Falls from height are among the most common causes of serious work-related injuries and deaths. As a result, it is OSHA’s number-one issued citation! Educating workers is not only a regulatory requirement, but a critical element in improving workplace safety. This course discusses both general industry and construction regulations and the required written programs. An effective fall protection program involves ensuring your employees are adequately trained to identify and control fall hazards in the workplace. Course topics include regulatory requirements; terminology and definitions; the basics of fall prevention, fall restraint, fall arrest, and the difference between each system; anchor points; body-wear PPE; and connections.

CANCELATION POLICY
If an offering is canceled by McHenry County College, registrants will be notified by phone and/or email and tuition will be fully refunded. A course registration canceled by participant or company one business day in advance is subject to a full refund or the tuition can be applied to enrollment in another currently scheduled class. Failure by a participant or company to cancel a registration one business day in advance of the date of the offering will necessitate full payment of tuition and fees.

INCLEMENT WEATHER
Please be aware that inclement weather could cause McHenry County College facilities to close. You may call our main campus number at (815) 455-3700, check our website at www.mchenry.edu, or listen to local news stations for closings.

SMOKING
The Shah Center is a smoke-free environment in compliance with MCC’s tobacco-free policy. No smoking is allowed in the building or on the property.
