ACCUPLACER reading and WritePlacer essay tests to determine their course needs. Students should allow at least 90 minutes for the ACCUPLACER reading test and at least 120 minutes for the WritePlacer essay test. These tests may be repeated with the highest score determining the appropriate starting course. Online tutorials are available to help students identify and improve areas of weakness before retesting.

### Math Placement

<table>
<thead>
<tr>
<th>Test*</th>
<th>Score</th>
<th>Possible Starting Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACT (math)</td>
<td>22 or higher</td>
<td>MAT 120, 150, 161, 165 and 201</td>
</tr>
<tr>
<td>SAT (math)</td>
<td>530 or higher</td>
<td>MAT 170, 171, 175** and 220</td>
</tr>
<tr>
<td>ACT (math)</td>
<td>28 or higher</td>
<td>MAT 170, 171, 175** and 220</td>
</tr>
<tr>
<td>SAT (math)</td>
<td>660 or higher</td>
<td>MAT 170, 171, 175** and 220</td>
</tr>
</tbody>
</table>

*Scores are valid 3 years from the test date.

**MAT 175 requires a C or better in high school trigonometry.

Students with scores below 22 on the ACT or 530 on the SAT will take the ALEKS math placement exam. Students may also take the exam if they scored between 22 and 28 on the ACT or between 530 and 660 on the SAT and wish to take MAT 170, 171, 175 or 220. Review manuals are available for purchase from the bookstore or can be downloaded from www.mchenry.edu/aleks.

Students should allow at least 90 minutes for the ALEKS test. An online calculator is provided, and a practice test is required to familiarize students with the test format and the online calculator. The test may be repeated up to four times, with the highest score determining the appropriate starting course. Online tutorials are available to help students identify and improve areas of weakness before retesting. The majority of students who use the tutorials and repeat the test are able to improve their scores enough to require one less math class.
**Foreign Language Placement**

Students who wish to take French, German, or Spanish classes at MCC are encouraged to take the modern language placement test to match their abilities with the appropriate college-level courses. The test can be taken only once; exceptions for retesting can be made with the chair of the Modern Languages Department.

**Geometry Placement**

Students who do not meet the geometry prerequisites may take a geometry placement test or enroll in MAT 096.

**NOTE:** Placement methods are subject to change.

**NEW STUDENT ORIENTATION**

New Student Orientation (NSO) is a requirement for all new MCC full-time and part-time students registering for more than 11 credit hours. Students will be contacted with more information about NSO dates upon admission to the College. During NSO, new students will meet with an Academic Advisor, receive an overview of college programs and policies, choose classes and register. MCC offers NSO sessions on campus and online.

All required placement testing must be completed prior to NSO for effective advising and registration. Visit www.mchenry.edu/orientation for more information.

**REGISTRATION**

**Credit Hours and Course Load**

Students earn credit hours when they spend time learning a subject or skill. At MCC, each course is given a credit hour value. The number of credit hours varies from class to class depending on how often each class meets. Generally, a 3-credit-hour class meets for 3 hours a week for 16 week classes; 6 hours a week during 8 week classes; and 12 hours a week during 4 week classes.

Time on task is the total learning time spent by a student in a college course, including instructional time as well as time spent studying and completing course assignments (e.g., reading, research, writing, individual and group projects.) Workload will vary depending on your study habits.

A lecture course requires two to three hours of work outside of scheduled course time for each course credit; therefore, for a three-credit course, the student should expect to spend about nine to twelve hours each week in this course. A lab course is scheduled for an extended time and requires less out-of-class work.

For enrollment verification purposes, full-time enrollment is verified at a minimum of 12 credit hours for the fall and spring terms and 6 credit hours for the summer term.

**Course Overload**

The normal class load for a full-time student is 12 to 18 credit hours during the fall and spring semesters, 6 to 9 credit hours during the summer session, and 3 credit hours during intersession. Special permission must be obtained from an MCC Academic Advisor to register for more than the maximum loads cited above.

In order to qualify for course overload, the student should be in good academic standing with a minimum GPA of 2.5 at MCC. If the student does not have an established GPA at MCC, high school or external college transcripts are required to confirm the minimum GPA standard.

Students are required to submit the “Request for Course Overload” form available in Advising (A257) and review the request with an Academic Advisor. The following will be taken into consideration with the student’s request:

- Minimum 2.5 cumulative college GPA
- Placement into college-level English and math (via ACT/SAT or placement testing)
- Prior AP and honors coursework
- Student major, career, degree/certificate and transfer goals
- External commitments
- Prior college credit

**Transfer Students and Acceptance of Credit**

To transfer credit earned at previous institutions of higher education, a student will need to:

- Request official transcripts from all previous institutions to be mailed directly to the Office of Admissions at MCC. If a student attended more than one institution, coursework at each institution is evaluated independently. Therefore, an official transcript must be requested from each institution. Official transcripts arrive in a sealed envelope and are signed by the school’s registrar.

MCC accepts electronic college transcripts through eSCRIP-SAFE®. If your current/previous college or university offers this option, please be sure to follow their instructions carefully. MCC is a participating member of eSCRIP-SAFE and has a secure account for delivery.

Electronic transcripts will only be official if they are sent through secure delivery to the McHenry County College—Undergraduate Admissions account. Transcripts sent to an MCC employee’s email or McHenry County College—Undergraduate Admissions email are recorded as unofficial.

- Declare degree/certificate goals on the Admissions Form or the Request for Evaluation Form, or at www.mchenry.edu/transfertomcc.
The following conditions must be met for MCC to accept credit from another institution:

- Transcripts must be from a regionally accredited institution.
- Coursework completed with a D or higher will be evaluated if the student’s cumulative GPA is 2.0 or above. If the student’s cumulative GPA is below a 2.0, credit may be transferred for courses earning credit and successfully completed with a grade of C or higher.
- MCC will not accept ENG 151 or ENG 152 with less than a C grade (less than two earned quality points on a 4.0 scale).

Credit may be transferred, but grades earned at previous institutions do not transfer and are not included in computing student’s cumulative GPA at MCC.

An evaluation of transfer credit may take up to six weeks from the date MCC receives the transcript from the previous school.

For details on how MCC participates in the Illinois Articulation Initiative (IAI) and accepts IAI-approved transfer coursework, please refer to the Transfer Programs section of this catalog.

**Evaluation of Credit from a Foreign Country**

University/college coursework completed outside the United States must be submitted to an organization that specializes in evaluating foreign transcripts.

To have your education credentials from a foreign country evaluated, contact ONE of the following:

- ECE: Educational Credentials Evaluators, [www.ece.org](http://www.ece.org)
- EP: Educational Perspectives, [www.edperspective.org](http://www.edperspective.org)

The Credentials Evaluation Office at MCC will use the results of the evaluation report along with course descriptions to determine transfer of foreign credit to the College.

International applicants are responsible for all fees associated with credential evaluations. All documents that the student submits, or are submitted on behalf of the student, become the property of the College and will not be released to the student or any other party.

**Transcripts**

Official transcripts of a student’s MCC academic record can be sent to other educational institutions and employers upon the student’s request.

- The student may request an official transcript online through myMCC; see [www.mchenry.edu/transcripts](http://www.mchenry.edu/transcripts) for details. The appropriate fee will be charged for this service.
- Alternatively, the student may come into the MCC Registration Office during business hours to complete a transcript request card and pay the required fee.

**RESIDENCY REQUIREMENTS**

Tuition rates are based on residency. Out-of-State tuition will be charged until proof of residency is received. In order to be charged in-district rates, students must be residents of Community College District #528, regardless of the county for 30 days prior to the semester. District #528 is one of 39 community college districts in the Illinois Community College System. It incorporates the following rural and suburban municipalities:

- Alden
- Bull Valley
- Cary*
- Crystal Lake
- Harvard
- Hebron
- Huntley*
- Johnsburg
- Lakewood
- Marengo
- McHenry
- Oakwood Hills
- Richmond
- Ringwood
- Solon Mills
- Spring Grove
- Trout Valley
- Union
- Wonder Lake
- Woodstock

In addition to the above municipalities, some addresses within the following municipalities may also be included in District #528:

- Algonquin
- Barrington
- Fox River Grove
- Garden Prairie
- Hampshire
- Island Lake
- Lake in the Hills
- Lakemoor

*Lake and Kane County residents are out-of-district with some exceptions in Cary and Huntley. See specific District #528 street names at [www.mchenry.edu/residency](http://www.mchenry.edu/residency).
Proof of Residency is required for:

- Current/former students changing from out-of-district and out-of-state to in-district.
- Students who have had mail returned to MCC.

The following is acceptable documentation which must include the student’s name:

- Illinois Driver’s License
- Illinois State ID
- Current Lease Agreement
- Mortgage
- Utility Bill (gas, electric, garbage, water)
- Voter Registration Card
- Library card only from the following libraries: Alden, Cary, Crystal Lake, Fox River Grove, Harvard, Hebron, Johnsburg, Marengo, McHenry, Oakwood Hills, Richmond, River East Library, Ringwood, Solon Mills, Spring Grove, Union, Wonder Lake, and Woodstock
- An in-district high school transcript proving attendance at the high school the semester immediately prior to entering MCC

NOTE: students who move from outside the district and who obtain residence in the district for reasons other than attending MCC are exempt from the 30-day requirement if they demonstrate through documentation a verifiable interest in establishing permanent residency. This documentation must be approved by the director of Registration and Records.

Residents of Illinois, In-District
In order to be charged in-district rates, proof of residency must be submitted by the end of the first week of the semester.

Submit your proof of residency documentation in any of the following ways:

- In person at the Registration Office (A258)
- By fax: (815) 455-3766
  (Please include a number where we can reach you)
- By mail:
  McHenry County College
  Registration Office
  8900 U.S. Highway 14
  Crystal Lake, IL 60012
  (Please include a number where we can reach you)

Residents of Illinois, Out-of-District
A person who resides in Illinois and is a U.S. citizen or permanent resident but is not a resident of Community College District #528 as defined above is considered an out-of-district resident. Proof of state residency status may be required.

Out-of-State Residents
A person who resides in another state and is a U.S. citizen or a resident of a foreign country is considered an out-of-state resident and will be assessed the appropriate tuition.

Works In-District
Out-of-district and out-of-state students who are employed within McHenry County College District #528 a minimum of 35 hours per week, also qualify for the in-district tuition rate. Students must supply the Registration Office with a letter on company letterhead stationery, signed and dated by the owner/manager, stating the student works 35 or more hours per week.

Joint Agreements
Joint Agreements allow students to enroll and pay in-district tuition rates in specified career/occupational certificate and degree programs offered at another community college. A joint agreement is available only when the home community college does not offer the certificate or degree program.

MCC participates in a consortium of community colleges known as CAREER (Comprehensive Agreement Regarding the Expansion of Educational Resources). Any career program (Associate in Applied Sciences or certificate) offered at one of the following Illinois community colleges but not at MCC is eligible for joint agreement:

- Black Hawk College
- Carl Sandburg College
- City Colleges of Chicago
- College of DuPage
- College of Lake County
- Danville Area Community College
- East St. Louis Community College Center
- Elgin Community College
- Harper College
- Heartland Community College
- Highland Community College
- Illinois Central College
- Illinois Eastern Community College
- Illinois Valley Community College
- John A. Logan College
- John Wood Community College
- Joliet Junior College
In addition to programs offered by CAREER Consortium schools, MCC participates in program-specific joint agreements with the following community colleges:

• Gateway Technical College

**Joint Agreement Guidelines**

The joint agreement request form is available at www.mchenry.edu/records/jointagreements.html. This request form must be completed at least 30 days prior to the official start of the academic term for which you request enrollment. Approved joint agreements are valid for one fiscal year and must be renewed every year.

Joint agreements are restricted to programs that result in Associate in Applied Science degrees or certificates and will not be approved for individual classes. Authorization is limited to one program per applicant at any time.

For joint agreement information, call (815) 479-7632 or email questions to evaluation@mchenry.edu.

If you are an out-of-district student desiring a certificate or degree program at MCC that is not available at your community college, you may apply for a joint agreement. For more information, contact the community college serving your district.

**TUITION AND FEES**

The Board of Trustees establishes tuition and fees for Community College District #528. The Board reserves the right to change tuition and all fee rates at any time. Any balance/refund due as a result of these changes will apply to all students for upcoming semesters, including those who have paid for the semester prior to the change. Failure to clear financial liability may result in suspension of all services to that student until such obligation is cleared.

Please refer to www.mchenry.edu/tuition for current rates.

</table>

*In-district rate applies for students with chargeback or joint agreement authorization on file.

**See “Auditing Classes” or “Repeating Courses” in the Academic Policies and Standards section of this catalog for exemption information.

***Course specific fees are assessed to offset additional costs for out-of-the-ordinary supplies, computer usage, software support, etc. Fees are continually reviewed and adjusted to accurately reflect the cost of instruction. Tuition and fees are subject to change with Board approval. For current rates, check: www.mchenry.edu/tuition.
**Senior Citizen Tuition Reduction**
Senior Citizen Tuition Reduction for credit classes applies to in-district tuition rate only. Senior citizens age 65 or older at the time of registration, who enroll in credit classes are given a tuition reduction in the amount of 100% of the in-district tuition rate. There is no reduction in fees.

