

Baccalaureate and Graduate Programs for the Adult Learner

Colleges and universities listed below offer a variety of degree completion opportunities designed specifically to provide returning adult learners with an opportunity to pursue a college education according to individualized needs, goals, and time schedules. Some of the learning formats may include convenient course scheduling, online coursework, and accelerated degree programs. Some programs may grant credit through proficiency exams and prior experience. For baccalaureate programs, students may take 60-90 credit hours at McHenry County College, depending on the transfer school. In addition, transfer guides for a number of these programs can be found on MCC's Advising and Transfer Center website.

A summary of programs offered at each of the following institutions is included in this packet.

Information is subject to change, and such changes take precedence over the information in this packet. Please work with an MCC academic advisor for guidance and additional information.
