MCC International Student Affidavit of Financial Support

International students applying for admission to McHenry County College must provide proof of financial capability and must guarantee full financial responsibility to support their attendance throughout the duration of their enrollment. Students may provide proof of financial capability by documenting personal financial holdings or by sponsorship. If proving financial capability by sponsorship, the student's sponsors must provide proof of financial capability and must guarantee full financial responsibility to support the student's attendance throughout the duration of their enrollment. *Failure to fulfill financial obligations may result in loss of the student's F-1 visa status.*

2025-2026 International Cost of Attendance

U.S. federal immigration regulations require that international applicants provide proof of financial resources available to live and study in the U.S. on a full-time basis (12 or more credit hours per semester) for at least one full academic year (fall and spring semesters/9 months).

International students or sponsors are required to have financial resources available to support all expenses the student may incur throughout the duration of their enrollment at MCC. *Failure to fulfill tuition obligations may result in loss of the student's F-1 visa status.*

Students holding F-1 student visa status are allowed to work a maximum of 20 hours per week on campus during fall/spring semesters. Off campus employment may be requested after one academic year if the student is maintaining lawful F-1 visa status and is in good academic standing. Any off-campus employment requires prior authorization and must be directly related to the student's field of study indicated on the student's Form I-20. *The student should not view employment as a significant source of financial support while attending MCC.*

The international tuition rate for 2025-2026 is $514.26 per credit hour.