The age requirement for all discounted tuition is the person’s age as of the date of registration for the class, regardless of the beginning date of the individual class.

**International Students**
Citizens of foreign countries who are admitted to the College as F-1 or M-1 full-time students under the regulations of nonimmigrant status are considered foreign students for tuition purposes and will be assessed the out-of-state tuition rate. Students admitted to the College who are residing in the U.S. under a temporary visitor visa (J, H, L, etc.) are entitled to the in-district tuition rate provided that they live in College District #528 and/or work full-time for an employer who is in the College's district. Proof of this status is required before the in-district rate can be assessed.

**Method of Payment**
Students may use cash, check or credit card (American Express, Discover, MasterCard or Visa) for tuition payment, fees and Bookstore purchases.

Payment plan information is available online at www.mchenry.edu/registration.

Online payments can be made at www.mchenry.edu/mymcc.

---

**REFUND POLICY**

**Refund Policy**
Tuition and fee refunds will be issued to eligible students based upon the effective date of withdrawal, which is determined by the date you formally notify the Registration Office by withdrawing online, in person, or by fax. **Failure to attend class does not constitute withdrawal.** To receive a full refund (less the registration fee) you must withdraw within the first seven calendar days of the class start date. It is your responsibility to be aware of these refund dates and to make sure MCC has your correct address and e-mail address on file.

**Request for Exception to Refund** forms are available in the Bursar’s Office. To be considered, you must first be withdrawn from the class you are seeking a refund for and then **submit the form to the Bursar’s Office no later than two weeks after the end date of the semester** to which the request applies. Refund requests received after this period will not be accepted for consideration.

If students paid tuition and fees with a credit card and are not on a payment plan, MCC will process the refund. If students are on a payment plan or paid with cash, check, or financial aid, BankMobile will process the refund.

If the College cancels a class, you will receive a full refund of tuition and course fees.

The following information serves as a guideline.

CHAPTER 3

ACADEMIC POLICIES AND STANDARDS

ACADEMIC INTEGRITY AND STANDARDS

MCC is committed to providing an empowering educational experience for all students. Academic honesty in all educational classrooms and programs is critical in providing and maintaining this high level of education.

MCC students are expected to be responsible members of the College community and to be honest and ethical in their academic work. To support students, the College has identified critical thinking, effective communication, information literacy, and professionalism as our general education goals. All MCC students learn what these goals mean in the context of academic integrity, and they learn how to communicate and use information ethically and responsibly.

Academic dishonesty in any form, including but not limited to cheating, plagiarism, unauthorized collaboration, fabrication, and all other acts of academic theft, is considered intolerable. MCC holds students—these new members of the academic community—to a high standard, and violations may include suspension and withdrawal from the academic community.

Any student who wishes to seek assistance pertaining to a problem related to academic integrity may do so by contacting the dean of that department. More specific information can be found in the MCC Student Code of Conduct.

ATTENDANCE POLICY

MCC students are expected to attend every class meeting. Attendance has repeatedly been shown to have a definite relationship to a student's grades, and repeated failure to attend classes can be expected to result in a lower grade and/or possible administrative withdrawal from the course.

Instructors may set forth reasonable expectations that require attendance, establish a course-specific absence policy, and impose penalties for non-attendance. Such policies, if established by an instructor, will be provided in writing with the course syllabus and will be fairly imposed.

Official Absences are those that occur when students are involved in an official activity of the college, i.e., field trips, tournaments, athletic events. Absences for such events shall not count against the student. Students who must miss a class for an official reason must obtain an official absence verification card from the appropriate vice president or designee and present it to the appropriate instructor(s) before the absence. Prior arrangements must be made with each instructor for make-up work. If prior arrangements have been made, the student will not be penalized.

Extended Absence Notification for Students
Office of Crisis Intervention and Prevention Services
A252 (815) 479-7572

The Office of Crisis Intervention and Prevention Services may provide assistance to students who experience a family or personal emergency that will result in absence from classes for more than three consecutive class sessions (e.g. death in the family, unplanned hospitalization, etc.) by notifying the student’s faculty via email. Documentation to support the absence is necessary and should be forwarded to the Office of Crisis Intervention and Prevention Services to be kept in a confidential file.

Each faculty member will determine if the absence is excused according to his/her attendance policy. Notification from the office of Crisis Intervention and Prevention Services for extended absences does not constitute an excused absence. Faculty members have individual and specific attendance requirements listed in the course syllabus, which students are expected to know and to abide by.

It is also highly recommended that students contact their instructor via email and/or phone even if they will only be absent one day or two consecutive days from classes. The instructor may request documentation to support the absence.

AUDITING CLASSES

An individual who desires only information and not academic credit or a grade may enroll as a class auditor. To guarantee space in the class, an additional fee will be charged to offset the loss in state reimbursement. Students may choose to audit a class at the time of registration or until the class's withdrawal date.

DROPPING A CLASS

Students may drop a class without it being recorded on their transcript during the first two weeks of a class longer than nine weeks, or during the first week of a class nine weeks or shorter. Dropping a class can be done online, in person by visiting the Registration Office, or by fax (815) 455-3766. Visit www.mchenry.edu/registration/withdrawing.html for more information.

WITHDRAWAL FROM A CLASS

The withdrawal period begins two weeks after the start date of a class longer than nine weeks, or one week after the start date of a class nine weeks or shorter. The withdrawal period ends three-fourths of the way through the class, based on class start and end dates. For example,
a student must withdraw from a 16 week class within the first 12 weeks. Refer to www.mchenry.edu/registration/withdrawing.html for more information and for specific dates.

Upon withdrawal, a “W” will be recorded on the student transcript, but will not count in computing the student's grade point average.

Failure to attend classes does not constitute withdrawal. Withdrawal from class is valid only after the proper procedure has been followed. A failing grade will be posted on the student transcript if college withdrawal procedures are not followed.

To withdraw from a course, students are encouraged to consult directly with their instructor, an academic advisor, and financial aid personnel to ensure that all respective requirements are still being met. A student may withdraw online, in-person by visiting the Registration Office, or by fax (815) 455-3766. The communication should include the student's name; student ID number; course prefix, number and section; course title; instructor; reason for dropping and student signature. Due to federal privacy regulations, withdrawal from a course cannot be accepted over the telephone.

**Administrative Withdrawal**

Students who no longer wish to continue in a course are responsible for completing the process to withdraw. However, students may be subject to administrative withdrawal if they have excessive absences; are not actively pursuing the completion of course objectives (without having made arrangements with the instructor); or have an extenuating circumstances or a disciplinary issue. If the student is administratively withdrawn, a grade of W will be recorded on their transcript.

**Student Appeal of Administrative Withdrawal**

A student may appeal an Administrative Withdrawal within five calendar days in writing to the vice president of Academic Affairs.

**Late Withdrawal**

A late withdrawal request can be made in extreme circumstances once the withdrawal period of a course ends and before the final grade is posted. This late withdrawal exists to assist students who have experienced severe medical or personal circumstances that negatively impacted their ability to be academically successful. Late Withdrawal requests require instructor and administrative approval.

**NOTE:** Under limited circumstances, a student may petition for a Late Withdrawal after the completion of the course by submitting a written explanation and supporting documents (e.g. doctor's notes, court documents, etc.) to the Vice President of Academic Affairs and Workforce Development for review. A late withdrawal after the course has ended may be granted for students who have experienced severe medical or personal circumstances that negatively impacted their ability to be academically successful. Students should present a request as soon as possible after the end of the affected semester.

**STUDENTS CALLED TO ACTIVE MILITARY DUTY**

MCC will permit enrolled students who are active military, reservists or National Guard and are called to active duty (either national, state or local) to either (1) complete any unfinished courses and/or coursework at a later date or (2) receive a full refund of tuition and fees for all classes in which they are enrolled for the semester in which they are called to active duty. If the student wishes a refund, an Exception to Refund form must be submitted to the Bursar’s Office on the form provided with a copy of the formal orders attached.

**GRADES AND GRADE POINT AVERAGES (GPA)**

Final letter grades are earned for each course at the end of each semester. Grade Point Average (GPA) is calculated using quality points divided by attempted credit hours. A student’s GPA is based solely on courses taken at MCC. Grades are recorded on each student's transcript according to the following performance criteria:

**Grades calculated in GPA:**

A  Outstanding performance in mastering the subject. Achievement of superior quality. (four grade points per credit hour)

B  Consistent performance in achievement beyond the usual requirements of the course. Achievement of high quality. (three grade points per credit hour)

C  Performance of a satisfactory nature. Achievement demonstrating an understanding of the subject sufficient for continued study in the discipline. (two grade points per credit hour)

D  Minimally acceptable performance. Achievement demonstrating below average understanding of the basic elements of the course. (one grade point per credit hour)

F  Achievement at a level insufficient to demonstrate understanding of the basic elements of the course. (zero grade points)

Semester grade point average represents the average of the student's grades for only one semester. The cumulative grade point average represents the average of the grades of all courses the student has taken at MCC.
Grades not calculated in GPA:
All classes below number 100 are developmental classes and are not calculated into the College GPA.

I Incomplete – An incomplete is a temporary grade indicating completion of most but not all of the requirements of the course due to circumstances beyond the control of the student. Incompletes will only be considered when the student has successfully completed the vast majority of course requirements. An Incomplete grade requires the student to make necessary arrangements with the involved instructor to complete the remaining work. Work not completed within 45 calendar days after the end of the semester, unless an administrative extension has been granted, will result in a grade of F. An incomplete grade does not meet prerequisite requirements and will affect a student’s ability to register for the next level course.

W Student- or administrator-initiated withdrawal from a course.

X Audit of a course. No credit or performance grade is awarded.

S Satisfactory completion of non-degree coursework or a credit course graded pass/fail.

NC Unsatisfactory performance in non-degree coursework or a credit class graded pass/fail.

REPEAT Course repeated, indicated by REPEAT in the hours or CEUs column.

FRGVN Forgiven grades, indicated by FRGVN in the “HRS ATT” column.

The above grades will be given unless otherwise specified in an individual course catalog description.

CLEP tests results are not part of GPA calculation. Transcripts will reflect the course that the CLEP test is for and the credit hours.

STUDENT APPEAL FOR CHANGE OF GRADE
MCC students who wish to appeal for a final class grade change must follow the procedure within 30 days from the last date of the class. The appeal must focus on a specific claim of unfairness such as:

- Miscalculation
- Failure to follow syllabus as related to grade calculation
- Faculty member error
- New information related to the class grade is available

A change of grade appeal determines if the final grade was calculated appropriately. It is not designed to explore all material throughout the class to increase points or attempt to grade or re-grade individual assignments or projects.

Step 1 (Informal):
The student will contact the faculty member to review the grade and determine the specific claim of unfairness. If the faculty member no longer works at MCC, the student will proceed to Step 2.

Step 2 (Formal):
If a resolution is not met in Step 1, the student will meet with the faculty member’s dean/associate vice president to clearly outline a formal grade appeal in writing. The formal appeal must identify the specific claim of unfairness and include all evidence to support such a claim. The dean/associate vice president will consider the appeal and communicate the decision in writing.

Step 3 (Formal):
If a resolution is not met in Step 2, the student may make a final appeal to the vice president of Student Affairs within seven business days of the dean’s/associate vice president’s communication. The vice president of Student Affairs will review only material submitted in Step 2 and determine if the student has made a substantiated claim of unfairness. If the vice president of Student Affairs determines that the claim is unsubstantiated, the appeal will be denied. If the vice president of Student Affairs determines that the claim is substantiated, the vice president of Academic Affairs and Workforce Development will review the appeal and evidence submitted in Step 2 and make a final decision.

The vice president of Student Affairs will communicate the decision in writing.

NOTE: Under limited circumstances, a student may petition for a change of grade after 30 calendar days following the last day of the class by submitting a written explanation and supporting documents (e.g. doctor’s notes, court documents, etc.) to the vice president of Academic Affairs and Workforce Development for review.

Grade Forgiveness Policy
McHenry County College’s Grade Forgiveness Policy gives students who have significantly improved their academic performance a second chance at academic success and an opportunity to improve their overall grade point average. Candidates for the forgiveness policy may include students returning to college after military service, work experience, or recuperation from illness or personal problems who are committed to a new beginning in their academic career and can demonstrate their ability to succeed in credit courses.

Eligibility: A student can request a one-time forgiveness of:

- Up to 15 credit hours
- Credits completed within a consecutive 12-month period
- Prior D’s or F’s
After the following requirements are met:

- Fifteen consecutive college-level (100-200) credit hours have been completed at MCC after the grades being requested for forgiveness with a cumulative grade point of 2.0 and no individual course grade lower than a C.
- At least twelve months have passed since the end of the term(s) of the grades to be forgiven. Special circumstances will be reviewed by the vice president of academic affairs.

**NOTE:**

- Forgiveness of grades will be granted one time only for each student.
- Grades earned at other colleges cannot be applied toward eligibility requirements.
- The MCC Grade Forgiveness Policy does not override Financial Aid Satisfactory Academic Progress Policy. Forgiven grades will remain on the official transcript, indicated as “FRGVN.” Each forgiven grade will be excluded from all MCC calculations of credit hours and grade point average. Forgiven grades cannot be used to meet graduation requirements or to satisfy prerequisites.

