Transfer guides are produced as a service to MCC students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with an MCC advisor and the four-year transfer school. Responsibility for complying with all applicable requirements ultimately rests with the student.

Saint Anthony College of Nursing provides the RN with an opportunity to take accelerated, hybrid courses in a mix of online and classroom format to pursue a baccalaureate degree in as little as 21 months. The BS in Nursing degree program is accredited by the Commission on Collegiate Nursing Education (CCNE) and Higher Learning Commission (HLC).
