Welcome to the 14th Edition of the McHenry County Green Guide!

At the time of printing many of the businesses and organizations listed in this guide were operating with reduced availability due to the COVID-19 pandemic. Please call or check their websites before visiting any of these entities to confirm their availability.

Welcome to the 2020 McHenry County Green Guide Recycling Directory. This information is collected and researched for accuracy by the staff of the Sustainability Center at McHenry County College. Please understand that businesses change names, phone numbers, pricing, and policies. We do our best to collect the most accurate information possible, but we encourage you to confirm with the businesses directly.

Highlights for the 2020 Edition:
- Guest article on recycling contamination from Kelli Boeckmann, Solid Waste Manager for the McHenry County Department of Health
- Article on a variety of apps you can use to donate or resell your items
- County wide residential electronic collection events information
- New information on curbside food scrap organics collection options
- All new bubbles of information and recycling statistics from IL Environmental Protection Agency

Looking for events? Many events have been cancelled or rescheduled. Please visit the websites of the Defenders, Land Conservancy, and McHenry County Conservation District for a list of upcoming events. See their ads on page 8.

Parting thought—let’s end “wish-cycling.” Please take the time to look at the back page of this guide and understand what can be recycled and what cannot. We all “wish” certain things could be recycled, but right now many items cannot, and they are taking a toll on the recycling industry. If you are unsure about a certain item, leave it out of the curbside bin and call the MCC Sustainability Center at (815) 479-7765.
RECYCLING CONTAMINATION AND TANGLERS

It is estimated that up to 25% of the items that go into our curbside recycling bins are not actually recyclable. This is called “recycling contamination.”

By adhering to the following guidelines, you can protect McHenry County’s recycling options.

Metal, glass, paper, cardboard and plastic bottles, tubs, jugs, and jars are really the only things that belong in your curbside recycling bin. Other items can often be recycled at a separate facility—just not via curbside recycling.

Here are a few ways that recyclables become contaminated:

1. The most obvious contamination occurs when people put items in the recycling bin that are actually trash. Food debris and liquids can also cause contamination. Recyclables should be clean and dry, with no food residue (i.e. greasy pizza boxes) and no liquids inside. If food or liquid contaminates paper/cardboard, they are no longer viable and typically end up in the landfill.

2. Plastic bags pose two problems. Workers at the recycling center or Material Recovery Facility (MRF) do not know if the bag contains recyclables, garbage, or something else. Some recycling facilities will just pick out any bagged items and send them to the landfill. Plastic bags can also become entangled in the machinery that sorts recyclables, causing the facility to shut down as they remove the bags. All recyclables, clean and dry, should go directly into the recycling tote—not a plastic bag. Plastic bags should be brought back to the store or other recycling facility that accepts plastic film for recycling.

3. Tanglers are another problem for MRFs. Tanglers include hangers, hoses, bags, wires, Christmas lights, etc. These items get tangled around the recycling machinery. Keep all of these types of items out of your curbside recycling bin. There are other ways to recycle some of these items; some of them might just need to go in the trash.

4. The most dangerous type of recycling contamination is medical waste. Most MRFs still have staff hand-sorting recyclables at some point on the line. If there are needles or other sharps in the recycling, it could result in an accidental needle stick, causing physical injury to the workers. Sharps can be difficult to recycle, but Waste Management offers a mail-back program, and some local police departments and pharmacies provide drop boxes at their facilities. If proper recycling is unavailable, residents should place sharps in a durable container like a metal coffee can, tape the lid, write “DO NOT RECYCLE” on the container, and place it in the household trash.

Questions regarding alternatives for items that cannot go in the curbside recycling container should be directed to the McHenry County Solid Waste Manager at the McHenry County Department of Health.

CURBSIDE FOOD SCRAP COMPOSTING AVAILABLE IN SELECT AREAS OF MCHENRY COUNTY

Did you know that Prairieland Disposal Company offer year round food scrap composting pick curbside pickup for its customers? Organics are processed at Midwest Organics (www.compostmatters.com) in McHenry. It is then sold under the brand name Organamix.

What can be curbside composted?
- Fruits, vegetables, kitchen scraps, breads, grains, meats (including bones!), dairy, plants, greens, and pet waste.
- No grease, liquids, oil, metal, or cardboard. No plastic!
- Make sure to use a paper or biodegradable bag if needed for collection.
- For more information visit www.prairielanddisposal.com

By composting, you are recycling instead of contributing to solid waste landfills. Compost improves soil quality, enabling it to better retain air, nutrients and moisture and resulting in healthier, thriving plants.
Looking for a way to reuse an item? There are many donation options, some of which can be found in our A to Z Guide (update coming soon!) on www.mchenry.edu/green. If you are interested in reselling your item(s), we’ve compiled a list of popular apps and websites to help you do so.