Students should meet with an Academic Advisor to submit a Grade Forgiveness request.

**Repeating Courses**

Students may repeat any MCC course for the regular cost of the course up to two times. After three attempts, the student must seek the academic dean over the course area to gain approval to repeat the course. All course attempts remain on the college transcript, but only the highest grade is calculated in the cumulative GPA.

**NOTE:** Courses listed in the catalog as repeatable do not follow this procedure.

**CREDIT FOR PRIOR LEARNING**

Increasingly, colleges and universities are recognizing the fact that successful learning is not limited to the formal classroom. MCC has endorsed this principle in various ways that recognize competency and award credit toward graduation for learning acquired outside of the traditional college setting.

Students may be awarded up to 30 semester hours of credit (this is the maximum that may be applied to a degree) through any combination of the following assessments:

1. **Credit by Examination**
   - College-Level Exam Program (CLEP)
   - Credit for Prior Learning
   - Advanced Placement (AP)
   - DANTES Subject Standardized Tests (DSST)
   - IL State Seal of Biliteracy
   - International Baccalaureate Exam (IB)
   - MCC Proficiency Exam

2. **Credit for Military Learning**
   - The Joint Services Transcript (JST) documents professional military education, training and occupation experiences of service members and veterans. The American Council on Education (ACE) collaborates with the U.S. Department of Defense to review military training and experiences and recommend appropriate college credit. Credit may be awarded based upon ACE recommendations. For more information on JST, please visit, [https://jst.doded.mil/official.html](https://jst.doded.mil/official.html) and choose ‘continue to this website’.

3. **Credit for Workplace Learning**
   - MCC awards college credit for specific industry, national, and state certifications.

4. **Credit for Prior Learning Portfolio**
   - MCC awards college credit for specific industry, national, and state certifications.

   **NOTE:** “Credit for Prior Learning” does not count toward full-time enrollment status for enrollment verification for financial aid purposes.

   Details about any of the methods for granting credit for prior learning experiences may be obtained from Academic Advising (A257) or the Credentials Evaluation Office. Acceptance of credit for prior learning varies from institution to institution.

   For more information, visit [www.mchenry.edu/transfertomcc](http://www.mchenry.edu/transfertomcc).

Illinois State Seal of Biliteracy
The Illinois State Seal of Biliteracy posted to a student’s high school transcript will be evaluated as twelve (12) credits of foreign language coursework at MCC (levels 151, 152, and 251). Credit granted will be based on foreign language course or Humanities equivalencies. The student must formally request evaluation for credit to be awarded by application, available at www.mchenry.edu/transfertomcc. Credit must be applied to the college transcript within three academic years of high school graduation.

Course Code Key

ITR in course code denotes IAI-approved General Education Core Curriculum (GECC).

NTR in course code denotes non IAI-GECC.

ELV-GEN course code denotes general elective credit.

ACADEMIC ACHIEVEMENT

Dean’s List and President’s Honor List Recognition

Room A252  (815) 455-8696

Demonstrating its commitment to academic achievement, the College recognizes superior scholarship in two ways. Students enrolled in nine or more credit hours who maintain a semester GPA of 3.5 or higher are named to the Dean’s List. Students enrolled in nine or more credit hours who maintain a semester GPA of 3.75 or higher are given the recognition of being named to the President’s Honor List.

A certificate indicating the Dean’s List or President’s Honor List is presented to each student who meets the requirements.

The Dean’s List and President’s Honor List designations are only offered during fall and spring semesters.

Phi Theta Kappa

Chi Upsilon Chapter Office
Room A230a   mccptk@mchenry.edu
Chapter Advisors     Heidi Boring and Anne Humphrey
www.mchenry.edu/PTK

Founded in 1918, Phi Theta Kappa is the international honor society for two-year colleges offering associate’s degree programs. MCC’s Chi Upsilon Chapter is one of more than 1,200 chapters in the United States and Canada.

Early in the fall and spring semesters, eligible students are sent a letter of invitation to join Phi Theta Kappa. To qualify, a student must have earned a 3.5 GPA, accumulated a minimum of 12 grade-point credit hours, be currently enrolled in 6 credit hours, and be pursuing an associate’s degree or enrolled in the baccalaureate transfer program.

Phi Theta Kappa Honor Society bases all programs on its four hallmarks: scholarship, leadership, service and fellowship. In addition to recognizing and promoting scholastic achievement, Phi Theta Kappa also provides members with opportunities for leadership development, encourages members to conduct service projects for the benefit of the College and the community, and fosters an atmosphere conducive to scholarly fellowship.

Phi Theta Kappa membership benefits at MCC include:

- Eligibility for Phi Theta Kappa transfer scholarships to Illinois colleges and universities
- Recognition of Phi Theta Kappa honors on College transcript for members completing a degree
- Recognition at the graduation ceremony
- Leadership and service opportunities
- Resume enhancement and professional development
- Eligibility for travel scholarships to regional and international events
CHAPTER 4

WORKFORCE AND COMMUNITY DEVELOPMENT PROGRAMS AND SERVICES

ADULT EDUCATION
Room A362  (815) 455-8752
www.mchenry.edu/hse

The Adult Education department offers a variety of educational programs to meet the needs of the community. The program serves adults who are age 17 or older, who are not currently enrolled in high school, who have not yet completed their high school education, and/or need to learn English or improve their basic literacy skills.

An orientation and placement session must be completed in order to register for any class. Adult Education classes are offered at no cost to students, which is made possible by grant funding by the Illinois Community College Board.

Programs are offered at the MCC campus and at several satellite locations within the county.

ADULT VOLUNTEER LITERACY
Room A362  (815) 455-8542
www.mchenry.edu/volunteer

Volunteers wanted! Adult literacy tutors help students develop reading, math or English language skills. Volunteers may tutor students in a classroom setting or meet with individual students in libraries throughout the county. Throughout the year, Adult Volunteer Literacy, tutors develop the skills necessary to help other adults learn basic skills.

NOTE: Volunteers need not speak another language to tutor ESL.

CAREER TRAINING PROGRAM
Room A109  (815) 479-7879
www.mchenry.edu/careertraining

Career Training Programs provide career entry and continuing education for certified professionals. Topic areas include Emergency Dispatcher, Certified Clinical Medical Assistant, Phlebotomy Technician, Home Inspection, and Real Estate. Opportunities are also available for professionals who need continuing education hours to meet requirements for license or certification renewal.

COMMUNITY EDUCATION (CE)—PERSONAL DEVELOPMENT
Room A109  (815) 455-8758
www.mchenry.edu/personaldevelopment

The Personal Development Program serves individuals who wish to explore and continue learning throughout life. Students can register for classes, workshops or activities which do not carry college credit. These activities provide engaging, quality learning opportunities in a variety of subjects.

CONFERENCES AND FACILITY RENTAL
Room B171 (815) 455-8764
www.mchenry.edu/conferences

With locations in both Crystal Lake (main campus) and McHenry (Shah Center), McHenry County College has the space you require for a successful event. The Luecht Auditorium, located on Main campus, features a 350-seat auditorium and meeting rooms for breakout sessions. There is also a private dining room and space for exhibitors or vendors. Shah Center, in McHenry, has a large meeting room with seating up to 100 as well as training rooms and a computer classroom. Space is available on both campuses on a fee basis for community groups and businesses for conferences, seminars, training sessions and other events. Catering services and professional audio visual support are also available.

ENGLISH AS A SECOND LANGUAGE (ESL)
Room A362  (815) 455-8752
www.mchenry.edu/esl

English as a Second Language (ESL) classes help adults whose native language is not English develop English skills in speaking, listening, reading and writing. Students are from a variety of different countries, and instruction is in English. Classes are offered at several levels including advanced, and textbooks are provided for classroom use.
FOCUS ON THE KIDS: HELPING YOUR CHILD COPE

At the McHenry County College Shah Center
(815) 479-7591
www.mchenry.edu/focusonkids

Focus on the Kids: Helping Your Child Cope offers parents, with minor age children, the opportunity to understand the impact that divorce and separation can have on their child(ren). The program assists parents in developing solutions to common and unique dilemmas faced by families during this process of change. Parents have the opportunity to learn effective ways of communicating with each other and learn to make decisions that are in the best interests of their child(ren).

HIGH SCHOOL EQUIVALENCY (HSE) PROGRAM

Room A362 (815) 455-8752
www.mchenry.edu/hse

HSE instruction prepares students to take the test required to earn the high school equivalency certificate. Instruction covers all the areas of the test: social studies, math and writing skills/language arts. HSE preparation is offered in both English and Spanish.

The HSE may also be completed through IPathway. This on-line class prepares students for the HSE. To qualify for IPathways, students must score at an eleventh grade reading level or higher on an assessment for placement and attend an orientation to register for this class. Visit the MCC website for more information.

ILLINOIS SMALL BUSINESS DEVELOPMENT CENTER (ISBDC)

At the McHenry County College Shah Center
(815) 455-6098
www.mchenry.edu/isbdc

The Illinois Small Business Development Center (ISBDC) is a grant-funded program that provides businesses with the necessary tools to grow and succeed. Since 1991, the ISBDC's experienced business professionals have been providing no-fee counseling to business owners throughout every aspect of starting, managing and growing a small business. Services include assistance with business plan development, funding preparation, financial management, marketing research and strategies and personnel management. The center also offers seminars and workshops to help business owners expand their knowledge and houses a small business resource library for client use.

RETIRED ADULT PROGRAM (RAP)

Room A109 (815) 455-8559
www.mchenry.edu/rap

The Retired Adult Program (RAP) is a membership-based program designed for people age 50 and better. This program is both intellectually stimulating and socially rewarding. Participants share their love of learning, knowledge, and expertise with peers through a wide variety of classes and activities.

THE SUSTAINABILITY CENTER

Room C122 (815) 479-7817
www.mchenry.edu/green

Since 1994, McHenry County College has been a proven leader and active partner in sustainability initiatives in the northern Illinois and Greater Chicagoland area. MCC Sustainability Center, created in 2012, works with all departments and academic disciplines across campus, to move the college forward, to reduce its carbon footprint, provide sustainability leadership in the local community, and continue to guide MCC's sustainable initiatives. The mission of the McHenry County College Sustainability Center is to foster a green campus, green curriculum and green community. The vision is McHenry County College will be a premier model of sustainability and environmental stewardship.

The sustainability initiatives outlined in the plan support MCC's efforts to be a model of resource conservation and sustainability, while aligning with the College's mission and goal to focus on learning and student success. Through the implementation of strategic initiatives, MCC will continue to reduce its carbon footprint and become more environmentally sound while conserving its resources, both physical and fiscal. With this plan, MCC strives to create a greener campus, a greener curriculum and a greener community. Details about all three areas can be found at the Center's webpage.
**TRAFFIC SAFETY PROGRAM**

At the McHenry County College Shah Center  
(815) 479-7777  
mctss@mchenry.edu

The Traffic Safety Program offers three National Safety Council classroom defensive driving classes. Taught by National Safety Certified Instructors, classes are offered on-site or online. Driver Safety classes are available to anyone who wants to take a refresher class, learn skills to avoid accidents and citations, learn about new laws, possibly reduce insurance costs, or just be a safe driver.

The Traffic Safety Program also offers driver safety classes for business and industry and can teach classes at an employer's facility to meet their schedule.

The Alive at 25™ program is ideal for new drivers and complements standard driver's education courses by helping young drivers commit to positive driving choices. These programs have proven to be effective at improving skills, decreasing the possibility of future traffic violations and reducing the possibility of serious accidents.

**WORKFORCE TRAINING AND BUSINESS PROGRAMS**

At the McHenry County College Shah Center  
(815) 455-8593  
www.mchenry.edu/workforce

Workforce Training Programs provide open enrollment and customized workforce training. A full schedule is quality and affordable non-credit training programs are available throughout the year. Topic areas include Computer Applications, Leadership and Professional Development, and Safety and Manufacturing Skills. The quarterly publication, the Catalyst, provides current open enrollment class schedules and information on upcoming events. To meet specific business needs, customized contract training can be provided onsite at a business' location or at the Shah Center in McHenry.

**WORKFORCE SERVICES**

Room A124  
(815) 455-8598  
www.mchenry.edu/wioa

Workforce Services provides direct and coordinated services to adult residents of McHenry County. MCC is one of three partners that operate the McHenry County Workforce Center. Headquartered in Woodstock with a satellite office in Harvard, the center provides Workforce Innovation and Opportunity Act (WIOA) one-stop services for job seekers and businesses. The MCC Workforce Services staff at the Woodstock center provides college orientation, job-search assistance, and information on job opportunities and training.

