

McHenry County College PTA Program

CEC Mid-Term Visit

Clinical Experience:

Student:

Clinical Instructor:

Site:

What are the student's strengths?

What are the student's weaknesses?

Was the student adequately prepared for this clinical experience? If no, what additional course material would you recommend?

How would you describe the student's critical thinking skills?

How would you describe the student's professionalism?

How is the student doing with documentation?

What types of patient population is the student actively participating in the treatment of?

How much of a full case load is the student able to manage?

Given what you have seen of the student so far, would you consider hiring this person or be happy to have them as a co-worker?