McHenry County College does not endorse any of the below. Please use with caution and at your own discretion. Fees and commission rates are subject to change.

**GENERAL RESALE SITES/APPS**

- **Facebook Marketplace**—the most popular outlet for reselling almost anything.
- **Instagram** (website and app)—Instagram also functions as a local online marketplace, similar to Facebook.
- **Amazon** (website and app)—General item sale and resale website. Item sale fee is $0.99 per item.
- **Mercari** (website and app)—General resale site. The selling fee is 10% of the listing price and the site boasts quick listing and sale.
- **Letgo** (website and app)—General resale site. Free to sell and no commissions. “Bump” your item higher for a small fee.
- **Gone** (app)—Resale site for anything, including electronics. List your item(s) and Gone will send you mailing materials so you can ship your items to buyers. You are paid when the item(s) sell. Fees range from 7–20%.
- **Newegg** (website and app)—Leading tech reseller. Commission rates are between 8% and 15%.
- **Chairish** (website and app)—resale site for high end furniture and décor. Regular sellers have a 30% fee on items sold and trusted repeat sellers only have a 20% fee.
- **The RealReal** (website and app)—Luxury resale site. The site sends the seller packaging and shipping label. If there are 10 or more items and you live in a qualifying area, the site will send someone to pick up and mail the items for you.
- **Bookoo** (website and app)—A “community yard sale” platform. Buy and sell items locally through a ‘classifieds’ system that allows you to meet the seller first to mitigate the chance of placing the buyer in dangerous situations.
- **Carousell** (website and app)—A site that allows you to sell anything “from cars to clothing.” Listings can also be posted on social media and can be listed in 30 secs. There are no fees for buyers or sellers.
- **VarageSale** (website and app)—Trading/selling site for anything you would sell at a garage sale. For local communities. Emphasizes safety, so names and profile pictures must be verified. No fees.

- **Recycler** (website and app)—A classifieds site for a more specific range of offers including selling cars, pets, or house/apartment rentals. Loyal buyer/seller base adds trust in communities.
- **5Miles** (website and app)—Site for selling items and services that allows users to search within 5 miles of their location. You can list jobs and items, with an online skills section for selling skills and services. Fees range from $2–5 a month after first five free listings.

**ART**

- **Etsy** (website and app)—Art and vintage resale website. Listing fee is $0.20 per item and the sales commission fee is 3.5%.

**CLOTHING RESALE SITES/APPS**

- **Poshmark** (app and website)—Clothing resale app for women’s clothing and accessories (especially designer items). Poshmark has a 20% commission on items over $15 and a flat $2.95 commission on items under $15.
- **Depop** (app and website)—Clothing resale app. Both accept wide varieties of clothing with everything being done in-app. Depop has a 10% commission fee.
- **Vinted** (website and app)—Site for buying, selling and swapping clothing. Buyers pay a service fee of 3–8% of the item’s price. When swapping, no fee is applied.

**AUCTION WEBSITES**

- **eBay** (website and app)—General item resale and auction website. Ebay charges 9% per item sold.
- **OfferUp** (website and app)—Essentially a local version of eBay. Bidding system based on proximity to seller. Payment fee is 7.9% per transaction. Caution is recommended, as there is no vetting process.

Single Day Residential Electronic Recycling Events

Open to all McHenry County residents.

**Fees are:** $25 for up to 21”, $35 for 21” and larger, $15 for LCD any size.

**July 25 | 9 a.m.–Noon**  
Milky Way Park, Lawrence Road, Harvard

**August 29 | 9 a.m.–Noon**  
McHenry County Administration Building, 667 Ware Road, Woodstock

**September 19 | 9 a.m.–Noon**  
Grafton Township, 10109 Vine St, Huntley

**October 3 | 9 a.m.–Noon**  
McHenry County College, 8900 US Highway 14, Crystal Lake

Note: Document destruction will be available at all four events. For more information on this please see the county website—www.mcdh.info or call (815) 334-4585.

Electronic Devices that can be recycled at these Drop-Off Sites:
- Televisions & Computer Monitors (Fees Apply)
- Computers & Small Scale Servers
- Printers, FAX Machines and Scanners
- DVD Players, DVD Recorders and VCR’s
- Video Game Consoles
- Digital Converter Boxes, Cable and Satellite Receivers
- Electronic Keyboards, Electronic Mice and Portable Digital Music Players

Limit of 7 electronic devices per visit.