**WORKKEYS® ASSESSMENTS**

Room A245  
(815) 455-8984  
www.mchenry.edu/workkeys

MCC offers WorkKeys® assessments to students, residents and businesses in northern Illinois. WorkKeys assessments measure an individual's skills and competency levels required to successfully perform on the job. Business and industry in the community are using WorkKeys to determine skill levels of current employees and often provide training to increase those skills of their workers. Some organizations are using WorkKeys to help identify which applicants have appropriate skill levels or which employees have the skills to be promoted. The department also offers WorkKeys assessments to teacher aides/paraprofessionals who are seeking the Paraprofessional License from the State of Illinois and the federal No Child Left Behind Act. Testing is provided that can lead to the National Career Readiness Certificate which is a portable credential that demonstrates core employability skills in Applied Math, Workplace Documents and Graphic Literacy. In addition, MCC students who complete certain career and technical education degrees and certificates are also assessed using WorkKeys.
CHAPTER 5

ACADEMIC AND STUDENT SERVICES

MCC supports the development of the whole person. In keeping with this philosophy, the College offers a wide range of services and programs.

ACADEMIC ADVISING

Room A257 (815) 479-7565
www.mchenry.edu/advising

Academic Advisors are available to all current and returning students, providing essential guidance, support, and encouragement regarding course planning, academic planning, transferring, and reaching career goals. Students are welcome to arrange an appointment with an Academic Advisor. A student can book an appointment online by visiting the Advising Center webpage, or by calling the main office number. Drop-ins are also available on a first-come, first-served basis. All new full-time students are required to complete the New Student Orientation process. New part-time students are not required to complete a New Student Orientation but are encouraged to do so. More information is available at www.mchenry.edu/orientation.

An Academic Advisor can help a student:

• Select classes to match their academic and career goals
• Choose a degree or certificate
• Prepare to transfer
• Check their progress toward graduation
• Learn about student organizations, campus services, and other co-curricular opportunities that will help them reach your goals
• Create a long-term academic plan using the Student Planning tool www.mchenry.edu/studentplanning

Prerequisite Waivers

For those students who have completed coursework at another institution, Academic Advisors are able to review transcripts towards course prerequisites. Students are asked to provide a transcript copy via email or in-person to determine if prior coursework fulfills the prerequisite.

Course Overload

Information on Course Overload can be found under Registration in Chapter 2.

ACCESS AND DISABILITY SERVICES

Room A256 (815) 455-8766 Office
(815) 455-7237 TTY
(815) 261-0098 Video Phone
www.mchenry.edu/access

The Access and Disability Services Department at MCC provides accessibility resources to otherwise qualified students with documented disabilities or other barriers to learning. The goal is to provide these students with the same opportunity to succeed in college as other students. Whether the disability is physical, medical, learning, or psychiatric, our comprehensive support services may help the student achieve his or her potential. Accommodations may include extended testing time, test readers, access to written notes, alternative textbook formats, sign language interpreters, etc.

MCC’s focus is on ability—not disability—as we work to provide equal access for students with special needs. Students present current, appropriate diagnosis documentation during an intake appointment with the department manager to determine eligibility. Some students in career and technical education programs who have limited English proficiency or are academically disadvantaged may also qualify for support services. Intake appointments are made by calling the phone number above.

CAREER SERVICES AND WORK-BASED LEARNING

Room A254 (815) 455-8566
www.mchenry.edu/careerservices

The Career Service Center provides career development preparation and resources for students, alumni and in-district community residents.

• Career Coach, personality to career assessment that can assist with educational and career planning
• Career planning
• Resume and cover letter development
• Practice interviews
• Internship and job search strategies
• Access to job postings and search information 24 hours a day through Hire a Scot, www.mchenry.edu/hireascot
• Career development workshops
• On campus employer information tables and networking opportunities
• Information on career fairs
WORK-BASED LEARNING

Bridging classrooms and careers, Work-Based Learning provides real-world career experiences in combination with academic curriculum in a variety of modalities: apprenticeships, internships, and exploration. Working with the companies in the local areas, experiences are being developed to provide a work-based learning experience to every student who wants one.

Apprenticeships

In an Earn-and-Learn model, apprenticeships build their knowledge and skills in the classroom and on-the-job. This comprehensive training program combines job-related credit courses with structured on-the-job training providing salary, benefits, and paid tuition.

Apprenticeships are currently available in the following areas:

• AAS Engineering Technology
• Industrial Maintenance Technician Certificate
• CNC Machining Professional Certificate
• IT

Internships

Internships are short work experiences within a specified field of study. Internships are called different things in various field of study: in Criminal Justice and Fire Science, it is a field experience; in Emergency Medical Technician (EMT) and Nursing programs, internships are known as clinicals; in Culinary Arts and Early Childhood Education, it is a practicum. Some courses of study require an internship experience, for others, it is optional. A credit internship has specific learning outcomes. Non-credit internships take many forms.

Career Exploration

Less intensive work experiences that could include job shadowing, service learning, career field trips, company rotations, and classroom speakers. Exploration allows for brief introductions to career fields and companies to answer questions about those careers and help students decide on their career path.

Additional information regarding Apprenticeship, Internship, and Career Exploration is available in the Career Services office, A254.

CHILDREN’S LEARNING CENTER (CLC)

Room C115  (815) 455-8555
www.mchenry.edu/clc

The Children’s Learning Center (CLC) provides a developmentally appropriate learning environment for young children, in addition to being a lab site for MCC’s Early Childhood Education students. The CLC is state licensed and open to the public. Two flexible-scheduling programs for children include a classroom for children between the ages of 15 months and 3 years, and one for children between 3 and 6 years. Preschool programs are available for 3-year-olds, 4-year-olds and 5-year-olds who miss the kindergarten cut-off date of September 1. Parents interested in registering their children should contact the CLC directly.

COLLEGE SUCCESS COACHES

Room A247

College Success Coaches are dedicated staff members who provide free comprehensive academic and personal support to help MCC students successfully navigate college and achieve success. Our College Success Coaches enhance the student learning experience by providing the following support:

• Intrusive advising
• Future transfer and career planning
• Academic, social, and emotional support
• Financial guidance
• Offering monthly workshops on various topics
• Connection to campus resources
• Involvement in mentoring opportunities

CRISIS INTERVENTION AND PREVENTION SERVICES

Room A252  (815) 479-7572
www.mchenry.edu/crisis

The Office of Crisis Intervention and Prevention Services is available as a resource for students needing assistance with life circumstances that may interfere with their learning and success at MCC. We work collaboratively with other offices at MCC as well as community partners to provide students with a wide range of services that meet their needs. Walk-ins and appointments are available. No appointment is needed for an emergency or crisis situation. Students needing assistance with a crisis situation after office hours should contact the 24-hour McHenry County Crisis Line at (800) 892-8900 or download the MHelp app in their mobile app store to speak with a professional counselor 24 hours a day.
**DUAL CREDIT**

For Career and Technical Education (CTE) programs, MCC collaborates with the McHenry County Cooperative for Employment Education.

Room A210  (815) 455-8569  
www.mchenry.edu/dualcredit

MCC’s Workforce Services staff coordinates Dual Credit initiatives that make it possible for eligible students to earn college credit while still in high school. Academic and Career and Technical Education (CTE) courses are offered at MCC through the Dual Credit Program. CTE courses are offered at local high schools through formal articulation agreements between the high school and MCC. Additionally, CTE courses are offered at MCC for dual credit. MCC collaborates with the McHenry County Cooperative for Employment Education to ensure that CTE programs transfer from the secondary to the postsecondary level.

**FINANCIAL AID, SCHOLARSHIPS AND VETERAN BENEFITS**

Room A262  (815) 455-8761  
(815) 455-8594 fax  
www.mchenry.edu/financialaid

MCC is committed to helping students overcome financial barriers to reach their educational goals. Financial aid is monetary assistance to help students meet the expenses of attending college. Aid may come in the form of grants, loans, student employment, scholarships, outside assistance or a combination thereof.

Students applying for federal or state aid are required to submit the Free Application for Federal Student Aid (FAFSA) and declare a financial aid eligible certificate or degree program. The FAFSA can be completed at www.studentaid.ed.gov. FAFSA on the web worksheets are available to help prepare required information for application completion.

**Eligibility Requirements for Federal (Title IV) Aid**

To be eligible for assistance a student must:

- demonstrate financial need as determined by the FAFSA (for most aid programs)
- be a citizen of the United States or an eligible noncitizen
- have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau)
- be registered with Selective Service, if you are a male between the ages of 18 and 25
- be enrolled as a regular student in a financial aid eligible certificate or degree program. Only classes required for your selected degree or certificate will be eligible for financial aid.
- maintain Satisfactory Academic Progress (SAP).
  www.mchenry.edu/financialaid/progresspolicy.html

(GPA = 2.0 Completion Rate of 67%)

- sign the certification statement of the FAFSA stating that
  - You are not in default on a federal student loan and do not owe money on a federal student grant and
  - You will use federal student aid only for educational purposes and
- show you’re qualified to obtain a college education by
  - Having a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate
  - Completing a high school education in a homeschool setting approved under state law or
  - Enrolling in an eligible career pathway program and meeting on of the “ability-to benefit” alternatives. https://studentaid.ed.gov/sa/eligibility/basic-criteria

**Federal and State Aid—**

**Grants:** need based assistance without the requirement of repayment. Students can receive federal and state grants at only one institution each semester.

Grants offered at MCC:  
www.mchenry.edu/financialaid/grants.html

- Federal Pell Grant (PELL)
- Federal Supplemental Educational Opportunity Grant (SEOG)
- Illinois Monetary Award Program Grant (MAP)

**Loans:** assistance requiring repayment with interest. Students must be enrolled at least half time.

Loans offered at MCC:  
www.mchenry.edu/financialaid/loans.html

- Federal Direct Subsidized Loans are loans made to eligible undergraduate students who demonstrate financial need to help cover the costs of higher education. Interest begins to accrue after the student graduates or becomes enrolled less than half time (6 credit hours).
- Federal Direct Unsubsidized Loans are loans made to eligible undergraduate students, but in this case the student does not have to demonstrate financial need to be eligible. Interest begins to accrue at the time of disbursement.
- Federal Direct Parent Loans for Undergraduate Students are loans made to parents of dependent students to help cover the cost of higher education not covered by other financial aid.
- Information on Private alternative loans is also available at the Office of Financial Aid.

**Federal Work-Study** provides part-time jobs for students with financial need without the requirement of repayment. Students may obtain a job on campus and earn a weekly paycheck. Job listings can be found at www.mchenry.edu/workstudy. Institutionally funded positions may be
available for students not eligible for federal work-study through the FAFSA.

**Disbursement Information**

Pell grant funds will be applied to student account balances on a weekly basis beginning 10 days into the semester. Excess PELL grant funds as well as state and federal grant funds are posted to student accounts at the midpoint of the semester. MAP grants are applied to tuition only. PELL and SEOG grants are applied to tuition and other allowable institutional charges.

Loans are applied to student accounts in two disbursements. For example, funds for loans that cover a two-semester period will be applied once each semester; loans that cover only one semester will be split into two disbursements during that same semester. Loans will disburse according to the appropriate disbursement schedule provided by the Financial Aid office. Loans are also applied to tuition and other allowable institutional charges.

Students must keep their contact information current with MCC to avoid disbursement delays. Students are responsible to pay MCC for any tuition, fees, and other institutional charges that financial aid does not cover. Students with overdue payments will be billed 33.33% in collection charges.

Credit balances will be disbursed according to a student’s BankMobile selection. For information on BankMobile please visit [www.mchenry.edu/refunds](http://www.mchenry.edu/refunds).

**Title IV Credit Balance Policy**

MCC’s policy on paying all Student Credit Balances is modeled after the requirements of Title IV student credit balances. A Title IV credit balance occurs whenever the college credits Title IV program funds to a student's account and those funds exceed the student’s allowable institutional charges.

Allowable institutional charges, include:

- Current charges for tuition, fees and bookstore purchases
- Other educationally related charges incurred by the student at MCC, with the student’s written authorization
- Prior-year charges, up to and not exceeding $200, with the student’s written authorization

**Disbursement:**

MCC pays the excess Title IV program funds (the credit balance) directly to the student as soon as possible, but no later than 14 days after:

- The date the balance occurred on the student’s account, if the balance occurred after the first day of class of a payment period; or
- The first day of classes of the payment period if the credit balance occurred on or before the first day of class of that payment period.

Depending on the specifics of the situation, for students who have a credit balance and are recipients of Title IV federal aid, the level of aid awarded may need to be recalculated by the school’s financial aid office.

**Written Authorization:**

Students (or parent borrowers) must provide written authorization before MCC can perform any of the following actions with respect to credit balances related to Title IV federal aid funds:

- Hold a credit balance in the student’s account across terms within the same award year, or
- Apply funds awarded for the current year to prior year charges, up to $200, to pay for allowable institutional charges

**Financial Aid Return of Funds Policy**

Financial aid awards are set based on student enrollment during each term. McHenry County College (MCC) is required to determine the percentage of Title IV aid earned by the student and return the unearned portion to the appropriate aid programs. Regulations require schools perform calculations within 30 days from the date the school determines a student’s complete withdrawal. The school must return the funds within 45 days of the calculation. If a student receives financial aid and withdraws completely from MCC prior to completing 60% of the semester, an overpayment may result.

**MCC will determine:**

The total amount of Title IV aid that could have been disbursed for the semester in which the student withdrew. The total amount of Title IV aid disbursed for the semester in which the student withdrew. Title IV aid is counted as disbursed in the calculation if it has been applied to the student’s account or before the date the student withdrew. The last day of attendance based on the date a student officially withdrew either in person or online. The last date of academic activity for an unofficial withdrawal or instructor withdrawal will be determined by the date of last attendance reported by the instructor.

