**THE BASICS OF BOOKKEEPING**

How do you keep track of the day-to-day financial transactions of a business? Whether you are looking to advance in your career, or you’re an entrepreneur, (or maybe you are a part of a family business), this course will help you if you are looking to understand the numbers. The Basics of Bookkeeping course will help you understand, and know how to record, every penny that comes into your business and every penny that goes out of your business. This course shows you how to create a chart of accounts that will meet your needs. All of the money you spend and all of the money you earn have a place to go. How do you record them? What are debits and credits? What do the numbers mean? How do you label accounts? Even if you outsource your bookkeeping needs, you should still have a basic understanding of what happens with the money earned and the money spent. No one should be blind to his or her finances! In this course you will learn where the numbers go and why! You will learn bookkeeping terminology, as well as what it means to keep track of the numbers. At the end of the cycle, what do the numbers mean? The Basics of Bookkeeping will show you how to keep track of the numbers and why!

FINANCIAL ANALYSIS AND PLANNING FOR NON-FINANCIAL MANAGERS
With the demands of daily operations, non-financial managers may put financial reports on the shelf. But take a look at some of the most admired companies like Apple, Google, and Berkshire Hathaway. Sure, they are evaluated by their products, innovation, and culture but they wouldn’t be in the limelight without profits. Money matters! This course will help you build on your understanding of financial concepts and help you establish your role in the financial success of your organization. Designed for non-financial managers, business owners, entrepreneurs, and other decision-makers, this advanced course will take the mystery out of money matters. Throughout this course, financial information that drives your organization, as seen on the business’s reports, will be assessed and analyzed to understand it. An understanding of this information will help you make smart decisions when it comes to budgeting, setting goals, and assessing performance within your own area of influence.