Environmental Defenders will collect:
- Fluorescent tubes and bulbs
- Textiles and clothing
- Clean Styrofoam

Hosted by McHenry County Department of Health
www.mcdh.info, (815) 334-4585

---

Food Waste (ILEPA)
- 3.1 million tons generated annually
- Produces 7.2 million tons of carbon dioxide annually
- Approximately 2 million Illinois residents are food insecure

Plastics (ILEPA)
- 2.9 million tons generated annually
- At least 500 years for decomposition
- 500,000 cubic yards of carbon dioxide generated

(815) 363-2024. By appointment only.

Check with your hauler for specialized collection dates! E-waste collection dates for Prairieland customers: September 14–18 (Crystal Lake), September 21–25 (McHenry)
There are four permanent locations in northern Illinois that are open to Illinois residents at no additional cost. If you have residential household hazardous waste to transport, please consider the following safer transport guidelines:

- Keep HHW in their original containers. Do not mix any substances together.
- Transport the waste in a clean, dry plastic container or plastic lined cardboard box and place in the trunk of your vehicle.

### Permanent HHW Collection Sites (Residential use only):

**Rock River Reclamation District**
3333 Kishwaukee St, Rockford, IL 61109  
(779) 348-7300 | (815) 387-7400  
www.rrwrd.dst.il.us/?page_id=2442  
Call for fees and accepted items.  
Saturday: 8 a.m.–4 p.m., Sunday: Noon–4 p.m.

**Chicago Department of Public Health—Goose Island Facility**
1150 N North Branch St, Chicago, IL 60642  
(312) 744-3060 | www.cityofchicago.org/hccrf

**Naperville Public Works**
180 Fort Hill Dr, Naperville, IL 60540  
(630) 420-6095 | www.naperville.il.us/hhw

**Solid Waste Agency of Lake County**
1180 Half Day Rd, Highland Park, IL 60035  
(847) 336-9340 | www.swalco.org

### Accepted HHW Items:
- Acids
- Adhesives
- Antifreeze
- Automotive fluids (brake, transmission fluids)
- Batteries (household & automotive)
- Cleaning Solvents, Degreasers
- Fertilizers
- Flammable liquids
- Florescent Tubes & Ballasts
- Fungicides, Herbicides, Insecticides, Pesticides
- Gasoline—in properly marked containers
- Insulin disposal (no needles or sharps)
- Mercury, Thermometers (mercury), Thermostats (mercury)
- Ni-Cad Batteries (Nickle-Cadmium, rechargeable)
- Paint (oil-based only, no Latex paint)
- Paint Strippers/Paint Thinner
- Pool Chemicals
- Oil, automotive
- Tires (auto only—maximum 4 per vehicle per day)
- Varnish, Wood Stain, similar products

### Unacceptable Items:
- Business, commercial or institutional wastes
- Agricultural chemicals
- Alkaline batteries (see battery section)
- DEA controlled substances (DEA site or call (312) 353-7875
- Explosives and ammunition
- Fire extinguishers
- Fireworks
- Household electronics (see electronics section)
- Latex paint (See Paint section in Green Guide)
- Lead acid batteries
- Propane tanks
- Medical wastes, sharps/needles
- Smoke and carbon monoxide detectors
- Tires (see page 12)

### DID YOU KNOW?
Many haulers will take one bulk item per week as part of your waste hauler contract. Bulk items can be mattresses, furniture, lawn mower, grill, etc. Please check with your hauler directly to check their procedure.
Document destruction will be available at all county recycling events, see page 4 for details. For more information on this please see the county website—www.mcdh.info or call (815) 334-4585. See page 4 or visit www.mcdh.info for more information on dates and locations.

Abraham’s On-Site Shredding  
(262) 877-8878  
Minimum charge of $105, covers up to 500 lbs.

Accurate Document Destruction  
2500 Landmeier Rd., Elk Grove Village, IL 60007  
(800) 407-4733  
Call for quote.

Alan Joseph Co., Inc.  
101 E Maple Ave., Mundelein, IL 60060  
(847) 949-0700  
Minimum charge of $10, covers up to 10 lbs.

AMS Store and Shred, LLC  
13 Prosper Ct., Lake in the Hills, IL 60156  
(800) 262-2344  
Fee by volume.

(815) 385-3660  
Latex paint ONLY accepted. No oil-based paint.  
Call for quote.