MCC will calculate the percentage of Title IV aid earned as follows:

The number of calendar days completed divided by the total number of calendar days in the semester for which the student withdrew. The total number of calendar days in a semester will not exclude any scheduled breaks of more than 5 days.

\[
\text{Days Attended} \div \text{Days in Enrollment Period} = \text{Percentage Completed}
\]

If the calculated percentage completed exceeds 60% the student has earned all the Title IV aid for the enrollment period.
MCC will calculate the amount of Title IV aid earned as follows:

The percentage of Title IV aid earned multiplied by the total amount of Title IV aid disbursed or that could have been disbursed for the term in which the student withdrew. 

\[
\text{Total Aid Disbursed} \times \text{Percentage Completed} = \text{Earned Aid}
\]

Amount of Title IV aid to be disbursed or returned

If the aid already disbursed equals the earned aid, no further action is required.

If the aid already disbursed is greater than the earned aid, the difference must be returned to the appropriate Title IV aid program.

Total Disbursed Aid – Earned Aid = Unearned Aid to be Returned

If the earned aid is less than what has been disbursed, MCC will calculate a post-withdrawal disbursement. When a post-withdrawal disbursement includes loan funds MCC will email the student in order to receive their permission to disburse any loan funds. Students may choose to decline some or all of the loan funds so additional debt is not incurred. Students will be given 14 business days to accept their PWD via email or in person. It is also important students understand accepting a post-withdrawal disbursement of student loan funds will increase their overall student loan debt that must be repaid under the terms of the Master Promissory Note. Additionally, accepting the disbursement of grant funds will reduce the remaining amount of grant funds available to the student should the student continue his/her education.

MCC may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition, bookstore charges and fees. However, MCC needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give his/her permission, the student will be offered the funds. However, it may be in the student's best interest to allow the school to keep the funds to reduce the student's debt at the school.

Repayment of Federal Aid Programs

Federal regulations require the following aid programs to be repaid in the following order:

1. Unsubsidized Direct Stafford Loan
2. Subsidized Direct Stafford Loan
3. Direct PLUS (Parent) Loan
4. Federal Pell Grant

www.mchenry.edu/financialaid/know.html.

**Scholarships and Veteran Benefits**

Scholarships: Gift assistance for students based on academic achievement, athletic ability, community service, ethnic or family background, financial need, residency, or specific field of study. Scholarships are awarded for both fall and spring semesters to support tuition, books, and fees. Visit mchenry.edu/scholarships to review scholarships offered by MCC and through the Friends of MCC Foundation. Completing one general application can qualify you for multiple scholarship opportunities. For more information, contact foundation@mchenry.edu or (815) 479-7529.

Veteran Educational Benefits: Eligibility is based on military service and determined by the Department of Veteran Affairs or the Illinois Student Assistance Commission (ISAC). Students can get information for specific benefit questions and application information in the Office of Financial Aid and Veteran Benefits or at www.mchenry.edu/financialaid/veterans.html.

Benefits offered through MCC:

- Post 9/11 G.I. Bill
- Montgomery G.I. Bill – Active Duty
- Montgomery G.I. Bill – Selected Reserve
- Reserve Educational Assistance Program
- Survivor’s and Dependent’s Educational Assistance Program
- Transfer of Entitlement (TOE)
- Fry Scholarship
- Illinois Veterans Grant
- Illinois Nation Guard
- MIA/POW Scholarship (dependent benefit)
- Military Tuition Assistance – Army reservists can visit www.goarmyed.com after invoices have been approved through their unit. Marine invoices are turned in directly to the Office of Financial Aid.

Military transcripts are available at https://jst.doded.mil/smart/signIn.do

Disclaimer

MCC will not take any of the following actions toward a student utilizing their educational benefits, while their payment from the United States Department of Veteran Affairs is pending to the institution:

- Prevent their enrollment
- Assess a late penalty fee
- Require they secure alternative or additional funding
- Deny their access to any resources available to other students who have satisfied their tuition and fee bills to the institution.
- To qualify for this provision, students are required to:
  - Produce the VA’s Certificate of Eligibility by the first day of class
  - Submit the Request for Benefits and Certification document
  - Provide additional information as required for certification.
Every attempt is made to provide accurate and current information. Changes in federal, state or institutional funding allocations, policy, law or regulations after this catalog is printed, may require amendments or corrections to published policies.

FITNESS CENTER
Room A202   (815) 455-8551  
www.mchenry.edu/fitnesscenter

The Fitness Center is a college/community fitness facility conveniently located on campus. Through programs designed by degreed and certified instructors, students and other members learn how safe and effective exercise can promote a healthy lifestyle and reduce major health risks. Members can take advantage of a wide variety of exercise equipment, fitness evaluations, one-on-one program consultations, special programming, educational seminars and printed resources. The Fitness Center offers a supportive environment for getting and staying healthy and fit.

FOUNDATION OFFICES

Friends of MCC Foundation
Room A219   (815) 455-8721  
www.mchenry.edu/supportmcc

The Friends of MCC Foundation is a not-for-profit organization that works in partnership with McHenry County College. Gifts to the Foundation are tax-deductible because it is an Illinois 501(c)(3) nonprofit organization to benefit both students and programs. Its mission is to build financial support for student learning and success. The Friends of MCC Foundation Board of Directors is comprised of community and business leaders who volunteer their time to raise funds for academic programs, capital projects, and scholarships, making education accessible and attainable for all MCC students. Gifts of any amount are welcome. Make a difference - join the Friends of MCC Foundation and the community in creating an extraordinary legacy of hope, learning and opportunity. Your involvement positively affects all members of our community and sets a precedent that will impact future generations for years to come.

MCC Alumni Association
Room A219   (815) 455-8721  
www.mchenry.edu/alumni

You are an alumnus of MCC once you’ve completed a credit course, and therefore, a member of the MCC Alumni Association. The MCC Alumni Association is here to help alumni connect and interact with each other and make sure your MCC experience lasts a lifetime. Our hope is to keep your bond strong with MCC after you transfer, graduate, and go on to do great things! Look for ways to get involved with the MCC Alumni Association – social, networking, resources, opportunities to give back, and more. For more information, contact alumni@mchenry.edu or (815) 479-7529.

INTERCOLLEGIATE ATHLETICS, INTRAMURALS AND RECREATION
Room A109   (815) 455-8580  
www.mchenry.edu/athletics

Intercollegiate Athletics, Intramurals and Recreation (AIR) provides quality opportunities for athletic and personal development, including competitive, instructional and recreational programs and support services. MCC’s many sports and recreation offerings strive to enhance students’ college experience and serve their diverse interests and abilities. Athletic prospects/recruits are invited to fill out and submit an Electronic Interest/Inquiry Form available on the Scots’ athletic website. MCC’s athletics programs also contribute to and involve our surrounding communities in a positive way.

INTERNATIONAL STUDIES (STUDY ABROAD PROGRAMS)
MCC is an active member of the Illinois Consortium for International Studies and Programs (ICISP). Through this consortium, MCC students can experience studying and living abroad in such countries as Austria, China, Costa Rica, England, France, India, Ireland and Spain. Students receive MCC credit for the classes taken at an international college or university. Fall, spring and summer semester programs are available. For more information, contact Lindsay Carson, chair of International Studies at lcarson@mchenry.edu or visit www.mchenry.edu/studyabroad.

KIDS AND COLLEGE
Room A210   (815) 455-8597  
www.mchenry.edu/kidsandcollege

Kids and College offers a variety of quality academic and enrichment classes and full day STEM (science, technology, engineering, and math) camps over the summer for entering 1st–12th grade students. These non-credit classes and camps are designed to prepare students for their upcoming school year, expose them to 21st century learning skills and expand their knowledge in many content areas. All classes are held at MCC. The exceptional teachers, MCC faculty and camp counselors use best practices in teaching to engage students, bringing their passion and enthusiasm each day so that each child can experience the joy of learning.

Visit www.mchenry.edu/kidsandcollege for summer catalogs.
LEARNING COMMUNITIES (LC) - TWOFERS

The Learning Communities (LC) Program—also known as Twofers—at MCC integrates the material and subject matter from two courses into one for a single, exceptional classroom experience. These courses are team-taught by two instructors who share a vision and theme for their class. (Two fer the price of one—twofers!)

For example, MCC currently offers an LC class that combines Introduction to Literature and Advanced Composition. Though the goals of each course are different, both instructors share a vision that allows them to create a course which focuses on censorship as a theme. Students get the classroom time, instructor contact, credit hours, and fulfill the requirements of both courses, but with a single theme and shared assignments. The example class, for instance, asks students to read censored works of literature and to learn to write at the college level about these texts and examples of censorship. By using this approach, both classes achieve their separate goals in a fluid, multifaceted way.

Mission
It is the mission of the MCC Learning Communities Program to create innovative, challenging, interdisciplinary courses, while retaining the integrity of individual department and division missions, objectives and goals.

Learning Objectives
Students will -

• Think critically: demonstrate complex interdisciplinary analysis.

• Engage globally and ethically: interrogate cultural truths across traditional boundaries.

• Articulate the interconnectedness of topics across curriculums.

• Participate in the formulation of a distinct community of learners.

An updated list of Learning Community classes can be found at www.mchenry.edu/twofer.

For more information, please contact Kate Midday, chair of Learning Communities at kmidday@mchenry.edu.

LEARNING MANAGEMENT SYSTEM

Canvas is the college-wide learning management system used to support online and blended courses, as well as many traditional face-to-face courses. If you are new to MCC or Canvas, you should complete the Canvas orientation course, “How to Take a Course at MCC Using Canvas,” before your online course begins. The orientation course is available in Canvas via this link: https://mchenry.instructure.com/courses/1460884

Students with either PC or Mac computers should access Canvas using the latest version of browsers. The Canvas Browser requirements can be found at https://community.canvaslms.com/docs/doc-10720. For more information, please visit www.mchenry.edu(canvas).

LIBRARY

Room A212  (815) 455-8533
www.mchenry.edu/library

The MCC Library meets the information needs of the college community by providing a balanced collection of resources in all appropriate formats; teaching our patrons to find, evaluate, and use information effectively; and delivering friendly, courteous, and professional service. We value intellectual freedom, inquiry, and lifelong learning, and we encourage these values in those we serve.

MCC 101: THE COLLEGE EXPERIENCE

Room A257  (815) 455-8765
www.mchenry.edu/collegeexperience

MCC 101: The College Experience is a course aligned with MCC’s four General Education Goals and designed to support students during their transition to McHenry County College. Students will experience engaging activities that promote examination and development of skills connected to success in a collegiate setting. The class provides a forum for students to ask questions as they begin their journeys in higher education, and it fosters an introspective look at skill sets that are vital to success in college and beyond. MCC 101 introduces students to the four General Education Goals: critical thinking, effective communication, information literacy, and professionalism; and the goal of the course is to help students achieve success.

All full-time students must successfully complete MCC 101 preceding or during their first semester at MCC unless they have completed one of the following:

• 24 semester hours of college credit with a 2.0 cumulative GPA.

• A course equivalent to MCC 101 at another college, documented on a college transcript. The student is responsible for notifying the coordinator of MCC 101 to determine if a waiver can be applied.

If the MCC 101 requirement has not been satisfied preceding or during the first semester, the student’s ability to register for classes for a second semester at MCC will be restricted. For more information visit www.mchenry.edu/collegeexperience.
MULTICULTURAL AFFAIRS
Room A247  (815) 479-7749  
www.mchenry.edu/multicultural
The Office of Multicultural Affairs provides a variety of multicultural education programs, services, and one-on-one interactions to help students meet their academic goals.

What We Do:
• Build a sense of belonging and connectivity to campus resources and information
• Engage in social, professional and academic growth and development
• Foster student motivation and enthusiasm
• Promote cross-cultural awareness and cultural competence
• Engage in multicultural and co-curricular programming.

ONLINE LEARNING
MCC makes it convenient to learn, even from afar. Students can earn degrees or certificates through a unique program that incorporates online learning technology, allowing them to complete most of their coursework from remote locations through online or blended format.

Online Degrees and Certificates
www.mchenry.edu/onlineprograms
MCC offers accredited Associate in Arts, Associate in Science, Associate in General Education degrees, and Associates in Applied Science (AAS) degrees and certificates through online delivery.

Online Courses
Online courses are easily accessible via the Internet. Students need access to a computer with certain specifications. Students may interact with the instructors via MCC’s learning management system, telephone, virtual conference, and/or campus visits. Students may be required to attend an orientation or take proctored exams on campus.

Blended Courses
Blended courses typically involve a combination of online instruction and face-to-face classroom instruction. A significant portion of coursework is provided (conducted) online, but some regular face-to-face instruction is still required. Face-to-face time requirements will vary between blended courses and sections; please refer to the course schedule for more information.

Online/Blended Course Time Expectation
Time on task is the total learning time spent by a student in a college course, including instructional time as well as time spent studying and completing course assignments (e.g., reading, research, writing, individual and group projects.) Your workload may be more or less depending on your study habits.

"Instruction" is provided differently in online/blended courses than in classroom-based courses. An online/blended course requires a minimum of three hours of work for each course credit; therefore, for a three-credit course, you should expect to spend about nine to twelve hours each week in this course to engage in activities that may include but is not limited to:

• attending synchronous sessions
• participating in interactive tutorials or computer-assisted instruction
• reading course materials
• participating in online discussions
• participating in online study groups for the class
• doing research and writing papers
• completing all other course assignments (e.g., quizzes, exams, field trips, etc.)

REGISTRATION
Room A258  (815) 455-8588  
www.mchenry.edu/registration
The Registration Office assists students with registration transactions including adding and dropping classes, payment for tuition and fees, and ordering transcripts.

SAGE LEARNING CENTER
Room A212  (815) 455-8579  
(inside Library) www.mchenry.edu/sage
The Sage Learning Center is a general tutoring center for students registered in college credit courses, seeking assistance in a variety of academic subject areas. The Center primarily provides tutoring in math, writing/English, the sciences, study skills, and several other subjects. Tutoring is delivered by professional and peer tutors on a drop-in and an appointment basis. Other services include workshops, individual appointments, resource materials, and in-class academic support services.
STUDENT ACTIVITIES
Room A247  (815) 455-8550  www.mchenry.edu/studentlife

The Student Activities Office provides quality student-centered programs, services and involvement opportunities that foster leadership, civic engagement, and student development. Student Activities promotes a fun and engaging environment for MCC students by organizing a variety of campus activities that educate and entertain. All students are encouraged to take advantage of leadership opportunities, volunteer opportunities, as well as hold leadership positions within our student organizations. The office assists MCC’s 30+ student organization in the planning of programming and activates around the wide variety of student needs and interests. Contact the Student Activities Office for more information about involvement opportunities or to form a new student organization!

STUDENT CODE OF CONDUCT
Room A252  (815) 455-8696  www.mchenry.edu/conduct

Consistent with the MCC mission is an expectation that students will behave appropriately with emphasis on self-respect and respect for others. It is the practice of the College to respect the properly exercised rights of its students. The College recognizes a student’s rights within the institution to freedom of speech, inquiry and assembly; to the peaceful pursuit of education; and to the reasonable use of MCC services and facilities.

The Student Code of Conduct has been established to maintain order on campus and to guarantee the broadest range of freedom for all who come to learn at MCC.

Each student is responsible for knowledge of and compliance with this Student Code of Conduct. The College further recognizes each student’s rights to fair procedures, including notice that specifies the alleged violation(s) of the Code of Conduct, an opportunity to respond to the allegations, and an appeal process appropriate to the nature and potential consequences of the violation.

STUDENT PERFORMANCES, PUBLICATIONS AND ARTWORK

MCC offers a variety of arts opportunities for students interested in composing, producing and performing. In addition to a music club, the College sponsors a jazz band, a concert band and a chorus that perform on campus and in the community. The Black Box Theatre (located in Building E) serves both as an instructional facility and as a theatre for productions throughout the year. The Drama Club facilitates student-driven productions. For writers, the College offers Voices, a literary magazine featuring original work and readings, and the Tartan, a student newspaper for those interested in various facets of journalism. The Art Department features regular displays throughout the College of photography, paintings, drawings and pottery created by students. Artspace 144 is a gallery that was designed specifically for exhibition of student work. Every spring semester, the Art Department mounts a juried student art exhibit. MCC students and faculty also participate in the Skyway Art Exhibition and Music and Literature Festivals each year. See www.mchenry.edu/voices for past publications and future submission deadlines.

See www.mchenry.edu/voices for past publications and future submission deadlines.

See www.mchenry.edu/blackbox for photos of past performances and details of future auditions.

See www.mchenry.edu/events/fine-arts.html for the Fine and Performing Arts Events.

See www.mchenry.edu/artgallery for exhibit schedules and gallery information.

STUDENT SUCCESS CENTER
Room A247  (815) 455-8550

The Student Success Center provides quality student space that is centered around engaging students, programs for diversity and success, and involvement opportunities that foster leadership, civic engagement, and student development. The Center is comprised of: The Student Life Office, Office of Multicultural Affairs, and MCC’s College Success Coaches.
STUDENT VETERANS RESOURCE CENTER
Room A248  (815) 479-7543  
www.mchenry.edu/veterans

MCC offers personalized attention to help veterans select a program of study that draws upon their military experience and guides them towards a fulfilling career path.

- Assistance with benefits
- Access to scholarships and grants
- Study/workgroup space
- Career and job resources
- Student Veterans of America (SVA) Chapter

TESTING CENTER
Room A245  (815) 455-8984  
www.mchenry.edu/testingcenter

Testing Center proctors many kinds of tests for MCC students and community members. Picture identification is required for each test taken. Tests issued by external institutions require a government-issued ID showing name, address, date of birth, signature and photograph. Appointments are needed for CLEP, CNA, GED, TEAS and online tests. Modern Language and Geometry placement exams, and Make-up tests are taken on a walk-in basis. Appointments are encouraged but not required for math, English and reading placement exams. Students can schedule at www.registerblast.com/mchenry. All tests are subject to time restrictions. All tests must be started at least 30 minutes prior to the Testing Center closing time and completed five minutes prior to closing. Please call ahead for further information about a specific test or about the Testing Center regulations and hours of operation.
GRADUATION

GRADUATION PROCEDURES

www.mchenry.edu/graduation

For questions on:
Degree Audits: (815) 479-7632
Commencement: (815) 479-7547

Students are responsible for knowing and observing the requirements of their certificate or degree program and the rules governing academic progress. Academic Advisors are available to assist students in making informed decisions for course selection and long-term educational plans. Each student has the responsibility to fulfill the requirements for the certificate or degree, check the eligibility to take courses, and observe the academic rules governing the program. Specifically, each student has the responsibility to fulfill the requirements for the certificate or degree, check the eligibility to take courses, and observe the academic rules governing the program.

Academic requirements may change with each edition of the College catalog. Students are responsible for the certificate or degree requirements that are specified in the official College catalog at the time the student completes his/her first credit course. A student may elect to follow the certificate or degree requirements set forth in any subsequent catalog if it is in the student's best interest and the student completes all the requirements of that catalog. Requirements may not, however, be combined from different catalogs. In no case may a student graduate using the requirements of a McHenry County College catalog that is more than five years old prior to the date of graduation.

In the case of curriculum changes, or the cancellation or withdrawal of courses, the vice president, working with the department chair/dean, may make adjustments to a student’s requirements to meet the changes in program requirements. Efforts will be made to coordinate earlier coursework in a way most beneficial to the student to fulfill curriculum requirements. All course substitutions must be approved in writing by the department chair/dean and vice president. A degree or certificate cannot be awarded if the program has been withdrawn.

All financial obligations to the College must be paid. Failure to clear financial liability may delay the processing of diplomas/certificates until such obligation is cleared.

Through myMCC>Self-Service>StudentPlanning>My Progress, students have the ability to evaluate their progress toward completion of a degree or certificate program, by identifying which courses have been completed and which courses are still needed to fulfill program requirements. In addition, students may check to see how completed courses may be applied to a different academic program by using the “View a New Program” feature.

It is the responsibility of the student to know and fulfill all degree/certificate requirements and graduation procedures.

Candidates for graduation must apply during the semester in which they will complete graduation requirements. Students apply for graduation via myMCC > Self-Service > Graduation Overview, before the following deadlines:

- May graduates—April 1
- August graduates—August 1
- December graduates—November 1

Commencement Exercises

Commencement exercises are held in May and in December each year. Students who are graduating in May participate in the Spring Commencement. Students graduating in August or December participate in the Winter Commencement. For information on the commencement ceremony visit www.mchenry.edu/commencement.

NOTE: Failure to clear financial liability may delay the processing of diplomas/certificates until such obligation is cleared.

Associate’s Degree Requirements:

1. Satisfactory completion of 60 or more credit hours depending on the specific program, with a 2.0 or higher cumulative GPA at the time graduation requirements are met. Awarding of degrees will be dated in the semester and year in which all requirements were met. GPA of transfer credits and developmental courses does not apply.

2. Satisfactory completion of all course requirements, subject to the following:

A. Course requirements are defined as those contained in MCC’s catalog at the time the student first enrolled at the College, provided there has been no break in his or her MCC education exceeding five consecutive years. Failing grades, non-credit courses and course withdrawals are not considered as attendance for this purpose.

B. Course requirements are defined as those contained in MCC’s catalog at the time of re-entry for those students who have experienced a break in their education exceeding five consecutive years.
C. In the case of curriculum changes or the cancellation or withdrawal of courses, every effort will be made to substitute current coursework to fulfill degree requirements. Course substitutions and waivers must be approved in writing by the appropriate department chair or dean.

3. Completion of 15 credit hours in credit courses at MCC. Credit earned through CLEP, MCC proficiency, DANTES and AP examinations does not satisfy this residency requirement. Students completing an AAS degree must complete a minimum of 15 credit hours of program-specific coursework through MCC (i.e., not general education coursework).

4. End-of-program assessment is required for degree completion.
   A. Students seeking a degree of AA, AS, AES, AFA or AGE will be required to complete an E-Portfolio of work demonstrating their achievements in the general education goals of the college.
   B. Students seeking a career and technical education AAS degree will be required to complete an end-of-program assessment as directed by the specific department.

5. Submission of graduation application through myMCC, prior to the posted deadline.

Awarding of Additional Degrees
A graduate of MCC may pursue and be awarded additional degrees. The following requirements must be met:
- All degree requirements, including the general education requirements and also those specialized classes normally required.
- Twelve semester hours of additional credit earned at MCC. The additional 12 hours of credit may not be applied to the first degree earned.
- Minimum of a 2.0 cumulative GPA at the time graduation requirements are met.
- Submission of graduation application through myMCC, prior to the posted deadline.

Graduation Academic Honors
Upon completion of associate’s degree requirements, academic honors are awarded according to the following scale:
- **High Honors**—3.75 to 4.0 cumulative GPA
- **Honors**—3.5 to 3.74 cumulative GPA

Academic honors are recognized both on the student’s transcript and at the commencement exercises. To be considered for academic honors, students must earn 30 semester hours of grade point credit in residence at MCC.
CHAPTER 7

LEGAL GUIDELINES

EQUAL OPPORTUNITY AND NON-DISCRIMINATION

MCC declares and reaffirms a policy of equal opportunity and non-discrimination. The College will make all decisions regarding employment without discrimination on grounds of race, color, creed or religion, sex, national origin, ancestry, age, order of protection status, marital status, physical or mental disabilities, military status, sexual orientation, gender-related identity, pregnancy, unfavorable discharge from military service, or other factors prohibited by law. Decisions regarding employment include hiring, promotion, termination, wages or salaries, benefits, and other terms and conditions of employment.

Any person having questions regarding the above is directed to contact Rachel Boldman, Title IX Coordinator, Location: Crystal Lake Campus; Office A252, 8900 U.S. Highway 14, Crystal Lake, IL 60012, (815) 479-7572; or Lili O’Connell, Section 504 Coordinator, Location: Crystal Lake Campus; Office A256, 8900 U.S. Highway 14, Crystal Lake, IL 60012, (815) 455-8676.

VIOLENCE AGAINST WOMEN ACT OF 1994 (VAWA), JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CRIME STATISTICS ACT (CLERY ACT), AND TITLE IX

In recognition of the severity of the crimes associated with domestic violence, dating violence, sexual assault, and stalking, Congress passed the Violence Against Women Act, as part of the Violent Crime Control and Law Enforcement Act of 1994. The reauthorization of VAWA (2000, 2005, and 2013), along with the Campus SaVE Act and the Clery Act, have worked together to improve the safety of college campuses and enhance the outlook for abuse victims. The 2013 reauthorization of VAWA also provides additional rights and services for victims of domestic violence, dating violence, sexual assault, and stalking.

Title IX

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination based on sex and gender, which includes sexual harassment and sexual violence, in education programs and activities. “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance…Title IX prohibits a recipient from discriminating on the basis of sex in admissions, recruitment, financial aid, academic programs, student treatment and services, counseling and guidance, discipline, classroom assignment, grading, vocational education, recreation, physical education, athletics, housing and employment.”

Title IX Coordinator

The Title IX Coordinator is the responsible employee of the College with major responsibility for Title IX oversight and compliance efforts. The Title IX Coordinator’s responsibilities are critical to the development, implementation, and monitoring of meaningful efforts to comply with Title IX. The Title IX Coordinator at McHenry County College is Rachel Boldman, Director of Crisis Intervention and Prevention Services (815) 479-7572, rboldman@mchenry.edu.

What’s Your Responsibility?

If you observe, hear of, or are subject to an act of sexual harassment, or discrimination based on sex, gender, or gender identity, please contact the Title IX Coordinator at (815) 479-7572 or rboldman@mchenry.edu. You may also report your concerns online at www.mchenry.edu/sexualmisconduct, under the “Filing a Report” section. Employees who have knowledge of such incidents are required to report them to the Title IX Coordinator.