**Zeigler’s Ace Hardware**  
- Crystal Lake (815) 455-2510  
- Cary (847) 516-0600  
- Huntley (847) 669-5222  
- Lake in the Hills (847) 658-1783  
Latex paint ONLY accepted. No-oil based paint.  
Call for quote.

**Rock River Reclamation District**  
3333 Kishwaukee St, Rockford, IL 61109  
(815) 387-7400  
Saturday: 8 a.m.–4 p.m., Sunday: Noon–4 p.m.  
Oil based paint ONLY. Call for accepted paints.

**Solid Waste Agency of Lake County**  
1180 Half Day Rd, Highland Park, IL 60035  
(847) 336-9340  
Call for accepted paints.

**Alternative Options for Disposing of Latex Paint**  
Latex paint is a low toxic, water-based product. Once it is dried solid, simply knock out the solid clump into your regular garbage. The steel or plastic paint container with a small amount of dry residue can be recycled in your curbside collection.

High-quality, sustainably produced recycled paint from EarthPaint.org is now available at Habitat for Humanity ReStores in McHenry and Woodstock. The McHenry store is located at 903 Front St., and the Woodstock location can be found at 133 S. Eastwood Dr. Checkout Earthpaint.org for more on why this is a sustainable choice!
Many businesses have fees associated with recycling bulbs. Please call or check websites for the most accurate information pricing.

DID YOU KNOW?
EarthShare Illinois is a nonprofit Environmental organization that represents 33 environmental groups in work places. They provide programs to workers on a variety of topics and allow them to support environmental causes.

STOP DROP RECYCLE

Take care of this planet.
It’s not returnable.

Styrofoam does not decompose - say no to Styrofoam!

If you have some, please take it to one of the above locations, where it is collected and recycled into other items such as picture frames! (must be without food residue)

Chicago Logistic Service and The Defenders have worked hard with Woodstock and Algonquin to provide the drop off locations above. Volunteers from the Defenders pick up the Styrofoam at no cost to the consumer or municipality. Contact CLS at (847)429-2018 or The Defenders at (815) 338-0393
Large appliances are banned from landfills in Illinois. Many stores will pick up your old appliance for recycling when they deliver the new one. For refrigerators, freezers and other freon-bearing appliances, proof of proper Freon removal may be required prior to recycling. Fees may apply—check with waste hauler.

Elgin Recycling—Crystal Lake, Elgin, Gilberts, Arlington Heights
(815) 455-7700 | www.elginrecycling.com
Proof of Freon removal required.
$15 for <21” | $25 for ≥21” (cash only)

ComEd (must be customer)
(855) 433-2700
Get paid $50 per fridge. Get paid an additional $10 per working AC or humidifier.

Prairieland Disposal & Recycling—Lake Barrington, Holiday Hills
(847) 381-9300 | www.prairielanddisposal.com
Fee for Freon removal.
$15 for <21” | $25 for ≥21” (cash only)
$5 for 0-50lbs | $85 for >50lbs (cash only)

Behr Iron & Metal—Woodstock
(815) 206-5511 | www.jbehr.com
Proof of Freon removal required.

Habitat for Humanity—Elgin ReStore
(847) 742-9905 | www.habitatnfv.org/restore/
Will pick up appliances less than 10 years old in working order for resale.

Habitat for Humanity—Lake County ReStore
(847) 249-3160 | restore.habitatlc.org
Will pick up appliances less than 10 years old in working order for resale

Habitat for Humanity—Woodstock ReStore
(815) 334-0500 | www.habitatmchenry.org
Will pick up appliances less than 10 years old in working order for resale

BestBuy
• (815) 459-7874—Crystal Lake
• (847) 458-5768—Algonquin
Only with purchase of new appliance; delivery and pickup provided.

1-800-GOT-JUNK?
(800) 468-5865 | www.1800gotjunk.com
Pick-up service for a fee.

DID YOU KNOW?
Illinois citizens produce more than 14 million used tires annually. That’s more than one used tire per person every year! These discarded tires, if improperly managed, serve as habitats for disease-carrying vectors, particularly mosquitoes. Whole tires have been banned from landfills. See page 12, watch for tire collection events and/or reach out to your municipality for events and collection sites.

RECYCLE TODAY FOR A BETTER TOMORROW.

DID YOU KNOW?
If your aerosol can has something non-hazardous in it (like oil or room spray), empty it out completely and place in your curbside recycling bin.

TOP ON OR TOP OFF?
Leave the top ON bottles, milk jugs, cartons, etc.

14 | MCC SUSTAINABILITY CENTER | WWW.MCHENRY.EDU/GREEN | (815) 479-7765