TITLE IX COMPLAINT PROCEDURE

Complaints of sexual harassment, or discrimination on the basis of sex, gender, or gender identity should be made to the Title IX Coordinator. Complaints may be made in person in office A252, by phone at (815) 479-7572, by email to rboldman@mchenry.edu, or through the online reporting form at www.mchenry.edu/sexualmisconduct, under the “Filing a Report” section. Employees who have knowledge of such incidents are required to report them to the Title IX Coordinator. All reports will be investigated promptly according to the College’s procedures implementing the prohibition of sexual discrimination, harassment, and misconduct, available at www.mchenry.edu/sexualmisconduct. Supportive measures are available to all parties involved in the complaint resolution process. Supportive measures are also available to individuals impacted by incidents outside of the College’s jurisdiction. For more information, please contact the Title IX Coordinator.

If an individual believes that the Title IX Coordinator is responsible for or has permitted harassment or discrimination to occur, they should report the matter immediately to the vice president of Human Resources, (815) 455-8738 or the vice president of Student Affairs at (815) 455-8584.
DISCRIMINATION, HARASSMENT, AND ANTI-VIOLENCE

The College seeks to maintain an academic and work environment free from harassment and discrimination for students, faculty, and staff. Harassment and discrimination are contrary to the standards of the College community; they diminish individual dignity, and impede equal employment and educational opportunities.

In compliance with all applicable laws, the College prohibits discrimination and harassment based on race, color, creed or religion, sex, national origin, ancestry, age, order of protection status, marital status, physical or mental disabilities, military status, sexual orientation, gender-related identity, pregnancy, unfavorable military discharge, or other factors prohibited by law in admissions, employment, participation in educational programs, or activities. Decisions regarding employment include hiring, promotion, termination, wages or salaries, benefits, and other terms and conditions of employment.

Intimidation, discrimination, and harassment, including sexual discrimination, can arise from a broad range of verbal, nonverbal, and/or physical behaviors. Discrimination, harassment, and/or intimidation can be perpetrated by employees, students, outside contractors, or other individuals on the College’s premises. The College strictly prohibits such misconduct and similar unacceptable activities that could become a condition of employment or a basis for educational or personnel decisions, or which create a hostile environment.

Any employee or student who engages in discrimination or harassment, or who retaliates against another individual for making or participating in the investigation of a report of discrimination or harassment, is subject to discipline, up to and including termination or expulsion from the College.

Individuals who believe they have experienced harassment or discrimination prohibited by the statements above are encouraged to contact the appropriate office. Students should contact the Office of Student Conduct, Office A252, at (815) 455-8696. Employees should contact Michelle Skinder, Vice President of Human Resources at (815) 455-8738.

Any student who believes that they have been harassed or discriminated against by another member of the College community may also contact the MCC Campus Police Department, Room B176, (815) 455-8733 (non-emergency) or 911 (emergency), to initiate a police investigation. The College will conduct its own investigation of any harassment/discrimination complaints independent of any criminal-related law enforcement investigation; however College and law enforcement investigations into harassment/discrimination may proceed simultaneously.

STUDENT RIGHTS AND RESPONSIBILITY

MCC recognizes that students are both citizens and members of an academic community. As a citizen, each student has the freedom of speech, assembly, association and the press, and the rights of petition and due process that are guaranteed by the state and federal constitutions. As members of an academic community, students have the right and the responsibility to participate in the formulation and review of all the College regulations and policies directly affecting them. Upon enrolling in the College, each student assumes an obligation to conduct him/herself in a manner that is compatible with the College’s function as an educational institution. If this obligation is neglected or ignored by the student, the College must, in the interest of fulfilling its function and meeting its total obligations, institute appropriate disciplinary action as allowed under Board policy.

STUDENT RIGHT-TO-KNOW

In compliance with federal Student Right-to-Know (SRK) legislation, the Drug-Free Schools and Campus Act, the Higher Education Act, and other federal regulations regarding consumer information, MCC provides the following information to current and prospective students:

- All Student Consumer Information – www.mchenry.edu/consumer
- Registered Sex Offender Database – www.isp.state.il.us/sor
- Sexual Harassment Policy – www.mchenry.edu/sexualmisconduct
- Completion, Graduation and Transfer-Out Rates – www.mchenry.edu/sturight2know
- Drug and Alcohol Prevention Information – www.mchenry.edu/policy/drugpolicy.html
- Athletic Program Participation rates and Financial Support – Athletic tuition waiver scholarships are available to qualified and select student athletes as recommended by the head coach of each sport. Athletic prospects should contact the appropriate head coach to express interest in being considered for the program. For more information, visit the Athletics Office, Room A109, or call (815) 455-8580.
- Voter Registration Information—https://ova.elections.il.gov

MCHENRY COUNTY COLLEGE 2021-2022 COURSE CATALOG
FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records:

- The right to review their educational records. Students may contact the director of Registration and Records and arrangements will be made to provide this information to the student.
- Students may request that their educational records be changed if the student believes the information is inaccurate or misleading.
- The right to permit disclosure of the student’s educational record. Students may sign a Release of Confidentiality Form in the Registration Office giving MCC permission to disclose information to any individual that the student designates.
- Students may request to have their directory information withheld. The following student information is designated as the directory information and may be disclosed or released by MCC at its discretion: Name, hometown, major field of study, image, dates of attendance, enrollment status, degrees and awards received, the most recent educational agency or institution attended by the student, participation in officially recognized activities and sports, and height and weight of members of athletic teams. To have all of the directory information withheld, the student must give written notice, in person, to the director of Registration and Records.
- The right to file a complaint with the U.S. Department of Education concerning the College’s violation of FERPA. The name and address of the office that administers FERPA is:

  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Avenue, SW
  Washington, DC 20202-4605

College officials of MCC are defined as all College employees, as well as contractors, consultants, volunteers, members of the Board of Trustees, student employees, students serving on an official committee, scholarship donors (for the sole purpose of evaluating scholarship recipients) and other outside parties providing services and performing functions for the College.

Education records may be disclosed to college officials without prior written consent if that College official has a legitimate educational interest. Legitimate educational interest means that the information or records are relevant and necessary to accomplish a task or determination AND the task or determination is a responsibility required for the person’s employment or is a subject matter for the person’s employment responsibility.

Visit www.mchenry.edu/ferpa for more information.

CRIME AWARENESS AND CAMPUS SECURITY ACT OF 1990

Room B176  (815) 455-8733

The primary goal of the McHenry County College (MCC) Police Department is to ensure the safety and well-being of all individuals on the campus and to provide protection for all College buildings, facilities and property.

MCC’s Campus Police Department staffs both trained police officers and security professionals, all of whom are able to assist students, employees and the community during campus emergencies. MCC police officers are fully trained and commissioned, and have met the requirements as mandated and regulated by the Illinois Compiled Statutes and the Illinois Law Enforcement Training and Standards Board.

On campus, the officers of the MCC Police Department enforce all rules, regulations and laws, both of the state and of the College community, including criminal and traffic laws, as well as those regulating the use of alcoholic beverages, the use of controlled substances and weapons violations. They also work closely with federal, state and local law enforcement agencies in the surrounding communities, assisting with incidents that may affect the College.

All in progress criminal activity, life threatening medical emergencies or similar situations should be reported immediately to the MCC Police Department by dialing 911. A campus police officer will be dispatched.

For all non-emergency calls, please dial x8733 from any campus telephone located in the halls and classrooms throughout the campus buildings, or by dialing (815) 455-8733 from an outside line.

Campus Police Department has an informative webpage displaying crime reporting, activity log, emergency procedures, crime tips, videos and more. The webpage can be accessed at www.mchenry.edu/safety.

Firearms

Possession of firearms on McHenry County College campus, on property controlled by the College, at College sponsored events, at events attended while on College business, or in College owned or leased vehicles is prohibited, except as permitted by the Illinois Firearm Concealed Carry Act (430 ILCS 66) (“Act”). A firearm includes any gun, pistol, rifle, assault rifle or shotgun from which a projectile is fired by gunpowder or other explosive action.

In compliance with the Act, an individual with a valid concealed carry license issued by the State of Illinois must properly store his/her firearm in his/her vehicle out of sight in a secure and closed container prior to entering any College facility, event or vehicle according to specific requirements of the Act.
The McHenry County College Police Department should be notified of any individual suspected or found to have a firearm on their person. Campus Police Officers will determine whether the individual has lawfully recognized authority to possess a firearm on College property. McHenry County College will pursue appropriate disciplinary and/or criminal action against anyone found in violation of this policy and/or the statute.

Law enforcement officers authorized to carry a firearm may carry their firearm on College property and in College facilities, in accordance with the laws of the State of Illinois governing police officers and the Law Enforcement Officers Safety Act of 2004 (218 U.S.C. 926B and 926C). The College may request current/valid identification of the officer’s law enforcement capacity authorizing possession of a firearm and reserves the right to confirm the officer’s law enforcement capacity with proper authorities.

**Campus Crime Awareness**

The College recognizes that crime prevention on the campus is best served by an active effort to promote staff and student awareness of College policies and procedures and encourage employees and students to act in a responsible manner in regard to their own security and the security of others.

Many crimes are crimes of opportunity. Here are some tips on how to prevent certain crimes:

- **Safety in numbers.** If you have a concern for your personal safety while on campus, the Campus Police Department will provide you with an escort.
- **Report any suspicious and unusual activity to the Campus Police Department immediately.**
- **Lock your car, remove and take the keys with you.**
- **Do not leave personal belongings unattended.**
- **If you ride a bicycle/moped or motorcycle, use a good chain and lock to better secure it. Consider high-security locks and chains for your bicycle/moped or motorcycle.**

Campus Police officers can assist you with crime prevention on or off campus. If you have a question, contact Campus Police. Together, we can make crime prevention work for you.

**Secure your vehicle:**

- **Always lock your vehicle on campus.**
- **Keep your vehicle in good operating condition.**
- **Record the make, model and serial number of all valuable items in your vehicle.**
- **Mount auxiliary electronic devices such as iPod’s, GPS’s and other electronic equipment so they can be removed and locked in your trunk.**
- **Consider installing an alarm system in your vehicle to guard against theft.**

- **When having your vehicle serviced at the auto shop, leave only the ignition and door keys.**
- **Check to be sure you always have an ample supply of gasoline.**
- **Always check the back seat before getting into your vehicle.**
- **Report any suspicious persons or vehicles to the Campus Police Department immediately.**

**CAMPUS CRIME STATISTICS**

The MCC Police Department is required by federal law to compile a Campus Crime Statistical Report to make it available to the public. The report is available on our website, in the Library (A212), and Student Success Center (A247). Individual copies are available upon request at the MCC Police Department (B176). Further information concerning compliance should be directed to the MCC Police Department.

Registered Sex Offender Information

The Illinois State Police provides a list of registered sex offenders which can be accessed online. The online database is updated daily and allows searches by name, city, county and zip code. Information about registered sex offenders may be obtained at www.isp.state.il.us/sor/. A link to this database may also be accessed thru the Campus Police webpage under the “Crime Information” at www.mchenry.edu/safety

This information is being provided under the mandates of the Campus Sex Crimes Prevention Act (section 1601 of public law 106-386, enacted October 28, 2000.)

Additionally, federal and state laws require sex offenders to take certain steps upon enrollment in an institution of higher education, regardless of whether their enrollment is full or part time. Pursuant to the Campus Sex Crimes Prevention Act, individuals are required to register as a sex offender in the jurisdiction where their residence is located, jurisdiction where the college they attend is located, and the College Police Department. In order to comply with federal and state registration requirements related to college enrollment each semester, a sex offender must register within three days of attendance at a college by reporting in person to the city police department or county sheriff’s office in the jurisdiction where the college is located, as well as the McHenry County College Police Department. Students who fail to register their status as a sex offender in each of these locations are in violation of the registration act and face arrest and expulsion from the College.

Within ten business days prior to the start of class or immediately upon registration, registered sex offenders are required to notify the Student Conduct Office of their class schedule. Failure to comply may result in an automatic administrative course withdrawal and/or denial of enrollment and access to campus and/or the decision of the College to contact local law enforcement authorities.

Once a registered sex offender is identified as an enrollee of the College (see information above), the following procedure will be followed:

- McHenry County College Police Department will notify the Conduct Officer or his/her designee when a student has completed the registered sex offender process with their office. The McHenry County College Police Department will advise the registered sex offender to contact the Student Conduct Office to schedule an initial meeting with the Conduct Officer or his/her designee. The registered sex offender may contact the Conduct Office by calling: (815) 455-8696. In the event that the sex offender has not yet registered with the Campus Police Department, the Conduct Officer will immediately direct them to do so prior to the meeting.
• The Conduct Officer will review the student’s class schedule and determine which restrictions should be put in place in accordance with state and federal law.

• During the meeting, the Conduct Officer will provide the student with a written letter containing the restrictions the student must abide by while on the College’s campus, and will discuss each restriction verbally with the student. During this meeting, the student will also be advised that his/her failure to comply with the restrictions outlined in the letter may result in an automatic course withdrawal and/or denial of enrollment and access to campus and/or the decision of the College to contact local law enforcement authorities.

• If a registered sex offender is enrolled in a course with a student who is under the age of 18, the Conduct Officer will determine if other course section(s) are available to the registered sex offender, or notify the class instructor of the student’s status as a sex offender. The Conduct Officer will also determine if there are other College staff members who need to be notified of a student’s status as a registered sex offender in order to protect persons under the age of 18 on the College’s campus. In some circumstances, the registered sex offender may be required to enroll in a course section that does not contain minors.

If applicable, the Conduct Officer will notify appropriate College officials serving students under the age of 18 of all registered sex offenders enrolled in or employed by McHenry County College.

The College’s Campus Police Department will maintain access to a database of all registered sex offender students and employees. The database will contain identifier information as outlined in the Campus Sex Crimes Prevention Act. This information will be available or review by any person requesting information on registered sex offenders enrolled and employed by the College.

TOBACCO-FREE CAMPUS POLICY

To promote a safe, clean and healthy learning environment for students, employees, and community patrons, McHenry County College is a tobacco-free campus environment.

Learn about details and procedure information at www.mchenry.edu/policy/smoking.html

STUDENT AND STAKEHOLDER COMPLAINT PROCEDURE

McHenry County College (MCC) is committed to service excellence, both in and out of the classroom. In order to continuously ensure quality and enhance our services to students and the community, we welcome your feedback about what is working, as well as those areas in which MCC may need to improve.

How to submit a complaint:

• Students/stakeholders may file a complaint in person, via email, phone, mail, comment cards (available on campus), or online at www.mchenry.edu/complaints. When a complaint is received, the employee directly responsible for the area the complaint is about will investigate the issue. Immediate action will be taken to resolve the issue, provide follow-up information if requested, and record the outcome.

• If a student/stakeholder does not agree with the resolution or feels that the issue has not been fully resolved, he/she may appeal to the next-level supervisor of that area/department in question. To appeal, please submit a written statement describing the issue to the next-level supervisor for review, and arrange a meeting if necessary. Appeals must be submitted within seven business days from the date the student/stakeholder received follow up from the initial employee. The next-level supervisor will respond to the student/stakeholder within 15 business days from the date of the appeal submission.

• If the results of the appeal are unsatisfactory, the student/stakeholder may appeal to the vice president of the area/department in question within 7 business days from the date of the previous response. To appeal, please submit a written statement describing the issue and arrange to meet with the vice president if necessary. The vice president will respond to the student/stakeholder within 15 business days from the date of the appeal submission. The decision of the vice president will be considered final.

DRUG AND ALCOHOL USE POLICY

The College has adopted a policy related to use of controlled or illegal substances on campus in accordance with the Drug-Free Workplace Act of 1988. The McHenry County Board of Trustees has adopted a policy regulating the possession and use of alcoholic beverages and drugs on the campus. Employees and students found to be in violation of such policies may have disciplinary procedures imposed in addition to prosecution under state and federal laws.
Transfer programs are designed for students who plan to complete a baccalaureate degree at a four-year college or university. The courses required for these programs parallel those normally taken during the freshman and sophomore years of the baccalaureate program. MCC transfer programs include:

- **GECC Credential**
  The Illinois Articulation Initiative (IAI) is a statewide agreement among more than 100 Illinois colleges and universities. The IAI includes an agreed upon Illinois General Education Core Curriculum (GECC), which is a package of general education courses accepted at all IAI participating schools. Completion of the GECC credential assures transferring students that lower-division, campus-wide general education requirements will be satisfied at any participating institution. It is important to keep in mind that an IAI transfer institution may require an institution-wide and/or mission-related graduation requirement beyond the scope of the GECC and that baccalaureate majors often require specific general education courses. Therefore, it is strongly recommended that students work closely with an Academic Advisor when selecting courses.

  The GECC is a transfer-related credential. It can be completed on its own or along with a transfer associate degree and is required coursework in the Associate in Arts degree. The GECC is not a workforce certificate or industry-recognized credential that prepares students for employment or certification in a specific occupational field. Completion of the GECC credential is recorded on the student’s transcript.

- **Associate in Arts (AA)**
  The Associate in Arts degree is designed to parallel the first two years of a baccalaureate degree program. Students complete freshman and sophomore level courses for baccalaureate majors in many areas such as the arts, humanities, social sciences, behavioral sciences, mathematics and related professional fields. Completion of the AA degree fulfills requirements of the Illinois General Education Core Curriculum (GECC).

  Students also may complete an AA degree through distance learning options.

- **Associate in Science (AS)**
  The Associate in Science degree is designed to parallel the first two years of a science-related baccalaureate program. Students complete freshman and sophomore level courses for majors in areas such as biology, chemistry, physics and related professional fields. Science-related baccalaureate programs are highly structured and require extensive sequential mathematics and science courses at the lower division.

  In order to take courses in a similar pattern to those at a university, some general education courses are postponed to the junior and senior years. Therefore, while the general education courses required for the AS degree are approved by the IAI, the AS degree does not fulfill the minimum requirements of the GECC. After transfer, students either complete the general education requirements of the transfer institution or are given the opportunity to complete the GECC.

  **NOTE:** On September 18, 2015, the Illinois Community College Board approved changes to the AS degree model, effective for the 2016-2017 academic year. The approved changes reduce the number of required credits in general education areas of humanities, fine arts, and social and behavioral sciences and requires additional credits in sciences and mathematics. The AS degree no longer includes the entire GECC package. The new model is intended to better serve students who plan to major in sciences and to provide them with the opportunity to earn an associate’s degree.

- **Associate in Engineering Science (AES)**
  The Associate in Engineering Science (AES) degree is designed to parallel the first two years of a pre-engineering baccalaureate program. Baccalaureate engineering programs are highly structured and require extensive, sequential mathematics and science courses at the lower division. In order to take courses in a similar pattern to those at a university, some general education courses are postponed to the junior and senior years. Therefore, while the general education courses required for the AES degree are approved by the IAI, the AES degree does not fulfill the minimum requirements of the GECC. After transfer, students either complete the general education requirements of the transfer institution or may be given the opportunity to complete the GECC. It is important to work with an Academic Advisor as soon as possible to discuss engineering field options and course selection.

- **Associate in Fine Arts (AFA) – Art or Music Option**
  The Associate in Fine Arts (AFA) degree is designed to parallel the first two years of a Bachelor of Fine Arts degree with an emphasis on art or music. Baccalaureate degree programs in the fine/performing arts are highly structured and require many sequential courses in the major field at the lower division. In order to take courses similar to those at a university, some general education courses are postponed to the junior and senior years. Therefore, while the general education courses required for the AFA degree are approved by the IAI, the AFA degree does not fulfill the minimum...
requirements of the GECC. After transfer, students either complete the general education requirements of the transfer institution or may be given the opportunity to complete the GECC. It is important to work with an Academic Advisor and the transfer school as soon as possible. The AFA degree may not be suitable for certain art and music majors.

TRANSFERABILITY OF MCC COURSES AND PROGRAMS

MCC offers a wide variety of courses designed to provide the equivalent of freshman and sophomore years of education for students seeking to transfer to four-year colleges and universities in Illinois and across the country. MCC maintains strong relationships with in-state and many out-of-state baccalaureate-granting institutions and actively participates in innovative state initiatives meant to ease the transition for transfer students.

Illinois Articulation Initiative (IAI)

MCC is a participant in the Illinois Articulation Initiative (IAI). This statewide agreement among more than 100 Illinois colleges and universities is sponsored by the Illinois Community College Board and the Illinois Board of Higher Education. It is in effect for students entering an associate’s or a bachelor’s degree-granting institution as first-time freshmen in summer 1998 and thereafter.

The initiative includes an agreed-upon Illinois General Education Core Curriculum (GECC), a package of general education courses accepted at all participating schools. Completion of the GECC assures transferring students that lower-division, campus-wide general education requirements for a bachelor’s degree will be satisfied at any participating institution. A receiving institution may require an institution-wide and/or mission-related graduation requirement beyond the scope of the general education core. The IAI also includes recommendations for appropriate lower-division coursework in specific baccalaureate majors. The Illinois Baccalaureate Majors’ Recommendations describe courses typically taken by freshmen and sophomores for a specific major. These course recommendations are meant for students who are undecided about a transfer school. Courses should be selected in consultation with an Academic Advisor.

The GECC credential is a transfer-related credential. It can be completed on its own or along with a transfer associate degree and is required coursework in the Associate in Arts degree. It consists of at least 12 courses (37-41 semester credits) chosen from five different categories. No more than two courses from any one discipline can be used to fulfill the requirements.

For specific MCC courses that fulfill GECC requirements, refer to GECC credential course requirements in this catalog. Following are IAI GECC requirements:

Communications
3 courses (9 semester credits)
Must include a two-course sequence in writing completed with grades of C or higher (6 semester credits) and one course in oral communications (3 semester credits) – a C being at least two quality points on a four-point scale

Mathematics
1 or 2 courses (3-6 semester credits)

Physical and Life Sciences
2 courses (7-8 semester credits)
Must include one course from the physical sciences and one course from the life sciences; at least one must include a lab

Humanities and Fine Arts
3 courses (9 semester credits)
Must include at least one course from the humanities and at least one course from the fine arts

Social and Behavioral Sciences
3 courses (9 semester credits)
Must include courses from at least two different disciplines

For more information about the IAI and the benefits of transferring with the IAI core met, check with an Academic Advisor and visit the IAI website www.iTransfer.org.

MCC’s Participation in the Illinois Articulation Initiative (IAI)

The IAI agreement has been in effect for students entering an associate’s or baccalaureate degree-granting institution as first-time freshmen since summer 1998. As an IAI participant, MCC will observe the following procedures concerning implementation of the GECC:

- The GECC is a transfer-related credential. It can be completed on its own or along with a transfer associate degree and is required coursework in the Associate in Arts degree. Certification of GECC completion will be noted on the official transcript.
- MCC will recognize courses on the approved list of IAI courses taken at any participating college or university and apply the credit toward fulfilling GECC requirements at MCC.
- MCC may recognize courses taken at non-IAI participating accredited colleges and universities, at MCC prior to summer of 1998, and through Advanced Placement and CLEP. These courses will be evaluated through the Office of Credentials Evaluation and may satisfy GECC requirements at MCC. For students planning to transfer, the transfer school will follow their established credit policies and may wish to re-evaluate this coursework.
• Courses with D grades or higher are accepted for the core curriculum requirements, but students must have a minimum cumulative 2.0 GPA in order to be certified as having completed the GECC. Exceptions: The Communications component of the GECC requires a minimum grade of C in both writing courses.

• Students must complete a minimum of 37 semester credits to satisfy GECC requirements. For IAI credits transferring to MCC, MCC will recognize minimum hours required per IAI category. If a student satisfactorily completes the objectives of the Communications writing sequence with only one course, earning 3 or 4 credit hours, the student must complete a 200 level IAI literature course to satisfy the remaining Communications requirement.

Transferology
Transferology is a web-based transfer information tool designed to help students answer the question “Will my courses transfer?” It allows students to see how their MCC courses transfer and apply at participating Transferology institutions and how courses transfer to MCC from other institutions. For more information, check with an Academic Advisor and visit the website www.iTransfer.org.

Transfer Compact Agreement
MCC participates in the Compact Agreement with most public universities in Illinois. The agreement states: “...a transfer student in good standing, who has completed an associate degree based on baccalaureate-oriented sequences to be transferred from a Junior-Community College in Illinois be considered (a) to have attained junior standing and (b) to have met lower division general education requirements of senior institutions.” The agreement assures that the AA degree is accepted as meeting all lower-division general education requirements, and junior standing is granted upon transfer. Students may have to meet institution-wide, mission-related or particular major general education requirements after transfer. Contact an Academic Advisor for more information. The following Illinois public universities honor the agreement:

• Chicago State University
• Eastern Illinois University

Transfer Guides by Major and Course Articulation
To facilitate smooth transfer, MCC monitors and maintains general and major-specific transfer guides with many colleges and universities. The guides include articulated courses, which are courses that have been reviewed by the partnering four-year institution and clearly defined as to how they will transfer. Numerous four-year institutions maintain course equivalency tables showing articulation between their courses and MCC’s courses. Transfer guides and equivalency tables can be accessed through MCC’s transfer website: www.mchenry.edu/transfer.

Partnerships with other Colleges and Universities
In addition to transfer guides and articulated courses, MCC has partnerships with four-year institutions that provide benefits for MCC students such as guaranteed admission agreements, scholarship opportunities, program articulation agreements, and reverse transfer agreements.

For information detailing partnership agreements, check with an Academic Advisor and visit MCC’s transfer website: www.mchenry.edu/transfer.

Reverse Transfer
Reverse transfer allows a former Illinois community college student who completed at least 15 credit hours of coursework at the community college and is now attending an Illinois state university to apply for an associate degree using requisite courses earned at the university. Through reverse transfer, the student has the potential to ‘transfer back’ university courses that count toward an associate degree and earn that associate degree even while they are in progress to completing the baccalaureate degree.

A Student may request a reverse transfer of credit from the state university to the community college previously attended by selecting the opt-in at enrollment or at any time thereafter while enrolled at the state university.

In the event that the student has earned credit hours at more than one Illinois community college or Illinois state university, the student shall:

1. Identify the community colleges and state universities at which any credit hours have been earned; and

2. Authorize release of his or her transcript information from the community colleges and state universities to the community college identified for the purpose of earning an associate degree through a reverse transfer of credit.

Contact an Academic Advisor for more information (815) 479-7565.
